PREFACE

This Agreement ("Agreement") shall be deemed effective upon approval by the Commission (the "Effective Date"), between Northeast Florida Telephone Company, Inc. ("NEFCOM"), a corporation organized under the laws of the State of Florida, with offices at 130 North Fourth Street, Macclenny, Florida, 32063, and Comcast Phone of Florida, LLC ("Comcast"), a limited liability company organized under the laws of the State of Delaware with offices at 1500 Market Street, Philadelphia, Pennsylvania, 19102. NEFCOM and Comcast may be referred to hereinafter, each, individually as a "Party," and, collectively, as the "Parties".

WHEREAS, the Parties wish to establish interconnection arrangements for the purpose of transmission and termination of Local Traffic.

Now, therefore, in consideration of the terms and conditions contained herein, NEFCOM and Comcast hereby mutually agree as follows:

GENERAL TERMS AND CONDITIONS

In consideration of the mutual promises contained in this Agreement, and intending to be legally bound, Comcast and NEFCOM hereby agree as follows:

1. Scope of this Agreement

1.1 This Agreement includes: (a) the Principal Document, ("General Terms and Conditions"), including Attachments A ("Glossary of Terms"); B ("Additional Services"); C ("Interconnection and Number Portability"); and D ("Pricing"); and Appendix A ("Designation of Interconnection Point(s), Compensation, Charges, Directory Listing Services"). This Agreement specifies the rights and obligations of each Party with respect to the establishment of Local Interconnection within the incumbent service area of NEFCOM. Certain terms used in this Agreement shall have the meanings defined in the Glossary of Terms, or as otherwise elsewhere defined throughout this Agreement. Other terms used but not defined herein will have the meanings ascribed to them in the Act, in the FCC's, and in the Commission's Rules and Regulations.

1.2 Each Party hereby incorporates by reference those provisions of its Tariffs that govern the provision of any of the services or facilities provided hereunder. The fact that a condition, right, obligation, or other term appears in this Agreement but not in any such Tariff shall not be interpreted as, or be deemed grounds for finding, a conflict for purposes of this Section. If any provision of this Agreement and an applicable Tariff cannot be reasonably construed or interpreted to avoid conflict, the provision contained in this Agreement shall prevail. If any provision contained in the General Terms and Conditions of the Agreement and any attachment or appendix hereto cannot be reasonably construed or interpreted to avoid conflict, the provision contained in the attachment or appendix shall prevail.

1.3 Except as otherwise provided herein, no term and condition of the Agreement may be waived or modified except by a written document that is signed by the Parties. Subject to the requirements of Applicable Law, a Party shall have the right to add, modify, or withdraw, its Tariff(s) at any time, without the consent of, or notice to, the other Party.

1.4 Except as otherwise expressly provided in this Agreement, a Party may purchase services from the other Party pursuant to that other Party's Tariff. In such instances, the rates, terms, and conditions of the other Party's applicable Tariff(s) shall apply.

2. Intentionally omitted.

3. Regulatory Approvals

3.1 This Agreement, and any amendment or modification hereof, will be submitted to the Commission for approval at the equal expense of the Parties within ten (10) Days after obtaining the last required Agreement signature. Comcast and NEFCOM shall use their best efforts to obtain approval of this Agreement by the Commission. In the event any governmental authority or agency rejects any provision hereof, the Parties shall negotiate promptly and in good faith such revisions as may reasonably be required to achieve approval.

4. Term and Termination

4.1 This Agreement shall be effective as of the Effective Date and, unless cancelled or terminated earlier in accordance with the terms hereof, shall continue in effect for a period of 2 years (24 months) after the Effective Date of this Agreement (the "Initial Term"). Thereafter, this Agreement shall renew automatically for successive six (6) month terms (each such term a "Renewal Term"), commencing on the expiration date of the initial term or latest Renewal Term and continue in force and effect unless and until terminated as provided in this Agreement.

4.2 Either NEFCOM or Comcast may terminate this Agreement effective upon the expiration of the Initial Term or subsequent Renewal Term by providing no less than ninety (90) days prior written notice to the other Party in advance of the expiration date of the Initial Term or latest Renewal Term.

4.3 In the event of such termination, those service arrangements made available under this Agreement and existing at the time of termination shall continue without interruption until a replacement agreement has been executed by the Parties either (a) under a new agreement voluntarily executed by the Parties; (b) under a new agreement negotiated pursuant to the provisions of the Act; or c) under any agreement that may be available according to the provisions of Section 252(l) of the Act, but, unless the Parties mutually agree otherwise or are engaged in lawful arbitration of a new agreement before the Commission, in no case will the existing service arrangements continue for longer than 180 days after the termination date.

4.4 If either NEFCOM or Comcast provides notice of termination pursuant to Section 4 and by 11:59 PM Eastern Time on the proposed date of termination neither NEFCOM nor Comcast has requested negotiation of a new interconnection agreement, (a) this Agreement will terminate, and (b) the Services being provided under this Agreement at the time of termination will be terminated in accordance with the requirements of the Commission and Applicable Law.

5. Attachments and Appendices

The following Attachments are a part of this Agreement and are hereby incorporated by reference as if fully set forth herein:

Attachment A	--	GLOSSARY OF TERMS
Attachment B	--	ADDITIONAL SERVICES
Attachment C	--	INTERCONNECTION AND NUMBER PORTABILITY
Attachment D	--	PRICING
Appendix A	--	DESIGNATION OF INTERCONNECTION POINT(S), COMPENSATION, CHARGES, DIRECTORY LISTING SERVICES

6. Applicable Law

6.1 The construction, interpretation and performance of this Agreement shall be governed by (a) the laws of the United States of America and (b) the laws of the State of Florida, including but not limited to the Act, the rules, regulations and orders of the FCC and the Commission, and any orders and decisions of a court of competent jurisdiction. All disputes relating to this Agreement shall be resolved through the application of such laws through the

process(es) described in the Dispute Resolution section of this Agreement.

6.2 Each Party shall, at all times, comply with Applicable Law in the course of performing this Agreement.

6.3 Neither Party shall be liable for any delay or failure in performance caused or required by Applicable Law, or the acts or failures to act of any governmental entity or official to the extent such acts or failures to act were not caused or solicited by either Party.

6.4 If any provision of this Agreement shall be invalid or unenforceable under Applicable Law, such invalidity or unenforceability shall not invalidate or render unenforceable any other provision of this Agreement; provided, that if the invalid or unenforceable provision is a material provision of this Agreement, or the invalidity or unenforceability materially affects the rights or obligations of a Party hereunder or the ability of a Party to perform any material provision of this Agreement, the Parties shall promptly renegotiate in good faith and amend in writing this Agreement in order to make such mutually acceptable revisions to this Agreement as may be required in order to conform the Agreement to Applicable Law.

6.5 If any final and unstayed legislative, regulatory, judicial or other governmental decision, order, determination or action, or any change in Applicable Law, materially affects any material provision of this Agreement, the rights or obligations of a Party hereunder, or the ability of a Party to perform any material provision of this Agreement, the Parties shall promptly renegotiate in good faith and amend in writing this Agreement in order to make such mutually acceptable revisions to this Agreement as may be required in order to conform the Agreement to Applicable Law.

6.6 In the event of any change in Applicable Law that requires that this Agreement be amended, either Party may, by providing written notice to the other Party, require that the affected provisions of this Agreement be renegotiated in good faith and this Agreement shall be amended accordingly to reflect any pricing, terms and conditions required by any such Amended Rules.

6.7 Notwithstanding any other provision of the Agreement, neither Party shall be obligated to offer or provide any service, facility, or interconnection arrangement to the other Party that is not required by the Act, Applicable Law, or not required by controlling regulatory requirements. To the extent that some service, facility, or interconnection arrangement provided by one Party to the other Party under this Agreement is determined not to be required by the Act, Applicable Law, or not required by controlling regulatory requirements, then the providing Party upon 90 days written notice to the other Party may discontinue the provision of such service, facility, or interconnection arrangement. To the extent the discontinued service or interconnection arrangement is available under prevailing tariffs from the Providing Party, then the Purchasing Party, may, at its option, obtain such services, facilities, or interconnection arrangements pursuant to the terms of such tariffs.

7. Assignment

7.1 Except as provided below, any assignment by either Party of any right, obligation, or duty, in whole or in part, under this Agreement or of any interest in this Agreement, without the written consent of the other Party, which shall not be unreasonably withheld, shall be void, and

the assigning Party shall remain responsible for all obligations hereunder.

7.2 Either Party may assign all of its rights, and delegate its obligations, liabilities and duties under this Agreement, either in whole or in part, to any entity that is, or that was immediately preceding such assignment, an Affiliate of that Party without consent, but with written notification made no later than thirty (30) days prior to the assignment's effective date.

