Re: Docket No. 060433-WU - Application for certificate to operate water utility in Lake County by South Umatilla Water Inc.

Dear Ms. Bonds-Wormack:

Staff has reviewed your deficiency response dated December 22, 2006. In that response letter we were informed that the balance of the deficiency responses would be submitted shortly after the beginning of 2007. To date we have received no additional information from you. Please complete the following deficiencies and provide the requested additional information to clarify the application.

Deficiencies

1. Rule 25-30.034(1)(d), Florida Administrative Code (F.A.C.), requires the application to include a statement regarding the financial and technical ability of the applicant to continue to provide service. The statement provided was incomplete. Please provide a detailed statement regarding the financial and technical ability of the utility. This should include financial statements of the utility in addition to a statement regarding the experience and certification of the operator.
2. Rule 25-30.034(1)(e), F.A.C., requires the application to include evidence that the utility owns the land or will have continued use of the land upon which the utility treatment facilities are or will be located. A copy of a recorded quit claim deed was included in the deficiency response. Please also provide proof of title insurance.
3. Rule 25-30.030, F.A.C., requires the application to include affidavits and copies of three types of "Notice of Actual Application" issued to existing customers, published in the local paper, and issued to other utilities and government officials. The application indicated that these notices would be late filed. The draft notices were reviewed and approved in January 2007. To date, no proof of noticing has been received. Since the noticing lists expire after 60 days, a current noticing list is enclosed. Please provide the three types of proof of noticing as required.
