RE: Alabama Electric Cooperative, Inc. – EC918 *080000*

Recently mailed out my request for “updated information” for all the Companies/Utilities under the FPSC jurisdiction. Mr. Avery responded on behalf of Alabama Electric Cooperative, Inc. , advising that their name has changed to “PowerSouth Energy Cooperative.” Mr. Avery also included a FEID number and I checked it with the Florida Department of State Division of Corporation and they show it listed for PowerSouth Energy Cooperative

Forwarding copy of the “updated information” for your information and further handling. I know that the “Electric Cooperatives” entity, can change their name without prior approval from the Commission. All other entities have to request for a docket to be opened and an order issued acknowledging their request.

If you could verify the new information with the Alabama Electric Cooperative, Inc., then let me know either by e-mail or memo that this is now their correct name. Once I hear back from you then I can update their name that we have listed in our Master Commission Directory (MCD.) Until then they will remain as originally listed in MCD.

Thanking you in advance for your help in this matter.
