RE: ANEW Broadband, Inc
FL CLEC Data Request
State Code: TX592

080000

RECEIVED FPSC
08 APR 17 AM 10:01
COMMISSION CLERK

Dear Ms. Bayo:

Enclosed please find a CD or diskette of the FL CLEC Data Request Tables, the FL specific portion of the FCC 477 and the FL CLEC Data Request, filed on behalf of ANEW Broadband, Inc. No check is enclosed as there are no remittance fees due.

Please acknowledge receipt of this filing by date-stamping the extra copy of this cover letter and returning it to me in the self-addressed, stamped envelope provided for that purpose.

Questions regarding this filing should be directed to my attention at 407-740-8575. Thank you for your assistance in this matter.

Sincerely,

CMP CD forwarded

Stock Symbol (if company is publicly traded): _____

Services Offered in Florida

1. Do you offer local telephone service in Florida? Please check yes or no.

Yes
 No

2. How is your local service provisioned? Please mark the appropriate response(s).

Resale agreement with ILEC
 Agreement with ILEC for wholesale platform (formerly known as UNE-P).
 Purchase some UNEs (other than wholesale platform) from ILEC
 Purchase elements (e.g., loops, switching) from other than ILEC (e.g., other CLECs)
 Completely self-provisioned
 Other (please describe) _____

3. Please complete the data tables.

4. What services, other than local service, does your company offer in Florida? Check all that apply.

Private line/special access
 VoIP
 Wholesale loops
 Paging service

¹The due date is set by Section 364.386(1)(b), Florida Statutes. Failure to comply with this rule may result in the Commission assessing penalties of up to \$25,000 per offense, with each day of noncompliance constituting a separate offense per Section 364.285(1), Florida Statutes.

Wholesale transport
 Interexchange service
 Cellular/wireless service

Cable television
 Satellite television
 Broadband Internet access

5. If you do not currently provide video services, do you have plans to offer video services in conjunction with other network services in the next three years?
6. This question concerns **prepaid** local telephone service in Florida. Please place a check by the response that most accurately reflects whether or not you offer prepaid local telephone service.

Company offers ONLY prepaid local telephone service in Florida
 Company offers prepaid AND non-prepaid local telephone service in Florida
 Company does NOT offer prepaid local telephone service in Florida

Bundled Services

7. Do you offer bundled services to your Florida residential and business customers? For the purpose of this question, bundled services are specially priced packages that consist of local service plus at least one other feature (e.g., call waiting) or service (e.g., long distance or broadband or video). Please mark the applicable response(s).

Yes - Residential
 No - Residential
 Yes - Business
 No - Business

8. If you do offer bundled services, what is the percentage of your Florida residential and business customers that can purchase the bundles? Please provide the percentage below. If you do not offer bundled services, place a mark by "not applicable."

100% Residential
 100% Business
 Not applicable

9. If you do offer bundled services, what percentage of your Florida residential and business customers purchase the bundles? Please provide the percentage below. If you do not offer bundled services, place a mark by "not applicable."

80% Residential
 80% Business
 Not applicable

VoIP

10. Indicate below whether you are offering VoIP service to end users in Florida. VoIP service is defined as IP-based voice service provided over a digital connection. Check any that apply.

- Not offering VoIP service to end users
- Offering VoIP services to business end users
- Offering VoIP services to residential end users

11. If you are offering VoIP service in Florida:

a. Where are you offering VoIP service, e.g., specific cities, counties, statewide, etc.?
Statewide

b. What is the range of prices for residential VoIP service?
\$19.99

c. What is the range of prices for business VoIP service?
\$28.99

d. Please check all that apply to your VoIP service:

- Offer wireless VoIP service
- Offer wireline VoIP service
- Optional power backup
- Standard power backup
- Contribute to Universal Service Fund
- Peer-to-Peer only (no interconnection with PSTN).
- Use of public Internet
- Use of private IP network

e. If you are not offering VoIP service to end-users in Florida, do you anticipate doing so? If yes, identify rollout month/year.

Broadband

12. Do you offer broadband to residential customers in Florida? Please check the applicable answer.

- Yes
- No

13. If you do offer broadband to residential customers in Florida, please provide your best estimate of the percentage of residential end user premises in your Florida service area for which your broadband services are available.

100%

14. For your Florida territory in which you currently do not offer broadband, what percentage of these customers do you plan to provide broadband availability in the next 5 years?

