Carilink was cancelled in a compliance docket (060620). But, if you can get him to pay RAF, that will be a plus. No need to open a cancellation docket for Carilink.

would wait until the RAF process is complete. If the system works as I think it does, he will get a certified notice for VGM that 2006 RAF has not been paid and he will not get a certified notice for Carilink as the certificate is already cancelled. Is this what you understand??

Based on the e-mail from Hany Ayoub, it appears he wants to cancel his two IXC registrations (VGM and CariLink), although I am not 100% sure that is what he meant in his January 3rd e-mail ("please clx certificate"). He never responded to me after I asked him if he needed the RAF returns.

Should I go ahead and open dockets to cancel both certificates or wait until he pays RAFs for both?

OK. If you want to cancel CariLink's certificate, you will need to complete the 2006 Regulatory Assessment Fee return and pay the fee for that one too. Do you need the return forms? If you do, I can attach copies to an e-mail. Just let me know. Thanks.

Dear Mr. Ayoub:

The Commission received VGM's 2006 Regulatory Assessment Fee return form with a note "Account closed in early 2006." Unfortunately, the company still owes the 2006 fee because the minimum fee is owed if a certificate is active for any day during a calendar year. If the fee is paid by the due date of January 30th, I will open a docket to cancel the certificate with an effective date of December 31, 2006. That way, VGM will not owe the 2007 fee. Just as information, the 2007 minimum fee is increasing from \$50 to \$600, so you requested cancellation at the right time to avoid having to pay the higher minimum fee.

What about CariLink International, Inc.'s CLEC certificate (TX595)? Are you going to keep that certificate active?

Please let me know how you wish to proceed and let me know if you have any questions. Thanks.
