Subject: Docket 080469-TX

Good afternoon.

In researching this, I found that the first d/b/a in the company's name is "HControl Corporation." I left out the "r" on the request to establish docket form because that is how it was listed in MCD. When I looked back at Docket No. 070250-TX, which was a name change docket, the company requested "HControl." I think it was just a typo when it was input into MCD as "HContol."

Bottom line: Please change MCD and my docket title to reflect the company name is:

Optical Telecommunications, Inc. d/b/a HControl Corporation d/b/a SH Services LLC.

Thanks so much.