7.3 The effectiveness of any assignment shall be expressly conditioned upon the assignee's written assumption of all rights, obligations, and duties of the assigning Party. Assignee's written assumption shall be made and delivered to the non-assigning Party no later than thirty (30) days prior to the assignment's effective date. Unless prior written consent is obtained, where necessary, and assignee expressly assumes all rights, obligations, and duties of the assigning Party hereunder as provided herein, the assigning Party shall remain responsible for all rights, obligations, and duties under this Agreement.

8. Assurance of Performance

8.1 When reasonable grounds for insecurity arise with respect to the ability of either Party to perform its obligations pursuant to this Agreement, the other Party may in writing demand adequate assurance of due performance.

8.1.1 Unless otherwise agreed by the Parties, the assurance of payment shall consist of a cash security deposit in U.S. dollars or an unconditional, irrevocable standby letter of credit in an amount equal to two (2) months anticipated charges (including, but not limited to, both recurring and non-recurring charges), as reasonably determined by the Party demanding assurance, for the Services to be provided by the Party demanding assurance to the other Party in connection with this Agreement.

8.2 The reasonableness of grounds for insecurity and the adequacy of any assurance offered shall be determined according to Telecommunications industry standards. Reasonable grounds for insecurity include, but are not limited to: (a) a Party has sought a voluntary receivership or bankruptcy (or had a receivership or bankruptcy proceeding initiated against it); (b) the failure of a Party to demonstrate that it is creditworthy after the execution of this Agreement, (c) the failure of a Party to timely pay a bill except such portion of a bill that is subject to a good faith, bona fide dispute for which the billed Party has complied with the requirements of Section 11 or perform a service or obligation as required by this Agreement, or (d) a Party admits its inability to pay debts as such debts become due.

8.3 Unless otherwise agreed by the Parties, after receipt of a justified demand, a Party shall have thirty (30) days to provide assurance of due performance.

8.4 To the extent that a cash deposit may be required, the Parties intend that the provision of such deposit shall constitute the grant of a security interest in the deposit pursuant to Article 9 of the Uniform Commercial Code as in effect in any relevant jurisdiction.

8.5 A cash deposit shall accrue interest at a rate equal to the six (6) month U.S. Treasury Bill rate.

8.6 To the extent that a letter of credit or cash deposit is required under this Section, the

Party holding such letter of credit or cash deposit may (but is not obligated to) draw on the letter of credit or cash deposit, as applicable, upon thirty (30) days written notice to the Party providing such letter of credit or cash deposit in order to pay any amounts that are past-due from the Party providing such assurance of performance.

8.7 If a Party draws on the letter of credit or cash deposit provided by the other Party, the Party providing such assurance of performance shall provide a replacement or supplemental letter of credit or cash deposit in order to fully replenish the required assurance of performance within fifteen (15) days thereof.

8.8 Notwithstanding anything else set forth in this Agreement, if a Party makes a request for assurance of performance in accordance with the terms of this Section, and the other Party fails to provide adequate assurance of due performance in accordance with the terms of this Section, the such failure to provide assurance of performance in accordance with the terms of this Agreement shall be considered a material breach of the Agreement, entitling the Party requesting assurance of performance to suspend its own performance under the Agreement until such time as the other Party provides such assurance of performance in accordance with this Section 8.

8.9 The fact that assurance of performance is requested by a Party hereunder shall in no way relieve the other Party from compliance with the requirements of this Agreement, nor constitute a waiver or modification of any terms of this Agreement.

9. Audits

9.1 Except as may be otherwise specifically provided in this Agreement, either Party ("Auditing Party") may audit the other Party's ("Audited Party") records for the purpose of evaluating the accuracy of the Audited Party's bills and compliance with the terms and conditions of this Agreement. The Auditing Party shall limit its audit solely to that information and records of the Audited Party that relate to the accuracy of bills and investigation of the compliance by the Audited Party with the terms and conditions of this Agreement. Such audits may be performed once in each Calendar Year; provided, however, that audits may be conducted more frequently (but no more frequently than once in each Calendar Quarter) if an immediately preceding audit found previously uncorrected net inaccuracies in billing in favor of the Auditing Party having an aggregate value of at least \$50,000 for any consecutive 12-month period.

9.2 Prior to commencing the audit, the auditors shall execute an agreement with the Audited Party in a form reasonably acceptable to the Audited Party that protects the confidentiality of the information disclosed by the Audited Party to the auditors. The audit shall take place at a time and place agreed upon by the Parties; provided, that the Auditing Party may require that the audit commence no later than sixty (60) days after the Auditing Party has given notice of the audit to the Audited Party.

9.3 Each Party shall cooperate fully in any such audit, providing reasonable access to any and all records reasonably necessary to assess the accuracy of the Audited Party's bills.

9.4 Audits shall be performed at the Auditing Party's expense, provided that there shall be no charge for reasonable access to the Audited Party's records (to assess the accuracy of the

Audited Party's bills) in the format in which such records are stored by the Audited Party. In the event the auditors discover previously uncorrected net inaccuracies in billing in favor of the Auditing Party and those previously uncorrected net inaccuracies have an aggregate value of at least \$50,000 for any consecutive 12-month period, the Audited Party shall reimburse the Auditing Party for the cost of the audit and any customary and reasonable out-of-pocket expenses required for the performance of the audit.

10. Authorization

10.1 NEFCOM represents that it is a corporation duly organized, validly existing and in good standing under the laws of the State of Florida and has full power and authority to execute and deliver this Agreement and to perform its obligations under this Agreement.

10.2 Comcast represents that it is a limited liability company duly organized, validly existing and in good standing under the laws of the State of Delaware and has full power and authority to execute and deliver this Agreement and to perform its obligations under this Agreement.

10.3 Certification.

Notwithstanding any other provision of this Agreement, Comcast shall not place any orders under this Agreement until this Agreement is in effect and Comcast has obtained such authorization as may be required by Applicable Law, and Comcast shall cease placing any orders under this Agreement in the event any such authorization required by Applicable Law lapses or is cancelled, terminated, or otherwise ceases to exist. Comcast shall provide proof of such authorization to NEFCOM upon request.

11. Billing and Payment; Disputed Amounts

11.1 Except as otherwise provided in this Agreement, each Party shall bill the other Party on a monthly basis in an itemized format. The Parties shall also exchange billing information to process claims and adjustments.

11.2 Except as otherwise provided in this Agreement, payment of amounts billed for Services provided under this Agreement, whether billed on a monthly basis or as otherwise provided in this Agreement, shall be due, in immediately available U.S. funds, within thirty (30) Calendar Days of the Purchasing Party's receipt of the invoice or forty-five (45) Calendar Days from the invoice date, whichever is sooner (the "Due Date"). If a Party does not receive a bill at least twenty (20) days prior to the Due Date, then the bill shall be considered delayed if the billed Party makes written request for an extension of the payment Due Date, which extension shall be identical in term to the number of days the bill was delayed. Such requests for a delay of the payment Due Date must be accompanied with proof of late bill receipt.

11.3 If any portion of an amount billed by a Party under this Agreement is subject to a good faith dispute between the Parties, the billed Party shall give notice to the billing Party of the amounts it disputes ("Disputed Amounts") and include in such notice the specific details and reasons for disputing each item. Notice of a dispute may be given by a Party at any time, either before or after an amount is paid, and a Party's payment of an amount shall not constitute a waiver of such Party's right to subsequently dispute its obligation to pay such amount or to seek a refund of any amount paid; provided, however, if the billed party fails to provide a notice of dispute within one hundred and eighty (180) days of the payment Due Date

for the amount in question, then the billed party shall be deemed to have waived any disputes as to those amounts. The billed Party shall pay by the Due Date all undisputed amounts. Billing disputes shall be subject to Dispute Resolution under the terms of this Agreement. If the billing dispute is resolved, in whole or in part, in favor of the billed Party, any credits and interest due to the billed Party as a result thereof shall be applied to the billed Party's account by the billing Party during the next applicable billing cycle. If the billing dispute is resolved, in whole or in part, in favor of the billing Party, the billing Party will issue an invoice for the resolved amount due the billing Party and the billed Party will, within ten (10) days of the receipt of the invoice, make immediate payment of any withheld amounts and any late payment charges and interest, where applicable, to the billing Party.

11.4 Undisputed charges due to the billing Party that are not paid by the Due Date, shall be subject to a late payment charge. The late payment charge shall be in an amount specified by the billing Party which shall not exceed a rate of one-and-one-half percent (1.5%) of the overdue amount (including any unpaid previously billed late payment charges) per month.

