I will return the portion of Confidential Document No. 01091-07, which is identified as JC-6 attached to Mr. Coto's pre-filed direct testimony. With the remainder of the confidential document retained at the Commission. Is this correct ?

On February 22, 2007, FPL filed a request for confidential classification of information identified in document no. 01091-07. This document included business information of FPL (which should be retained by the Commission) and the electric transmission system security information. The electric transmission system information is no longer needed by staff and can be returned to the company. Please let me know if I need to do anything else.

Thank you,  
Katherine
