Re: Docket No. 060368-WS, Application for Water and Wastewater Rate Increase by Aqua Utilities Florida, Inc. in all Counties. (Aqua)

Dear Mr. Ahmadi:

The Florida Public Service Commission is currently involved in a water and wastewater rate proceeding with Aqua. An important part of this proceeding is the quality of service provided by this utility. A major component of our quality of service recommendation is the consideration of the utility's compliance. It is essential that your staff answer the questions in the attached prefiled testimony.

The Aqua systems in the Central District are listed below:

There are a total of four systems in Highlands County of which three of those are water (WTP) and one system is wastewater (WWTP). The Water systems include: Sebring Lakes (WTP - PWS ID # 5284137), Lake Josephine (WTP - PWS ID # 6280162) and Leisure Lakes (WTP - PWS ID # 6280064). The wastewater system is Leisure Lakes (WWTP ID #: FLA014388).

CMP _____ There is only one wastewater system in Lee County which is South Seas (WWTP ID #: FLA014686).