11.5 Although it is the intent of both Parties to submit timely statements of charges, failure by either Party to present statements to the other Party in a timely manner shall not constitute a breach or default, or a waiver of the right to payment of the incurred charges, by the billing Party under this Agreement, and, except for assertion of a provision of Applicable Law that limits the period in which a suit or other proceeding can be brought before a court or other governmental entity of appropriate jurisdiction to collect amounts due, the billed Party shall not be entitled to dispute the billing Party's statement(s) based on the billing Party's failure to submit them in a timely fashion. Notwithstanding the foregoing, neither Party is entitled to bill for services rendered more than one (1) year prior to the date of billing. This billing limitation is only with respect to any billing that is related to the subject matter of this Agreement and for traffic within the scope of this Agreement.

11.6 All usage data and invoices to be provided pursuant to this Agreement shall be sent to the following addresses:

To NEFCOM:

Townes Telecommunications Services Corporation
CABs Department
505 Plaza Circle, Suite 200
Orange Park, Florida 32073

To Comcast:

12. Confidentiality

12.1 Both Parties agree that it may be necessary to provide each other during the term of this

Agreement with certain confidential information, including, but not limited to, trade secrets, technical and business plans, technical information, proposals, specifications, drawings, procedures, customer account data, call detail records and like information (hereinafter collectively referred to as "Proprietary Information"). Proprietary Information shall remain the property of the disclosing Party. Both Parties agree that all Proprietary Information shall be in writing or other tangible form and clearly marked with a confidential, private or proprietary legend and that the Proprietary Information will be returned to the owner within a reasonable time upon request of the disclosing party. Both Parties agree that the Proprietary Information shall be utilized by the non-disclosing Party only to the extent necessary to fulfill the terms of this Agreement or upon such terms and conditions as may be agreed upon between the Parties in writing, and for no other purpose. Both Parties agree to receive such Proprietary Information and not to disclose such Proprietary Information. Both Parties agree to protect the Proprietary Information received from distribution, disclosure or dissemination to anyone except employees and duly authorized agents of the Parties with a need to know such Proprietary Information and which employees and agents agree to be bound by the terms of this Section. Both Parties will use the same standard of care, which in no event shall be less than a reasonable standard of care, to protect Proprietary Information received as they would use to protect their own confidential and proprietary information.

12.2 Notwithstanding the foregoing, both Parties agree that there will be no obligation to protect any portion of the Proprietary Information that is either: 1) made publicly available by the owner of the Proprietary Information or lawfully disclosed by a non-party to this Agreement; 2) lawfully obtained from any source other than the owner of the Proprietary Information; 3) publicly known through no wrongful act of the receiving Party; 4) previously known to the receiving Party without an obligation to keep it confidential; 5) required to be disclosed by any governmental authority or applicable law; or 6) approved for release by written authorization of the disclosing Party.

12.3 Upon termination of this Agreement, the Parties shall: (i) destroy all Proprietary Information of the other party that remains in its possession; and (ii) certify the completion of such activity in writing to the other Party, within thirty (30) calendar days.

12.4 Each Party's obligations under this section 12 shall survive the expiration or termination of this Agreement for a period of five (5) years.

12.5 Notwithstanding the provisions of this Section of the Agreement, the Receiving Party may use and disclose Proprietary Information received from the Disclosing Party to the extent necessary to enforce the Receiving Party's rights under this Agreement or Applicable Law. In making any such disclosure, the Receiving Party shall make reasonable efforts to preserve the confidentiality and restrict the use of the Proprietary Information while it is in the possession of any person to whom it is disclosed, including, but not limited to, by requesting any governmental entity to whom the Proprietary Information is disclosed to treat it as confidential and restrict its use to purposes related to the proceeding pending before it.

13. Counterparts

This Agreement may be executed in two or more counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

14. Default

14.1 If either Party (the "Defaulting Party") defaults in the payment of any amount due, or if either Party violates any other provision of this Agreement, and such default or violation shall continue for sixty (60) days after written notice (the "Default Notice") thereof, the other Party (the "Aggrieved Party") may terminate this Agreement and services hereunder by written notice; provided the Aggrieved Party has provided the defaulting Party with written notice at least twenty five (25) days' (which shall not begin to run until after the 60 day period) prior to terminating service.

14.2 Such Default Notice shall be posted by overnight mail, return receipt requested. If the Defaulting Party cures the default or violation within the twenty five (25) day period, the Aggrieved Party will not terminate service under this Agreement but shall be entitled to recover all costs (including, but not limited to, reasonable attorneys' fees), if any, incurred by it in connection with the default or violation, including, without limitation, costs (including, but not limited to, reasonable attorneys' fees) incurred to prepare for the termination of service. For purposes of this Section, the terms 'default,' 'violate,' and 'violation,' in all of their forms, shall mean 'materially default,' 'material default,' 'materially violate,' or 'material violation,' as appropriate.

14.3 If the Defaulting Party disputes that the Aggrieved Party's Default Notice is justified by relevant facts, then the Parties, by mutual agreement, may resolve the disagreement pursuant to the processes set forth in Section 16 ("Dispute Resolution"). Regardless, either Party, without delay and without participating in the dispute resolution process pursuant to Section 16, may immediately pursue any available legal or regulatory remedy to resolve any question about the alleged default or violation or the Aggrieved Party's announced termination of the Agreement.

15. Discontinuance of Service

If a Party proposes to discontinue, or actually discontinues, its provision of service to Customers in the NEFCOM service area, such Party shall provide notice of such discontinuance as required by Applicable Law.

16. Dispute Resolution

16.1 The Parties shall attempt to resolve any dispute between the Parties regarding the interpretation or enforcement of this Agreement or any of its terms by good faith negotiation between the Parties. To initiate such negotiation, a Party must provide to the other Party written notice of the dispute that includes both a detailed description of the dispute or alleged nonperformance and the name of an individual who has authority to resolve the dispute and will serve as the initiating Party's representative in the negotiation. Upon receipt, the other Party shall have ten (10) Business Days to respond in writing, designating its own such representative in the negotiation. The Parties' representatives shall attempt to reach a good faith resolution of the dispute within thirty (30) days after the date of the initiating Party's written notice of the dispute. Upon mutual agreement, the Parties' representatives may utilize other alternative dispute resolution procedures such as private mediation to assist in the negotiations.

16.2 If the Parties are unable to resolve the dispute within thirty (30) days of the date of the initiating Party's written notice, either Party may pursue any remedies available to it under this Agreement, at law, in equity, or otherwise, including, but not limited to, instituting an appropriate proceeding before the Commission, the FCC, or a court of competent jurisdiction. Except for FCC actions, all such proceedings shall be initiated within, and all Parties consent to personal jurisdiction and venue within, the state and/or federal courts of the State of Florida.

17. Force Majeure

17.1 Neither Party shall be responsible for any delay or failure in performance which results from causes beyond its reasonable control ("Force Majeure Events"), whether or not foreseeable by such Party. Such Force Majeure Events include, but are not limited to, adverse weather conditions, flood, fire, explosion, earthquake, volcanic action, power failure, embargo, boycott, war, revolution, civil commotion, act of public enemies, labor unrest (including, but not limited to, strikes, work stoppages, slowdowns, picketing or boycotts), acts of God, or any other circumstances beyond the reasonable control and without the fault or negligence of the Party affected provided, however, the Party experiencing a Force Majeure Event due to labor unrest shall provide service to the other Party at a level equivalent to the level the Party provides itself.

17.2 If a Force Majeure Event occurs, the non-performing Party shall give prompt notification of its inability to perform to the other Party. During the period that the non-performing Party is unable to perform, the other Party shall also be excused from performance of its obligations to the extent such obligations are reciprocal to, or depend upon, the performance of the non-performing Party that has been prevented by the Force Majeure Event including, but not limited to, payment of charges for services that were not performed due to the Force Majeure Event. The non-performing Party shall use commercially reasonable efforts to avoid or remove the cause(s) of its non-performance and both Parties shall proceed to perform once the cause(s) are removed or cease.

17.3 Notwithstanding the provisions of Sections 17.1 and 17.2, although a Force Majeure event could result in delay of a payment obligation, in no case shall a Force Majeure Event excuse either Party from an obligation to pay money as required by this Agreement except for any demand of payment for services not performed due to the Force Majeure Event.

17.4 Nothing in this Agreement shall require the non-performing Party to settle any labor dispute except as the non-performing Party, in its sole discretion, determines appropriate.

18. Forecasts

In addition to any other forecasts required by this Agreement, upon request by the Providing Party, which shall not be made more frequently than once per three (3) month period, the Purchasing Party shall provide forecasts regarding the Services that it expects to purchase, including, but not limited to, forecasts regarding the types and volumes of Services that it expects to purchase and the locations where such Services will be purchased. Such forecasts shall be considered proprietary and confidential under the terms of this Agreement, and distribution of the forecasts or information based on such forecasts shall be treated as such, with access limited to those persons associated with the Providing Party who need to know such information in order to adequately provision the types and volumes of Services that the Purchasing Party expects to purchase at the locations where such Services will be

purchased. The Providing Party shall exercise commercially reasonable best efforts to adequately provision the types and volumes of Services forecast by the Purchasing Party.