15. How many residential broadband subscribers do you have in Florida?

238

16. Please list the method(s) of broadband provisioning utilized in Florida by your company (i.e. DSL, cable modem, fiber, etc.).

DSL

17. What are the typical downstream and upstream speeds for your most popular broadband service?

1.5M 256K

18. What is the monthly price for your most popular residential broadband service?

\$53.00

Fiber Deployment

19. Did you deploy fiber to homes or businesses in Florida between May 31, 2006 and December 31, 2007?

_____ Yes
✓ No

20. If you answered **Yes** to question 19 above, please provide the following information:

- a. Location of each deployment (e.g., name of development, wire center, and exchange).
- b. Type of infrastructure for each deployment (e.g., Fiber to the Home/Fiber to the premises/Fiber to the Curb).
- c. Number of residential and business premises passed in each deployment and the number of residential and business subscribers for each. This includes Fiber to the Home, Fiber to the Premises, and Fiber to the Curb.

_____ Residential premises passed
_____ Residential subscribers
_____ Business premises passed
_____ Business subscribers

d. What services do you offer in each deployment?

21. Please provide your company's total statewide of residential and business subscribers currently served by Fiber to the Home, Fiber to the Premises, and/or Fiber to the Curb technology.

_____ Residential Subscribers
_____ Business Subscribers
_____ Total

Miscellaneous

22. In calendar year 2007, how much money did you invest in your network directly serving Florida's local service customers? Please check the applicable answer.

\$1 - \$249,999
 \$250,000 - \$999,999
 \$1,000,000 - \$9,999,999
 \$10,000,000 or more

23. Are you currently operating under Chapter 7 or Chapter 11 protection? Please check yes or no.

_____ Yes
_____ No

24. Please provide a copy of the Form 477 you filed with the FCC with data as of:

- a. **June 30, 2007**
- b. **December 31, 2007**

25. Did the relief requested in Verizon's petition for Forbearance deemed granted by operation of law, effective March 19, 2006, affect your business model going forward? If so, how?

Comments

26. Have you experienced any significant barriers in entering Florida's local exchange markets? Please list and describe any major obstacles or barriers encountered that you believe may be impeding the growth of local competition in the state, along with any suggestions as to how to remove such obstacles. Any additional general comments or information you believe will assist staff in evaluating and reporting on the development of local exchange competition in Florida are welcome.

Company Name: ANEW Broadband, Inc.

Company Code*: TX592

* Your CLEC Company code is shown on the label affixed to the envelope in which this was mailed and on the cover letter.

Please check the boxes in the chart below indicating in which ILEC exchange you provide business or residential local service.

Table 1: Traditional Retail Switched Access Lines on a Voice-Grade Equivalent (VGE) Basis

Company Name: ANEW Broadband, Inc.

Company Code*: TX592

* Your Company code is shown on the label affixed to the envelope in which this was mailed and on the cover letter.

THIS TABLE IS TO ONLY CAPTURE TRADITIONAL RETAIL SWITCHED ACCESS LINES. DO NOT INCLUDE LINES REPORTED IN TABLE 5.

Complete Table 1 if you provided voice telephone service to Florida end users via one or more voice-grade equivalent (VGE) lines or fixed wireless VGE channels. See FCC Form 477 definitions and instructions for Line A. II-1 and complete this table accordingly.

Each Exchange name and corresponding data must be entered in a separate row.

Do not report special access lines or any high-capacity connections between two locations of the same end user, ISP, or telecommunications carrier.

Please provide data as of June 30, 2007 and as of December 31, 2007 in two separate tables.

	(1) Exchange	(a) Total VGE lines and VGE wireless channels in service	Percentages of lines and wireless channels reported in (a)**						
			(b) Residential lines	(e) Provided over your own local loop facilities or the fixed wireless last-mile equivalent	(f) Provided over UNE loops obtained without UNE switching	(g) Provided over UNE-Platform	(h) Provided by reselling another carrier's service (including Centrex/Centron or channelized special access service)	(i) Provided over coaxial cable at the end user premises ("cable telephony")	(j) Provided over fixed wireless at the end user premises

Table 5: VoIP Access Lines on a Voice-Grade Equivalent (VGE) Basis

Company Name:

Company Code*:

* Your Company code is shown on the label affixed to the envelope in which this was mailed and on the cover letter.

