

VOTE SHEET

August 14, 2007

Docket No. 070376-EG – Petition for approval of residential thermostat load control pilot project by Florida Power & Light Company.

Issue 1: Should the Commission approve Florida Power & Light Company’s (FPL) Petition for approval of its Residential Thermostat Load Control Pilot Project (TLCPP) for an initial 24-month period and recover the requested amount of \$728,000 associated with the TLCPP through the Energy Conservation Cost Recovery (ECCR) clause?

Recommendation: Yes. If the petition is approved, FPL will perform monitoring and evaluation to determine the demand (kW) and energy (kWh) impacts of the TLCPP. FPL will also perform quality control checks to verify the reliability of communications with the thermostats. FPL will utilize the data to perform a cost effectiveness analysis at the end of the Project. Staff also recommends that FPL provide annual progress reports to the Commission by September each year. The TLCPP will take effect August 14, 2007 and will expire on August 13, 2009.

APPROVED

Issue 2: Should this docket be closed?

Recommendation: Yes. If Issue 1 is approved, the tariffs should become effective August 14, 2007. If a protest is filed within 21 days of the issuance of the order, the tariffs should remain in effect with any increase held subject to refund pending resolution of the protest. If no timely protest is filed, the docket should be closed upon the issuance of a consummating order.