19. Fraud

Neither party shall bear responsibility for, nor have any obligation to investigate or make adjustments to the other Party's account in cases of, fraud by the other Party's Customers or other third parties. Provided, however, that both Parties shall cooperate to discover and prevent fraud by each Party's Customers or other third parties.

20. Good Faith Performance

The Parties shall act in good faith in their performance of this Agreement. Except as otherwise expressly stated in this Agreement (including, but not limited to, where consent, approval, agreement or a similar action is stated to be within a Party's sole discretion), where consent, approval, mutual agreement or a similar action is required by any provision of this Agreement, such action shall not be unreasonably withheld, conditioned or delayed.

21. Headings

The headings used in the Agreement are inserted for convenience of reference only and are not intended to be a part of or to affect the meaning of the Agreement.

22. Indemnification

22.1 For the Services provided under this Agreement, each Party ("Indemnifying Party") shall indemnify, defend and hold harmless the other Party, its Affiliates and successors and their respective directors, officers and employees ("Indemnified Party"), from and against any and all Claims that arise out of bodily injury to or death of any person, or damage to, or destruction or loss of, tangible real and/or personal property and any other loss, damage, or claim ("Claim"), to the extent such Claim were caused by the negligence or intentionally wrongful acts or omissions of the Indemnifying Party, its Affiliates, or their respective directors, officers, employees, Agents or contractors (excluding the Indemnified Party).

22.2 An Indemnifying Party's obligations under this Section shall be conditioned upon the following:

i. The Indemnified Party: (a) shall give the Indemnifying Party notice of the Claim promptly after becoming aware thereof (including a statement of facts known to the Indemnified Party related to the Claim and an estimate of the amount thereof); (b) prior to taking any material action with respect to the Claim, shall consult with the Indemnifying Party as to the procedure to be followed in defending, settling, or compromising the Claim; (c) shall not consent to any settlement or compromise of a Claim without the written consent of the Indemnifying Party; (d) shall permit the Indemnifying Party to assume the defense of the Claim with counsel reasonably acceptable to the indemnified Party (including, except as provided below, the compromise or settlement thereof) at the Indemnifying Party's complete cost and expense.

ii. If the Indemnified Party fails to comply with the requirements of this Section with respect to a Claim, to the extent such failure shall have a material adverse effect upon the Indemnifying Party, the Indemnifying Party shall be relieved of its obligation to indemnify, defend and hold harmless the Indemnified Person with respect to such Claim under this

Agreement.

iii. The Indemnifying Party shall have the authority to defend and settle any Claim subject to the conditions set forth below.

a. With respect to any Claim, the Indemnified Party shall be entitled to participate with the Indemnifying Party in the defense of the Claim if the Claim requests equitable relief or other relief that could affect the rights of the Indemnified Party. In so participating, the Indemnified Party shall be entitled to employ separate counsel for such purposes at its own expense. The Indemnified Party shall also be entitled to participate, at its own expense, in the defense of any Claim, as to any portion of the Claim as to which it is not entitled to be indemnified, defended and held harmless by the Indemnifying Party.

b. In no event shall the Indemnifying Party settle a Claim or consent to any judgment with regard to a Claim without the prior written consent of the Indemnified Party, which shall not be unreasonably withheld, conditioned or delayed. In the event the settlement or judgment requires a contribution from or affects the rights of an Indemnified Party, the Indemnified Party shall have the right to refuse such settlement or judgment with respect to itself and, at its own cost and expense, take over the defense against the Claim, provided that in such event the Indemnifying Party shall not be responsible for, nor shall it be obligated to indemnify, defend or hold harmless the Indemnified Party against, the Claim for any amount in excess of such refused settlement or judgment.

c. The Indemnified Party shall, in all cases, assert any and all defenses, including, but not limited to, affirmative defenses, defenses set forth in applicable Tariffs and Customer contracts of the Indemnified Party, that limit liability to third parties as a bar to, or limitation on, any Claim or damages by a third-party claimant.

d. The Indemnifying Party and the Indemnified Party shall offer each other all reasonable cooperation and assistance in the defense of any Claim.

22.3 Except as otherwise provided above, each Party agrees that it will not implead or bring any action against the other Party, the other Party's Affiliates, or any of the directors, officers or employees of the other Party or the other Party's Affiliates, based on any claim by any person for personal injury or death that occurs in the course or scope of employment of such person by the other Party or the other Party's Affiliate and that arises out of performance of this Agreement, consistent with Applicable Law.

22.4 Each Party's obligations under this Section shall survive expiration, cancellation or termination of this Agreement.

22.5 For the Services provided under this Agreement, each Party ("Indemnifying Party") shall indemnify, defend and hold harmless the other Party, its Affiliates and successors and their respective directors, officers and employees ("Indemnified Party"), from and against any and all claims for infringement of any patent, copyright, trade name, service mark or other intellectual property interest or right.

25. Joint Work Product

The Agreement is the joint work product of the Parties. This Agreement represents the product of an arms-length negotiation of sophisticated businesspeople. This Agreement shall be fairly interpreted in accordance with its terms. In the event of any ambiguities, no inferences shall be drawn against either Party.

28.3 Interference or Impairment. If a Party ("Impaired Party") reasonably determines that the services, network, facilities, or methods of operation of the other Party ("Interfering Party") will or are likely to significantly degrade the Impaired Party's provision of services or the operation of the Impaired Party's network or facilities, the Impaired Party may interrupt or suspend service provided to the Interfering Party to the extent necessary to prevent such interference or impairment, subject to the following:

v. Where the Impaired Party demonstrates that a particular service, network, facility or method of operation of the Interfering Party is significantly degrading the performance of the Impaired Party's provision of services, the Interfering Party shall discontinue deployment of that service and correct the interference or impairment or migrate its Customers to technologies that will not significantly degrade the performance of other such services. Upon

correction of the interference or impairment, the Impaired Party will promptly restore the interrupted or suspended Service. 2.37 "Local Exchange Routing Guide" or "LERG" shall mean a Telcordia Technologies reference containing NPA/NXX routing and homing information.

2.38 "Local Number Portability ("LNP")" means the ability of Customers of Telecommunications Services to retain, within the same geographic Rate Center Area associated with the Customer's NPA-NXX code, existing telecommunications numbers without impairment of quality, reliability, or convenience when switching from one telecommunications carrier to another.

2.39 "Local Service Request" ("LSR") means an industry standard form or a mutually agreed upon change thereof, used by the Parties to add, establish, change or disconnect local services.

2.40 "Local Traffic" or "Subject Traffic" means traffic that is originated by an End User of one Party on that Party's network and terminates to an End User of the other Party on that other Party's network within NEFCOM's local serving area as defined by the effective local exchange tariff(s) of NEFCOM, including mandatory local calling scope arrangements established and defined by the Commission. For purposes of this Agreement, a call originated by or terminated to a Customer that obtains from one Party Foreign Exchange Service as defined in this Attachment shall be treated as Local Traffic based on whether the Foreign Exchange Area is within the local calling scope as set forth in the preceding sentence. A mandatory (i.e., non-optional) local calling scope arrangement is an arrangement that provides End Users a local calling scope beyond the End User's basic exchange serving area. For purposes of this Agreement, Local Traffic shall also include Extended Local Calling ("ELC") service traffic between the NEFCOM incumbent LEC exchanges and the Jacksonville, Baldwin, and Maxville Rate Center Areas as operated by BellSouth Telecommunications, Inc. Therefore Local Traffic, for purposes of this Agreement, includes both intra-exchange calls and ELC calls, and does not include any other extended local scope service arrangement. For this purpose, Local Traffic does not include any ISP-Bound Traffic.

2.41 "North American Numbering Plan" ("NANP") means the plan for the allocation of unique 10-digit directory numbers consisting of a three-digit area code, a three-digit office code, and a four-digit line number. The plan also extends to format variations, prefixes, and special code applications.

2.42 "Numbering Plan Area ("NPA")" (sometimes referred to as an area code) is the three-digit indicator which is designated by the first three digits of each 10-digit telephone number within the NANP. Each NPA contains 800 possible NXX Codes. There are two general categories of NPA, "Geographic NPAs" and "Non-Geographic NPAs." A "Geographic NPA" is associated with a defined geographic area, and all telephone numbers bearing such NPA are associated with services provided within that geographic area. A "Non-Geographic NPA," also known as a "Service Access Code (SAC Code)" is typically associated with a specialized telecommunications service which may be provided across multiple geographic NPA areas; 500, 800, 900, 700, and 888 are examples of Non-Geographic NPAs.

2.43 "NXX," "NXX Code," "NNX," "COC," "Central Office Code," or "CO Code" is the three-digit switch entity indicator which is defined by the fourth, fifth and sixth digits of a 10-digit telephone number within NANP.

2.44 "Proprietary Information" shall have the same meaning as Confidential Information.