THIS TABLE IS TO ONLY CAPTURE VoIP LINES. DO NOT INCLUDE LINES REPORTED IN TABLE 1.

Complete Table 5 if you provided VoIP service to Florida end users via one or more voice-grade equivalent (VGE) lines or wireless VGE channels.

An access line connects the end user's customer premises equipment (CPE) to the serving switch and allows the end user to originate and/or terminate local telephone calls on the public switched telephone network (PSTN). The access line counts in Table 5 below must be based on all of your different types of access lines (including fixed wireless) that are used to provide VoIP service.

Each field must be populated. All entries must be made without quotation marks.

TABLE COLUMN INSTRUCTIONS:

Column (a). List Exchanges in alphabetical order corresponding to the primary location where service is provided. Reported exchange data should not be based on secondary service locations (i.e., where service has been moved temporarily to a secondary location such as a vacation home).

Column (b). Enter the abbreviation Res for Residential lines or Bus for Business lines. Residential lines and business lines must be entered in separate rows.

Column (c). Enter line count as voice-grade equivalents (VGEs). Report VGEs based on how the customer is billed. If the customer is billed for a dynamic bandwidth VoIP product, the line count would be the maximum number of VoIP lines available. If the customer is billed for a specific number of VoIP lines, or a range of lines, the VoIP line count would be the number of VoIP lines or the highest number of the range, respectively. Each line count must be entered in separate rows.

Please provide data as of June 30, 2007 and as of December 31, 2007 in two separate tables.

All filers must complete Items 1 through 8 of this Cover Page. Data as of:

December 31, 2007

Review Instructions before completing this form. Instructions are posted at:

<http://www.fcc.gov/Forms/Form477/477instr.pdf>

1. Company. ANEW Broadband, Inc.

2. Filers must report data for ILEC and non-ILEC operations on separate forms. Use the following drop-down box to indicate whether this worksheet contains data for ILEC or for non-ILEC operations.

Non-ILEC operations

3. Use the following drop-down box to select the name of your parent or controlling entity. If you are not affiliated with any other filer, select your company name. Select "not shown" if no appropriate name appears in the list. See Instructions section IV.B.1 for information on preparing file names.

Not shown below

If you selected "not shown" above, then provide the following:

Parent or controlling entity name (if none, enter company name).

CIMA Telecom, Inc.

4. Filers must report data for different states in separate forms.

State. Florida

5. Contact person (person who prepared the data contained below).

Craig Neeld

6. Contact person telephone number and email address.

Phone. 407-740-8575

Email. cneeld@tminc.com

7. Indicate whether this is an original or revised filing.

Original Filing

8. Indicate whether you request non-disclosure of some or all of the information in this file because you believe that this information is privileged and confidential and public disclosure of such information would likely cause substantial harm to the competitive position of the filer.

Filer certifies that some data in this report is privileged and confidential

Reminders:

- 1) Ensure files are virus free by using up-to-date virus detection software. Filers are encouraged to submit files via email (address: FCC477@fcc.gov).
- 2) If you are filing original or revised data for an earlier semi-annual reporting period, do not use this particular form (which is only for data as of December 31, 2007). See reminder 4.
- 3) You may not insert or delete columns or rows, move cells, or edit text or numbers outside the cells provided for data entries. Filers will be required to correct and resubmit any files that cannot be opened in EXCEL2003, any files whose structure has been altered, and any files with improper names.
- 4) If you have questions about the form, contact the Wireline Competition Bureau, Industry Analysis and Technology Division at (202) 418-0940; via email at 477INFO@fcc.gov; or via TTY at (202) 418-0484.
- 5) You must submit a Certification Statement signed by an officer of your company. A single statement may cover all files submitted. See Instructions sections IV & V.
- 6) Name your files as specified in Instructions section IV.B.1. To assist you, complete this Cover Page to generate an "example" name, below. Replace the character "#" in this example name with a sequence number as specified in Instructions. This number should be "1" unless using "1" would cause you to submit more than one file with the identical file name.

Example >>> #REF!

ANEW Broadband, Inc. for Florida December 31, 2007

Complete Part I.A if you provide one or more lines or wireless channels in the state that connect end users to the Internet at information transfer rates exceeding 200 kbps in at least one direction. For this purpose, include connections provided over your own local loop facilities or over lines or wireless channels you provisioned to enable information transfer at the end user location at rates exceeding 200 kbps in at least one direction. See Instructions for definitions of "broadband", "end user", "own local loop facilities", and "residential end user premises".

