Docket No. 080148-EI

Submitted for Filing: April 17, 2008

AFFIDAVIT OF JOHN SIPHERS IN SUPPORT OF PROGRESS ENERGY FLORIDA'S REQUEST FOR CONFIDENTIAL CLASSIFICATION REGARDING STAFF'S FIRST REQUEST FOR PRODUCTION OF DOCUMENTS

STATE OF NORTH CAROLINA

COUNTY OF WAKE

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared John Siphers, who being first duly sworn, on oath deposes and says that:

- 1. My name is John Siphers. I am over the age of 18 years old and I have been authorized by Progress Energy Florida (hereinafter "PEF" or the "Company") to give this affidavit in the above-styled proceeding on PEF's behalf and in support of PEF's Request for Confidential Classification. The facts attested to in my affidavit are based upon my personal knowledge.
- 2. I am the Manager-Nuclear Fuel Management & Safety Analysis Section. This department is responsible for the procurement of nuclear fuel for PEF and Progress Energy Carolinas ("PEC") systems.
- 3. As the Manager-Nuclear Fuel Management & Safety Analysis Section I am responsible for, among other things, negotiating and managing the uranium mining, conversion, enrichment, and nuclear fuel fabrication contracts for both PEF and PEC. I am also responsible

DOCUMENT NUMBER-DATE

for making sure the PEC and PEF nuclear generation power plants have sufficient nuclear fuel, on time, and at a reasonable cost.

- 4. PEF is seeking confidential classification for portions of its responses to the Staff's First Request for Production (Nos. 1-3), specifically portions of the responses to request 2. A detailed description of the confidential information at issue is contained in confidential Exhibit A to PEF's Second Request for Confidential Classification and is outlined in PEF's Justification Matrix that is attached to PEF's Second Request for Confidential Classification as Exhibit C. PEF is requesting confidential classification of this portion of the response, because it contains confidential information regarding contracts between PEF and outside vendors who provide fuel forecasting data, the disclosure of which would compromise PEF's competitive business interests.
- 5. Staff's Request for Production number 2 calls for documents regarding uranium and nuclear fuel forecasting data and market information, which PEF purchases from third party entities. The terms of the contracts under which PEF purchases these fuel forecasts requires PEF to maintain the information contained in these reports as confidential. Disclosure of this information would violate the terms of those confidentiality agreements. In addition, if PEF disclosed this confidential forecasting data, the third parties that sell this data may be unwilling in the future to offer such information to PEF, which could adversely affect PEF's competitive business interests in buying fuel.
- 6. Upon receipt of this confidential information, and with its own confidential information, strict procedures are established and followed to maintain the confidentiality of the terms of the documents and information provided, including restricting access to those persons who need the information to assist the Company, and restricting the number of, and access to the

information and contracts. At no time since receiving the contracts and information in question has the Company publicly disclosed that information or contracts. The Company has treated and continues to treat the information and contracts at issue as confidential.

7. This concludes my affidavit.

Further affiant sayeth not.

Dated the / (a day of April, 2008.