2.45 "Providing Party" means a Party offering or providing a Service to the other Party under this Agreement.

2.46 "Purchasing Party" means a Party requesting or receiving a Service from the other Party under this Agreement.

2.47 "Rate Center Area" refers to the geographic area that has been identified as being associated with a particular NPA-NXX code assigned to the LEC for its provision of Telephone Exchange Services. The Rate Center Area is the exclusive geographic area that the LEC has identified as the area within which it will provide Telephone Exchange Services bearing the particular NPA-NXX designation associated with the specific Rate Center Area.

2.48 "Rate Center Point" refers to a specific geographic point, defined by a V&H coordinate, located within the Rate Center Area and used to measure distance for the purpose of billing for distance-sensitive Telephone Exchange Services and Toll Traffic.

2.49 "Reciprocal Compensation" means the arrangement for recovering, in accordance with Section 251(b)(5) of the Act, costs incurred for the transport and termination of Subject Traffic originating by the Customers of one Party on that Party's network and terminating to the Customers of the other Party on that other Party's network.

2.50 "Service" means any Interconnection arrangement, Telecommunications Service, or other service, facility or arrangement, offered by a Party under this Agreement.

2.51 "Signaling System 7" or "SS7" refers to the common channel out-of-band signaling protocol (CCS) developed by the Consultative Committee for International Telephone and Telegraph (CCITT) and the American National Standards Institute (ANSI). Comcast and NEFCOM currently utilize this out-of-band signaling protocol.

2.52 "Subsidiary" means a corporation or other person that is controlled by a Party.

2.53 "Switched Exchange Access Service" means the offering of transmission and switching services for the purpose of the origination or termination of Toll Traffic. Switched Exchange

Access Services include but may not be limited to: Feature Group A, Feature Group B, Feature Group D, 700 access, 800 access, 888 access and 900 access.

2.54 "Synchronous Optical Network ("SONET") is an optical interface standard that allows interworking of transmission products from multiple vendors (i.e., mid-span meets). The base rate is 51.84 MHps (OC-1/STS-1 and higher rates are direct multiples of the base rate up to 1.22 GHps).

2.55 "Tariff" means a filing made at the state or federal level for the provision of a telecommunications service by a telecommunications carrier that provides for the terms, conditions and pricing of that service. Such filing may be required or voluntary and may or may not be specifically approved by the Commission or FCC.

2.56 "Telcordia Technologies" refers to Telcordia Technologies, Inc., formerly known as Bell Communications Research, Inc. (Bellcore).

2.57 "Telecommunications" is as defined in the Act.

2.58 "Telecommunications Carrier" shall have the meaning set forth in the Act.

2.59 "Telecommunications Services" shall have the meaning set forth in the Act.

2.60 "Telephone or Local Exchange Service" shall have the meaning set forth in the Act.

2.61 "Voice over Internet Protocol Traffic" or "VOIP Traffic" is voice communications traffic that utilizes Internet Protocol format for some or all of the transmission of the call.

2.62 "Wire Center" means a building or portion thereof which serves as the premises for one or more Central Office Switches and related facilities.

ATTACHMENT B
ADDITIONAL SERVICES

1. Directory Publishing and Directory Distribution

This Directory Publishing and Directory Distribution section sets forth terms and conditions with respect to the inclusion of Comcast's customer listings in NEFCOM's published directories.

1.1 Listing Information

1.1.1 As used herein, "Listing Information" means a Comcast Customer's primary name, address (including city, state and zip code), telephone number(s), the delivery address and number of directories to be delivered, and, in the case of a business Customer, the primary business heading under which the business Customer desires to be placed, and any other information NEFCOM deems necessary for the publication and delivery of directories.

1.1.2 In those areas where Comcast and NEFCOM will be providing local exchange service for which local calls will be exchanged pursuant to the terms of this Agreement (defined as the "Listing Area"), Comcast will provide Listing Information on a timely basis and at no charge to NEFCOM or its directory publishing contractors for purposes of inclusion in published directories. NEFCOM or its directory publishing contractor will include White Pages and Yellow Pages listing information for Comcast's end users in the Listing Area in appropriate NEFCOM directory(ies) provided that Comcast provides Listing Information to NEFCOM on a timely basis. NEFCOM will include the White Pages and Yellow Pages listing information in NEFCOM directories at no charge to Comcast provided that Comcast provides subscriber Listing Information at no charge to NEFCOM.

1.1.3 Any references in this Section 1 to NEFCOM procedures, practices, requirements, or words of similar meaning, shall also be construed to include those of NEFCOM's contractors that publish directories on its behalf.

1.2 Listing Information Supply.

1.2.1 The Parties will cooperate in the development of a suitable timetable for the submission of Customer Listing Information for inclusion in the appropriate NEFCOM directories. Comcast will provide subscriber Listing Information to NEFCOM (or its contract directory publisher) in such format as is consistent with a base file subscriber list format normally provided to publishers of directories. Comcast agrees to provide base file list information to NEFCOM in a comma delimited, mechanized, electronic format.

1.2.2 NEFCOM agrees to include one basic White Pages listing for each Comcast customer located within the geographic scope of NEFCOM's White Page Directories within the Listing Area, and one courtesy Yellow Page listing for each Comcast business customer located within the geographical scope of NEFCOM's Yellow Page directories. A basic White Page listing is defined as a customer name, address, and assigned number. Basic White Pages listings of Comcast customers will be inter-filed with listings of NEFCOM and the listings of other LECs. Directory listings will make no distinction between Comcast and NEFCOM subscribers.

1.2.3 The foregoing notwithstanding, Comcast will not provide directory Listing Information to

NEFCOM for non-published telephone numbers. Comcast understands that NEFCOM may not be able to distribute NEFCOM's published directories to those Customers of Comcast that have non-published telephone numbers.

1.2.4 At the written election of Comcast (with such election to be made in writing not less than thirty (30) days prior to the service order close date for the applicable directory(ies), NEFCOM (or its contract publisher) will print, publish, and distribute directories to those of Comcast's Customers who are listed in the published directories of NEFCOM. If Comcast makes such election, Comcast agrees to reimburse NEFCOM for the per-book printing, publishing and distribution costs that NEFCOM's directory publisher charges NEFCOM. Such reimbursement from Comcast to NEFCOM shall be made within thirty (30) days from the date of NEFCOM's invoice to Comcast for the same. Comcast acknowledges and agrees that nothing in this section or in this Agreement adversely affects NEFCOM's right or ability to publish its own directories and/or to include the directory listing information of Comcast's Customers pursuant to the provisions of this Section 1.

1.3 NEFCOM Information.

Upon request by Comcast, NEFCOM shall make available to Comcast the following information to the extent that NEFCOM provides such information to its own business offices: a directory list of relevant NXX codes, directory close dates, publishing data, and Yellow Pages headings. NEFCOM also will make available to Comcast, upon written request, a copy of NEFCOM's alphabetical listings standards and specifications manual.

1.4 Confidentiality of Listing Information.

NEFCOM shall accord Comcast Listing Information the same level of confidentiality that NEFCOM accords its own listing information, and shall use such Listing Information solely for the purpose of the publishing of directories.

1.5 Accuracy.

Both Parties shall use commercially reasonable efforts to ensure the accurate publication of Comcast Customer listings.

1.6 Indemnification.

Comcast shall adhere to all practices, standards, and ethical requirements established by NEFCOM with regard to listings. By providing NEFCOM with Listing Information, Comcast represents to NEFCOM that Comcast has the right to provide such Listing Information to NEFCOM on behalf of its Customers for publishing in NEFCOM's directories provided to the public. Comcast agrees to release, defend, hold harmless and indemnify NEFCOM from and against any and all claims, losses, damages, suits, or other actions, or any liability whatsoever, suffered, made, instituted, or asserted by any person arising out of NEFCOM's publication or dissemination of the Listing Information as provided by Comcast hereunder.

1.7 Liability.

NEFCOM's liability to Comcast in the event of a NEFCOM error in or omission of a listing shall not exceed the lesser of the amount of charges actually paid by Comcast for such listing or the amount by which NEFCOM would be liable to its own Customer.

1.8 Directory Publication.

Nothing in this Agreement shall require NEFCOM to publish a directory where it would not otherwise do so.

ATTACHMENT C
INTERCONNECTION AND NUMBER PORTABILITY

This Attachment describes the arrangements between the Parties for interconnection and the transmission and routing of telecommunications traffic as set forth below.

1. Scope of Traffic

1.1 The Parties agree that they will deliver to each other over the interconnection facilities only the following traffic: (1) Local Traffic and (2) Local Internet Traffic.

