Re: Docket No. 060635-EU

Dear Ms. Bayo,

Pleased find enclosed for filing in the above-referenced docket the original and fifteen (15) copies of Exhibit DD-7, to the direct pre-filed testimony of Dian Deevey on behalf of John Carl Whitton, Jr., which was inadvertently omitted in the original filing.

Please acknowledge the filing of this testimony by date stamping the enclosed copy of this letter and returning it to the individual who has hand delivered it.

Thank you for your assistance.

Sincerely,

Brett M. Paben
Staff Attorney

H.R.6

Energy Policy Act of 2005 (Engrossed Amendment as Agreed to by Senate)

SEC. 1612. SENSE OF THE SENATE ON CLIMATE CHANGE.

(a) *FINDINGS- Congress finds that—*

(1) *greenhouse gases accumulating in the atmosphere are causing average temperatures to rise at a rate outside the range of natural variability and are posing a substantial risk of rising sea-levels, altered patterns of atmospheric and oceanic circulation, and increased frequency and severity of floods and droughts;*

(2) *there is a growing scientific consensus that human activity is a substantial cause of greenhouse gas accumulation in the atmosphere; and*

(3) *mandatory steps will be required to slow or stop the growth of greenhouse gas emissions into the atmosphere.*

(b) *SENSE OF THE SENATE- It is the sense of the Senate that Congress should enact a comprehensive and effective national program of mandatory, market-based limits and incentives on emissions of greenhouse gases that slow, stop, and reverse the growth of such emissions at a rate and in a manner that—*

(1) *will not significantly harm the United States economy; and*

(2) *will encourage comparable action by other nations that are major trading partners and key contributors to global emissions.*