If you complete Part I.A, you must provide in Part V specified lists of 5-digit Zip Codes. See Instructions.

Do not report anywhere in the form any high-capacity connections between two locations of the same end user customer, ISP or communications carrier.

Data as of December 31, 2007

I.A. Lines and wireless channels connecting end users to the Internet that you provided over your own local loop facilities, or over UNE loops or other lines and wireless channels that you obtained from unaffiliated entities and equipped as broadband, categorized by technology at the end user location.

(a) Total connections to end users (information transfer rates exceeding 200 kbps in at least one direction)	Percentages of lines and wireless channels reported in (a), and									
	(b) Provided to residential end user premises	(c) Provided over your own local loop facilities or the wireless last-mile equivalent	(d) Billed (or incorporated in a service billed) to end users by you, or your affiliates or agents	That have information transfer rates exceeding 200 kbps in both directions, and:						
				(e) Provided to residential end user premises	(f) Have information transfer rates in the faster direction greater than 200 kbps and less than 2.5 mbps	(g) Have information transfer rates in the faster direction greater than or equal to 2.5 mbps and less than 10 mbps	(h) Have information transfer rates in the faster direction greater than or equal to 10 mbps and less than 25 mbps	(i) Have information transfer rates in the faster direction greater than or equal to 25 mbps and less than 100 mbps	(j) Have information transfer rates in the faster direction greater than or equal to 100 mbps	
I - 1. Asymmetric xDSL	184	20%	0%	0%	20%	100%	0%	0%	0%	0%
I - 2. Symmetric xDSL										
I - 3. Traditional wireline such as T-carrier.	39	10%	0%	0%	10%	100%	0%	0%	0%	0%
I - 4. Cable modem.	60	20%	0%	0%	20%	100%	0%	0%	0%	0%
I - 5. Optical carrier (fiber to the end user).										
I - 6. Satellite.										
I - 7. Terrestrial fixed wireless (licensed or unlicensed).	74	10%	100%	0%	10%	100%	0%	0%	0%	0%
I - 8. Terrestrial mobile wireless (licensed or unlicensed).										
I - 9. Electric power line.	40	20%	0%	0%	10%	100%	0%	0%	0%	0%
I - 10. All other technologies. Report specific technology and the corresponding number of connections in the comment section of Part IV.										

Note: In Part I.A, report actual counts of connections. Do not report voice-grade equivalent measures.

ANEW Broadband, Inc. for Florida December 31, 2007

Complete Part I.B ONLY IF you are an ILEC (or an affiliate of an ILEC) that is reporting asymmetric or symmetric xDSL connections in Part I.A OR you are a cable system (or an affiliate of a cable system) that is reporting cable modem connections in Part I.A.

For the purposes of completing Part I.B:

- (1) "Residential end user premises" include residential living units, individual living units in such institutional settings as college dormitories and nursing homes, and other end user locations to which you (including affiliates and agents) market broadband services that are primarily designed for residential use.
- (2) The "service area" of an ILEC consists of those residential end user premises to which the ILEC can deliver telephone service over local loop facilities (or the fixed-wireless last mile equivalent) that it owns.
- (3) The "service area" of a cable system consists of those residential end user premises to which the system can deliver cable service over cable plant that it owns.

I.B. Report your best estimate of the percentage of residential end user premises in your service area, in this state, to which your broadband connections could be provided using installed distribution facilities.

(a)

Estimated % of residential end user premises

1 - 11. Providers of xDSL (asymmetric or symmetric) connections should base responses on the service area of the affiliated ILECs.

1 - 12. Providers of cable modem connections should base responses on the service area of the affiliated cable systems.

ANEW Broadband, Inc. for Florida December 31, 2007

Complete Part II if you provided one or more voice-grade equivalent lines or wireless voice-grade equivalent channels used for local exchange or exchange access service in the state. See Instructions about including lines provisioned over channelized high-capacity facilities, including PRI circuits used to provide local connectivity to dial-up ISPs. Also see Instructions for definitions of "voice telephone service", "voice-grade equivalent", "end user", "residential lines", "default interstate long distance carrier", "own local loop facilities", and "UNE-Platform".