1.2 Each Party agrees that it will not provision any of its services in a manner that will result in, or permits, the circumvention of the application of intrastate or interstate access charges by the other Party including, but not limited to, the resale to third parties or the assignment of NPA-NXX numbers associated with one Rate Center for Customers that obtain local exchange service in a different Rate Center; except that where a Customer obtains Foreign Exchange Service as defined in Attachment A ("Glossary"), the Customer will be assigned a NPA-NXX associated with the Foreign Exchange Area and the Customer will be deemed to be obtaining local exchange service in the Foreign Exchange Area. Each Party agrees that it will not provision any of its services in a manner that will result in, or permits, the arbitrage and/or circumvention of the application of intrastate or interstate access charges by the other Party. Traffic to or from Customers that originates or terminates in areas other than those included in the calling scope of Local Traffic is not within the scope of the Agreement. Traffic to and from users of Commercial Mobile Radio Service is not within the scope of this Agreement. All traffic that does not originate and terminate to Customers within the same local calling area of NEFCOM is subject to intrastate or interstate Switched Exchange Access Service tariffs regardless of whether the traffic may have been converted to Voice over Internet Protocol or any other transmission protocol during the routing and transmission of the call.

1.3 Both Parties warrant that they will: (a) assign telephone numbers in a manner consistent with this Agreement to Customers that obtain local exchange service in the Rate Center Areas associated with the telephone number including, where a Customer obtains Foreign Exchange Service as defined in Attachment A ("Glossary"), the Customer will be assigned a telephone number associated with the Foreign Exchange Area; (b) provision their local exchange carrier services in a manner that the resulting traffic exchanged between the Parties pursuant to this Agreement will be confined to the scope of the traffic as set forth in this Section; (c) adopt the Rate Center areas for the assignment of telephone numbers that are identical to those used by the incumbent local exchange carriers that serve the Local Service Exchange Areas related to the Local Traffic exchanged pursuant to this Agreement; (d) assign whole NXX Codes to each Rate Center, or where, applicable, thousand number blocks within a NXX Code assigned to that Rate Center; and (e) subject to section 4.2 below, provide Calling Party Number on Customer originated traffic delivered to the other Party. Both Parties agree that they will engineer their respective networks and design their respective systems to deliver traffic in compliance with this Agreement. Notwithstanding the foregoing, each Party may designate its own local calling areas for billing their respective Customers; however, the requirements of this section shall apply and the treatment of traffic between the Parties, including compensation that applies to different forms of traffic between the Parties, shall be based on the definition of Local Traffic as set forth in Section 2.40 of Attachment A - Glossary of Terms.

1.4 If either Party violates Section 1.2 or 1.3 above, the other Party shall be entitled to charge originating and terminating access charges prescribed by applicable access Tariff(s) for traffic associated with such violations.

1.5 Both Parties agree only to deliver traffic to the other Party pursuant to and consistent with the terms of this Agreement. It shall be a default of this Agreement for a Party to deliver, over the connecting facilities, any traffic other than the traffic that is within the scope of this Agreement and consistent with the terms of this Agreement.

1.6 Each Party is solely responsible for the receipt and transmission of 911/E911 traffic originated by its End Users of its Telephone Exchange Services. The Parties acknowledge and affirm that calls to 911/E911 services shall NOT be routed over the trunk groups established between the Parties pursuant to this Agreement. To the extent that a Party incorrectly routes such traffic over such arrangements, that Party shall fully indemnify and hold harmless the other Party for any claims, including claims of third parties, related to such calls.

2. Methods for Interconnection and Trunk Types

2.1 Methods for Interconnection.

2.1.1 Interconnection

2.1.1.1. The Parties shall utilize the Interconnection Points ("IP(s)") designated as the points from which the Parties will provide transport and termination of traffic that is within the scope of the Agreement. Each Party will be responsible operationally and financially for bringing their facilities to the IP and for the delivery to the IP of any traffic that they send to the other Party under the terms of this Agreement. Where mutually beneficial to the Parties, they may agree to provision voluntary arrangements not otherwise required under Applicable Law.

2.1.1.2. The Parties agree to interconnect at one or more IPs as set forth in Appendix A in accordance with the following options:

- (a) a IP at a mid-span meet point established between the Parties at a point on the incumbent network of NEFCOM;
- (b) any other mutually-agreed to arrangement, as negotiated by the Parties.

2.1.1.3. Each Party shall be responsible for the provisioning of facilities to the agreed-to IP(s).

2.1.1.4 Indirect Interconnection. Comcast shall be permitted to use a third party carrier's facilities for purposes of establishing interconnection indirectly with NEFCOM at the IP(s). In such case, on behalf of Comcast, the third party carrier will connect its facilities with NEFCOM at the IP(s). Comcast shall be responsible for the payment to any third party carrier for any charges associated with the facilities.

2.1.2 The Parties shall utilize the common channel out-of-band signaling (CCS) protocol developed by the Consultative Committee for International Telephone and Telegraph (CCITT) and the American National Standards Institute (ANSI). The Parties currently utilize SS7 out-of-band signaling protocol and agree to continue to exchange traffic using SS7 signaling parameters including, but not limited to ISDN User Part ("ISUP"), Signaling Points including STPs, SSPs, and SCPs, and any other SS7 parameters necessary for the exchange of traffic.

2.1.2.1 The Parties agree to cooperate on the exchange of all appropriate SS7 messages for call set-up, including Integrated Services Digital Network User Part ("ISUP") and Transaction Capability User Part ("TCAP") messages, to facilitate full interoperability of all CLASS features and functions between their respective networks. The parties shall include the Jurisdiction Information Parameter ("JIP") in the Initial Address Message ("IAM"), containing a Local Exchange Routing Guide-assigned NPA-NXX (6 digits) identifying the originating switch on calls that they originate.

2.1.2.2 Neither Party shall intentionally substitute or generate incorrect ANI, CPN or SS7 parameters on traffic exchanged pursuant to this Agreement. Upon determination that a Party has intentionally substituted or generated such incorrect parameters on traffic exchanged pursuant to this Agreement, the offending Party shall pay the other Party the difference between compensation paid (if any) and applicable access charges, plus interest due under the terms of the applicable access tariff from the date the traffic would have been billed if such parameters had been passed unaltered.

2.2 Trunking Arrangements.

2.2.1 The Parties will interconnect one or more trunk groups for the transmission and routing of Local Traffic and Local Internet Traffic as set forth in Appendix A.

2.2.2. For each trunk group with a utilization level of less than sixty percent (60%) for three consecutive months, unless the Parties agree otherwise, either Party may disconnect a sufficient number of the available trunks to attain a utilization level of approximately sixty percent (60%), however, the trunks will be grouped in multiples of 24 trunks for the purpose of determining utilization levels. The minimum utilization level of sixty percent (60%) is not required until trunk groups have been in service for at least six (6) months.

2.2.3 All trunks shall utilize SS7 Common Channel Signaling. The Parties agree to utilize B8ZS and Extended Super Frame (ESF) DS1 facilities, where available.

2.2.4 The Parties shall meet (telephonically or in person) from time to time, as needed, to review data on two-way trunks to determine the need for new trunk groups and to plan any necessary changes in the number of trunks.

2.2.5 The trunk group(s) established between the Parties pursuant to the terms of this Agreement for the exchange of Local Traffic and Local Internet Traffic shall be engineered to a P.01 Grade of Service. The performance standard for two-way trunk groups shall be that no such trunk group will exceed its design blocking objective for three (3) consecutive calendar traffic study months.

2.2.6 The Parties shall collaboratively determine the number of two-way trunks that are required to meet the applicable design-blocking objective for all traffic carried on each two-way trunk group. Comcast shall order two-way trunks by submitting ASRs to NEFCOM and any applicable third party, setting forth the number of two-way trunks to be installed and the requested installation dates within NEFCOM's effective standard intervals or negotiated intervals, as appropriate. Comcast shall populate all applicable fields in ASRs in accordance with OBF Guidelines as in effect from time to time, or use another mutually agreed upon format.

2.2.7 Both Parties shall monitor two-way trunk groups using service results for the applicable design blocking objective. If either Party observes blocking in excess of the applicable design objective on any two-way trunk group, Comcast may submit an ASR to NEFCOM or NEFCOM may submit to Comcast a Trunk Group Service Request ("TGSR") requesting that the trunk group be augmented to remedy the blocking. Upon receipt of a Trunk Group Service Request, Comcast will issue an ASR to augment the two-way interconnection trunk group with excessive blocking and submit the ASR to NEFCOM and any applicable third party within five (5) Business Days.

