Re: Island Reserve - Panama City Beach, Florida

Dear Ms. Cole:

It is our understanding that Island Reserve is a development that will include approximately 299 homes and townhomes and that first residents are expected in mid-2007.

The developer (through its representative, Vyron Bernard) informed BellSouth Telecommunications, Inc. dba AT&T Florida that it has entered into an exclusive agreement with Knology for the provision of communications services to residents, such that AT&T Florida may not place facilities to provide service to residents. The contact information for the developer is as set forth in the "cc" line below.

Pursuant to Section 364.025(6)(b)(1), Florida Statutes, we are writing to inform the Commission that AT&T Florida has been restricted from installing its communications facilities during the construction phase of the above property. Accordingly, AT&T Florida is relieved of its carrier of last resort obligation at the property, effective as of the date of the agreement with Knology, and will not be providing service to residents at the property.

Sincerely,

Nancy H. Sims