If in Part II you report voice-grade equivalent lines or voice-grade equivalent wireless channels for service provided to end users, you must provide in Part V a list containing the 5-digit Zip Codes of the locations to which you provide those lines or channels. See Instructions.

Do not report anywhere in the form special access lines or any high-capacity connections between two locations of the same end user customer, ISP or communications carrier. Note that competitive LECs (CLECs) typically do not provide either Total Service Resale or UNE arrangements. Therefore, on Line II-3 of Part II, CLECs typically report any wholesale switched voice lines and channels sold to unaffiliated communications carriers.

Data as of December 31, 2007

(a) Total voice-grade equivalent lines and voice-grade equivalent wireless channels in service	Percentages of lines and wireless channels reported in (a)								
	(b) Residential lines	(c) For which you (including affiliates) are the default interstate long distance carrier	(d) Residential lines for which you (including affiliates) are the default interstate long distance carrier	(e) Provided over your own local loop facilities or the fixed wireless last-mile equivalent	(f) Provided over UNE loops obtained without UNE switching	(g) Provided over UNE-Platform	(h) Provided by reselling another carrier's service (including Centrex/Centron or channelized special access service)	(i) Provided over coaxial cable at the end user premises ("cable telephony")	(j) Provided over fixed wireless at the end user premises

II.A. Voice telephone service provided to end users.

II - 1. Total lines and channels you provided to end users.

2,053	20%	10%	8%	0%	0%	100%	0%	0%	0%
-------	-----	-----	----	----	----	------	----	----	----

II.B. Voice telephone service that you provided to unaffiliated communications carriers, categorized by:

II - 2. Lines and channels you provided to unaffiliated communications carriers under Total Service Resale arrangements.

0

II - 3. Lines and channels you provided to unaffiliated communications carriers under other resale arrangements, such as resold Centrex or resold channelized special access service.

0

II.C. UNE loops that you provided to unaffiliated communications carriers, categorized by:

II - 4. Lines and channels that you provided to unaffiliated communications carriers under a UNE loop arrangement, where you did not provide switching for the line.

0

II - 5. Lines and channels that you provided to unaffiliated communications carriers under a UNE loop arrangement, where you also provided switching for the line ("UNE-Platform").

0

ANEW Broadband, Inc. for Florida December 31, 2007

Complete Part III if you serve one or more mobile voice telephony subscribers in the state over your own facilities. See Instructions for definitions of "mobile voice telephony subscribers" and "own facilities".

Data as of December 31, 2007

III.A. Mobile voice telephony subscribers in service and served over your own facilities. (Include directly billed subscribers, pre-paid subscribers, and subscribers served via resellers.)

(a) Network telephone service subscribers	(b) Percentage of subscribers reported in (a) that are directly billed or pre-paid subscribers
--	---

III - 1. Cellular, PCS and other mobile telephony.

Note: In Part III, count a subscriber as a mobile handset, car-phone or other revenue-generating active voice unit that has a unique phone number and that can place and receive calls from the public switched network. Subscriber counts by state should be based on the area codes of the phone numbers provided to subscribers.

V. CERTIFICATION STATEMENT

FCC Form 477 Local Telephone Competition and Broadband Reporting (ATTENTION: WCB/IATD, Room 6-A220)

CERTIFICATION STATEMENT

Check the method (use ONLY one) used to deliver completed Form 477(s) to the FCC. See Instructions, Section IV, for the proper address to use for each delivery method:

E-mail Overnight service other than United States Postal Service
 Messenger or hand delivery Other (specify: _____)

Also see Instructions, Section IV, for separate directions on how to submit the signed, original paper copy of this Certification Statement to the FCC.

This filing is an (check one) original filing revised filing

Organization name : ANEW Broadband, Inc.

Number of files provided for this reporting period: _____

Year (of the data): 2007 Data as of: [Check one: June 30 _____ ; December 31]

I certify that I am an officer of ANEW Broadband, Inc.; that I have examined the information contained in the data files submitted and that to the best of my knowledge, information and belief, all statements of fact contained in such files are true and that said files represent an accurate statement of the affairs of the above named respondent as of the following date:

12/31/2007

If I have requested non-disclosure of some or all of the information in FCC Form 477 by so indicating on Line 8 of the Cover Page of the form, I certify that this information is privileged and confidential and that public disclosure of such information would likely cause substantial harm to the competitive position of the respondent.