2.2.8 The Parties will review all two-way trunk groups that reach a utilization level of seventy percent (70%), or greater, to determine whether those groups should be augmented. Comcast will promptly augment all two-way trunk groups that reach a utilization level of eighty percent (80%) by submitting ASRs (or TGSRs followed by ASRs) for additional trunks sufficient to attain a utilization level of approximately seventy percent (70%), unless the Parties agree that additional trunking is not required. For each two-way trunk group with a utilization level of less than sixty percent (60%), unless the Parties agree otherwise, Comcast will promptly submit ASRs (or NEFCOM will issue TGSRs followed by Comcast's ASRs) to disconnect a sufficient number of trunks to attain a utilization level of approximately sixty percent (60%) for each respective group, unless the Parties agree that the two-way trunks should not be disconnected. In the event Comcast fails to submit an ASR for two-way trunks in conformance with this section, NEFCOM may bill Comcast for the excess trunks at the applicable NEFCOM tariff rates. In the event Comcast fails to submit an ASR for the two-way trunks in conformance with this section, NEFCOM may bill Comcast for the excess trunks at the applicable NEFCOM tariff rates.

3. Trunk Group Provisioning

3.1 As appropriate for forecasted traffic volumes, both Parties shall use either a DS-1 or DS-3 facilities interface at the IP. When and where an STS-1 interface is available, the Parties may agree to use such an interface. Upon mutual agreement, the Parties may agree to use an optical interface (such as OC-n).

3.2 Unless mutually agreed to by both Parties, each Party will outpulse ten (10) digits to the other Party.

3.3 Each Party will use commercially reasonable efforts to monitor the traffic exchanged by the Parties over the interconnection trunk groups and to augment those groups using generally accepted trunk engineering standards so as not to exceed blocking objectives.

4. Traffic Measurement and Billing over Interconnection Trunks

4.1 Each Party, at its own expense, reserves the right to audit all traffic and any associated billing as specified in this Section of the Agreement, up to a maximum of one audit per calendar year to ensure that only Local Traffic and Local Internet Traffic are being routed on the Interconnection Trunks and that rates are being applied appropriately; however, if the result of an audit reveals non-compliance or incorrect billing by one Party, the other Party may conduct audits more frequently than once per calendar year. Each Party agrees to provide the necessary Traffic data in conjunction with any such audit in a timely manner.

4.2 To the extent technically feasible, each Party shall pass Calling Party Number (CPN) information on each call. For those Customer's whose premise equipment is unable to populate the CPN in the call detail record, each party shall populate the CPN field with the Customer's billing number. The Parties agree that they will not populate the CPN field in the call detail record with a wholesale Customer's billing or local routing number but will utilize the final Customer's CPN or billing number.

4.2.1 Where possible, actual call detail records including the CPN, will be used by the terminating Party for purposes of auditing the scope of traffic. Where a terminating Party has the capability, it will use the actual call detail records including the CPN information associated with each specific call to identify traffic delivered by the other Party as either Local Traffic, Local Internet Traffic or traffic that is not within the scope of this Agreement.

4.2.2 When a terminating Party receives insufficient call detail or the CPN is missing or masked, and therefore cannot determine whether the call is or is not within the scope of this Agreement, and if the percentage of traffic delivered with CPN and having sufficient detail is greater than 95% the total calls delivered, the calls without sufficient detail or CPN will be presumed to be in the same proportion as the calls having CPN and sufficient detail. If traffic delivered by one Party to the other Party does not have CPN and sufficient detail for more than 5% or fewer than 95% of the calls, the terminating Party may provide written notice of a billing dispute to the other Party delivering such calls below the 95 percent threshold. Upon such notice, the Party delivering the traffic to the other Party (the "Delivering Party") shall have 30 days to investigate and correct the lack of CPN and report the date the problem was corrected to the other Party (the "Terminating Party"). If the problem cannot be repaired within 30 days of the written notice to bring the delivered traffic without CPN to fewer than 5% of total calls, the Terminating Party will bill all traffic without CPN as intrastate Access Services traffic until such time as the traffic without CPN is fewer than 5% of total traffic.

5. Local Traffic

5.1 The specific compensation terms and conditions set forth in this Section of the Agreement for Local Traffic as defined in Attachment A ("Glossary") are specifically related to and fully dependent on the application of all other terms and conditions set forth in this Agreement. The specific compensation terms and conditions set forth in this Section are not applicable to any other kind of traffic or for traffic that originates or terminates in areas outside the scope of Local Traffic as defined in this Agreement.

5.2 The Parties agree that the nature of the Local Traffic to be exchanged between the Parties and all other mutual provisions and relative obligations of the Parties pursuant to this Agreement represent good and valuable consideration, the sufficiency of which between the Parties is acknowledged, and that the relative obligations and consideration are sufficiently in balance between the Parties such that neither Party has any obligation to provide any monetary compensation to the other Party for the other Party's origination or termination of Local Traffic within the scope of this Agreement. The compensation terms and conditions set forth in this section are specifically related to and dependent on all of the provisions of Section 5.1 and any other terms and conditions of this Agreement. The Parties have each individually considered the scope of this Local Traffic and independently concluded that the exchange of Local Traffic covered by this Agreement will be balanced. Consistent with the termination and modification provisions of this Agreement, each Party reserves the right to negotiate a

transport and termination rate for Local Traffic in the event that the Party subsequently determines that the exchange of Local Traffic is not materially in balance. The Parties further agree that the application of the provisions of this Section requires an independent evaluation of whether the Local Traffic is balanced. In the event that the Parties do not agree that Local Traffic is balanced, a transport and termination rate will be established through negotiation or arbitration in accordance with Section 252 of the Act.

5.3 Traffic Not Subject to Terms and Conditions for Local Traffic

5.3.1 The terms and conditions set forth in this Agreement for Local Traffic do not apply to the following: (1) any Internet Traffic; (2) interstate or intrastate Exchange Access or exchange services for Exchange Access; (3) intraLATA Toll Traffic or interLATA Toll Traffic, including, but not limited to, calls originated on a 1+ presubscription basis, or on a casual dialed (10XXX/101XXXX) basis; (4) Switched Exchange Access Service traffic; or (5) Optional Extended Local Calling Area Traffic. The terms and conditions set forth in this Agreement for Local Traffic do not apply to traffic either originated from or terminated to a Party's Customer where the Customer location is physically located outside of the geographic area that has been identified as the Rate Center Area associated with a particular NPA-NXX except that the location of a Party's Customer that obtains Foreign Exchange Service as defined in Attachment A ("Glossary") shall be the Foreign Exchange Area.

6.0 Local Internet Traffic.

6.1 The Parties agree to transport and switch Local Internet Traffic in the manner described below in this section subject to amendment upon written agreement of the Parties.

6.2 The Parties acknowledge that under current network and service arrangements, some Internet Traffic may be switched and transported as though Local Internet Traffic were the same as Local Traffic. Notwithstanding any other provision of this Agreement, the Parties will treat Local Internet Traffic under the following conditions. The switching and transport of Local Internet Traffic over the Interconnection Trunk facilities by either Party, however, will not be deemed or construed by either Party as either agreement or acknowledgment by the Parties that this arrangement is proper or required. Notwithstanding any other provision of this Agreement, the Parties agree that the mutual provisions and relative obligations of the Parties, including but not limited to, the mutual exchange of Local Internet Traffic, pursuant to this Agreement are balanced and represent good and valuable consideration, the sufficiency of which between the Parties is acknowledged and as a result of the Agreement set forth above, neither Party will owe a net due amount to the other Party for terminating Local Internet Traffic including, but not limited to, compensation for switching, transport or termination of Local Internet Traffic.

6.3 A call placed on a non-local basis (e.g., a toll call or 8yy call or any other non-local call placed to an ISP) to an ISP shall not be treated as Local Internet Traffic for compensation purposes. The Parties agree that, to the extent such "non-Local" ISP calls are placed, that the rates, terms and conditions for IntraLATA and/or InterLATA calling shall apply, including but not limited to rating and routing according to the Party's applicable tariffs and the application of intrastate and/or interstate Switched Exchange Access Service tariffs, as appropriate.

6.4 Where the public switched network, local exchange facilities and/or services of either

Party are used for the origination or termination of VOIP Traffic calls, the Parties agree to apply the following terms and conditions: VOIP Traffic calls will be originated and terminated in the same manner as each Party does for non-VOIP, circuit-switched Traffic. VOIP Traffic shall be subject to the same compensation terms and conditions as applies for circuit switched calls. Consequently, VOIP Traffic that both originates and terminates within a local calling area as defined for Local Traffic pursuant to this Agreement will also be treated as Local Traffic pursuant to this Agreement. All other VOIP Traffic will be treated as either intrastate or interstate interexchange traffic subject to the same terms and conditions as any other circuit-switched interexchange traffic, including the application of originating and terminating Switched Exchange Access Service charges.

7. Intermediary Services

Neither Party shall provide an intermediary or transit traffic function for the other Party's connection of its End Users to the End Users of a third party telecommunications carrier without the consent and agreement of the Parties and any third party provider that may be involved. This Agreement does not obligate either Party to utilize any intermediary or transit traffic function of either the other Party or any third Party provider of transit services. This Agreement does not obligate either Party to provide an intermediary or transit traffic service.

8. Number Resources, Rate Center Areas and Routing Points

8.1 Nothing in this Agreement shall be construed to limit or otherwise adversely affect in any manner either Party's right to employ or to request and be assigned any Central Office Codes ("NXX") pursuant to the Central Office Code Assignment Guidelines and any relevant FCC or Commission orders, as may be amended from time to time, or to establish, by Tariff or otherwise, Rate Center Areas and Routing Points corresponding to such NXX codes.

8.2 During the term of this Agreement, Comcast shall adopt the Rate Center Area and Rate Center Points that the Commission has approved for NEFCOM and any other incumbent Local Exchange Carriers within the serving area. Comcast shall assign whole NPA-NXX codes to each Rate Center Area or, where applicable, thousand number blocks within a NXX Code assigned to that Rate Center Area unless otherwise ordered by the FCC, the Commission or another governmental entity of appropriate jurisdiction, or the telecommunications industry adopts alternative methods of utilizing NXXs. Notwithstanding the foregoing, each Party may designate its own local calling areas for billing their respective Customers; however, the requirements of this section shall apply and the treatment of traffic between the Parties, including compensation that applies to different forms of traffic between the Parties, shall be based on the definition of Local Traffic as set forth in Section 2.40 of Attachment A - Glossary of Terms.

8.3 It shall be the responsibility of each Party to program and update its own switches and network systems. Except as expressly set forth in this Agreement, neither Party shall impose any fees or charges whatsoever on the other Party for such activities.

9. Installation, Maintenance, Testing and Repair.

9.1 Unless otherwise agreed in writing by the Parties, to the extent required by Applicable Law, Interconnection provided by a Party shall be equal in quality to that provided by such Party to itself, any subsidiary, affiliates or third party. If either Party is unable to fulfill its

obligations under this Section, it shall notify the other Party of its inability to do so and will negotiate alternative intervals in good faith. The Parties agree that to the extent required by Applicable Law, the standards to be used by a Party for isolating and clearing any disconnections and/or other outages or troubles shall be at parity with standards used by such Party with respect to itself, any subsidiary, affiliate or third party.

9.2 A maintenance service charge applies whenever either Party requests the dispatch of the other Party's personnel for the purpose of performing maintenance activity on the interconnection trunks, and any of the following conditions exist: (a) No trouble is found in the interconnection trunks; (b) The trouble condition results from equipment, facilities or systems not provided by the Party whose personnel were dispatched; or (c) Trouble clearance did not otherwise require a dispatch, and upon dispatch requested for repair verification, the interconnection trunk does not exceed maintenance limits.

9.2.1 If a maintenance service charge has been applied and trouble is subsequently found in the facilities of the Party whose personnel were dispatched, the charge will be canceled. In such case, if such charge was already paid, it shall be fully refunded on the immediately subsequent billing cycle.

9.2.2 Billing for maintenance service by either Party is based on each half-hour or fraction thereof expended to perform the work requested. The time worked is categorized and billed at one of the following three rates: (1) basic time; (2) overtime; or (3) premium time as follows, per half hour or fraction thereof:

- Basic Time per technician normally scheduled working hours \$21.19
- Overtime per technician outside of normally schedule working hours on a scheduled work day \$31.79
- Premium Time per technician outside of scheduled work day \$42.39

A call out of a Party's employee at a time not within the employee's scheduled work period is subject to a minimum charge of two hours.

10. Number Portability - Section 251(b)(2)

10.1 Scope.

The Parties shall provide number portability (NP) in accordance with rules and regulations as prescribed from time to time by the FCC.

Service Provider Number Portability ("SPNP") is the arrangement under which the Parties will provide number portability pursuant to this Agreement. SPNP is a service arrangement by, between, and among local exchange carriers which allows an existing Customer to obtain local exchange service from a different local exchange service provider and retain its then existing telephone number at a location within the same rate center area. When one Party sends a request ("Requesting Party") for the porting of a number, the following conditions shall apply: (a) the Requesting Party will be providing Telephone Exchange Service to that Customer in the same rate center area in which the Customer

currently obtains Telephone Exchange Service; and (b) the Requesting Party will be providing Telephone Exchange Service to that Customer pursuant to a valid Certificate of Authority issued by the Commission. The Requesting Party agrees that it will only seek to port telephone numbers from the other Party where the Requesting Party, or its properly authorized affiliate, is the local exchange service provider to the Customer to which the ported number is assigned.

10.2 Procedures for Providing LNP ("Long-term Number Portability")

10.2.1 The Parties will follow the LNP provisioning process recommended by the North American Numbering Council (NANC) and adopted by the FCC. In addition, the Parties agree to follow the LNP ordering procedures established at the OBF. The Parties agree to negotiate a mutually acceptable blanket letter of agency for LNP requests. The Parties shall provide LNP on a reciprocal basis. LNP shall only be provided within the geographic Rate Center Area associated with the ported number and shall not be provided across Rate Center Area boundaries. LNP shall not be provided for the purpose of avoiding toll or long distance charges.

10.2.2 A Customer of one Party ("Party A") elects to become a Customer of the other Party ("Party B"). The Customer elects to utilize the original telephone number(s) corresponding to the Telephone Exchange Service(s) it previously received from Party A, in conjunction with the Telephone Exchange Service(s) it will now receive from Party B. After Party B has received authorization from the Customer in accordance with Applicable Law and sends an LSR to Party A, Parties A and B will work together to port the Customer's telephone number(s) from Party A's network to Party B's network. Party B shall be charged and shall pay to Party A either the Basic Initial LSR Service Order Charge or the Basic Subsequent Service Order Charge as set forth in Appendix A. When a ported telephone number becomes vacant; e.g., the telephone number is not longer in service by the original end user, the ported telephone number will be released back to the Local Service Provider owning the switch with which the NXX block associated with the ported number was assigned originally by the North American Numbering Plan Administrator.

10.2.3 When a telephone number is ported out of Party A's network, Party A will remove any non-proprietary line based calling card(s) associated with the ported number(s) from its Line Information Database (LIDB). Reactivation of the line-based calling card in another LIDB, if desired, is the responsibility of Party B or Party B's Customer.

10.2.4 When a Customer of Party A ports their telephone numbers to Party B and the Customer has previously secured a reservation of line numbers from Party A for possible activation at a future point, these reserved but inactive numbers may be ported along with the active numbers to be ported provided the numbers have been reserved for the Customer. Party B may request that Party A port all reserved numbers assigned to the Customer or that Party A port only those numbers listed by Party B. As long as Party B maintains reserved but inactive numbers ported for the Customer, Party A shall not reassign those numbers. Party B shall not reassign the reserved numbers to another Customer.

10.2.5 When a Customer of Party A ports their telephone numbers to Party B, in the process of porting the Customer's telephone numbers, Party A shall implement the ten-digit trigger feature where it is available. When Party A receives the porting request, the unconditional

trigger shall be applied to the Customer's line before the due date of the porting activity. When the ten-digit unconditional trigger is not available, Party A and Party B must coordinate the disconnect activity.

10.2.6 For that originating traffic where a Party's network is currently capable of providing Jurisdictional Indicator Parameter ("JIP"), JIP will be provided by the originating Party in the Initial Address Message ("IAM"), containing the Local Exchange Routing Guide ("LERG")-assigned NPA-NXX (6 digits) identifying the originating switch. Notwithstanding the foregoing, the Parties recognize that COMCAST does not provide JIP on all originating traffic. COMCAST agrees to provide JIP to NEFCOM concurrent with the practice of sending JIP on all traffic to any other local exchange carrier served by the same Comcast switch that serves the NEFCOM service area.

10.2.7 Where LNP is commercially available, the NXXs in the office shall be defined as portable, except as noted below, and translations will be changed in the Parties' switches to open those NXXs for database queries in all applicable LNP capable offices within the LATA of the given switch(es).

10.2.8 All NXXs assigned to LNP capable switches are to be designated as portable unless a NXX(s) has otherwise been designated as non-portable. Non-portable NXXs include NXX codes assigned to paging services; codes assigned for internal testing and official use and any other NXX codes required to be designated as non-portable by the rules and regulations of the FCC. NXX codes assigned to mass calling on a choked network may not be ported using LNP technology but are portable using methods established by the NANC and adopted by the FCC. On a prospective basis, newly assigned codes in switches capable of porting shall become commercially available for porting with the effective date in the network.

10.2.9 Both Parties' use of LNP shall meet the performance criteria specified by the FCC. Both Parties will act as the default carrier for the other Party in the event that either Party is unable to perform the routing necessary for LNP. Each Party has the right to block default-routed calls entering its network in order to protect the public switched network from overload, congestion, or failure propagation.

10.2.10 Within ten (10) days of complete execution of this Agreement, the Parties shall provide each other written management escalation lists of each Party's management level personnel who are responsible for LNP provisioning and related LNP issues. Such lists shall contain all pertinent contact information, including, name, title, address, phone number, fax number and email address.
