**PETITION FOR APPROVAL OF SECTION 252(i) ADOPTION WITH MODIFICATIONS  
OF THE EXISTING TERMS OF THE INTERCONNECTION, UNBUNDLING, RESALE  
AND COLLOCATION AGREEMENT BETWEEN BANDWIDTH.COM CLEC, LLC  
AND VERIZON FLORIDA LLC BY FIBERLIGHT, LLC**

Verizon Florida LLC (Verizon) files this petition before the Florida Public Service Commission (Commission) seeking approval of FiberLight, LLC’s Section 252(i) adoption with modifications of the existing terms of the interconnection, unbundling, resale and collocation agreement between Verizon and Bandwidth.com CLEC, LLC. The Verizon/Bandwidth agreement was approved by the Commission on June 5, 2008 in Docket No. 080133-TP.

Verizon respectfully requests that the Commission approve its petition and that Verizon be granted all other relief proper under the circumstances.

Respectfully submitted on July 22, 2008.

Re: Requested Adoption Under Section 252(i) of the Communications Act

Dear Mr. Miller:

Verizon Florida LLC ("Verizon"), a Florida limited liability company, with principal place of business at 201 N. Franklin Street, One Tampa City Center, Tampa, FL 33602, has received correspondence stating that FiberLight, LLC ("FBL"), a Delaware limited liability company, with principal place of business at 3655 Brookside Parkway, Suite 550, Alpharetta, Georgia 30022 wishes, pursuant to Section 252(i) of the Communications Act, to adopt the terms of the Interconnection Agreement between Bandwidth.com CLEC, LLC ("Bandwidth") and Verizon that was approved by the Florida Public Service Commission (the "Commission") as an effective agreement in the State of Florida, as such agreement exists on the date hereof after giving effect to operation of law (the "Terms"). I understand FBL has a copy of the Terms. Please note the following with respect to FBL's adoption of the Terms.

1. By FBL's countersignature on this letter, FBL hereby represents and agrees to the following seven points:
  - A. FBL adopts (and agrees to be bound by) the Terms and, in applying the Terms, agrees that FBL shall be substituted in place of Bandwidth.com CLEC, LLC and Bandwidth in the Terms wherever appropriate.
  - B. For the avoidance of any doubt, adoption of the Terms does not include adoption of any provision imposing an unbundling obligation on Verizon (i) that no longer applies to Verizon under the Report and Order and Order on Remand (FCC 03-

36) released by the Federal Communications Commission ("FCC") on August 21, 2003 in CC Docket Nos. 01-338, 96-98, 98-147 ("Triennial Review Order"), or the Order on Remand in WC Docket No. 04-313 and CC Docket No. 01-338, released by the FCC on February 4, 2005 (the "TRO Remand Order"), or (ii) that is otherwise not required by 47 U.S.C. Section 251(c)(3) or by 47 C.F.R. Part 51.

- C. Notice to FBL and Verizon as may be required or permitted under the Terms shall be provided as follows:

- D. FBL represents and warrants that it is a certified provider of local telecommunications service in the State of Florida, and that its adoption of the Terms will cover services in the State of Florida only.
- E. In the event an interconnection agreement between Verizon and FBL is currently in effect in the State of Florida (the "Original ICA"), this adoption shall be an amendment and restatement of the operating terms and conditions of the Original ICA, and shall replace in their entirety the terms of the Original ICA. This adoption is not intended to be, nor shall it be construed to create, a novation or accord and satisfaction with respect to the Original ICA. Any outstanding payment obligations of the parties that were incurred but not fully performed under the Original ICA shall constitute payment obligations of the parties under this adoption.
- F. Verizon's standard pricing schedule for interconnection agreements in the State of Florida (as such schedule may be amended from time to time) (attached as

Appendix A hereto) shall apply to FBL's adoption of the Terms. FBL should note that the aforementioned pricing schedule may contain rates for certain services the terms for which are not included in the Terms or that are otherwise not part of this adoption, and may include phrases or wording not identical to those utilized in the Terms. In an effort to expedite the adoption process, Verizon has not deleted such rates from the pricing schedule or attempted to customize the wording in the pricing schedule to match the Terms. However, the inclusion of such rates in no way obligates Verizon to provide the subject services and in no way waives Verizon's rights, and the use of different wording or phrasing in the pricing schedule does not alter the obligations and rights set forth in the Terms.

- G. FBL's adoption of the Terms shall become effective on June 26, 2008. Verizon shall file this adoption letter with the Commission promptly upon receipt of an original of this letter countersigned by FBL as to the points set out in Paragraph One hereof. The term and termination provisions of the Terms shall govern FBL's adoption of the Terms. The adoption of the Terms is currently scheduled to expire on February 28, 2010.
2. As the Terms are being adopted by FBL pursuant to Section 252(i) of the Act, Verizon does not provide the Terms to you as either a voluntary or negotiated agreement. The filing and performance by Verizon of the Terms does not in any way constitute a waiver by Verizon of any position as to the Terms or a portion thereof, nor does it constitute a waiver by Verizon of all rights and remedies it may have to seek review of the Terms, or to seek review in any way of any provisions included in the Terms as a result of FBL's adoption of the Terms.
  3. Nothing herein shall be construed as or is intended to be a concession or admission by Verizon that any provision in the Terms complies with the rights and duties imposed by the Act, the decisions of the FCC and the Commission, the decisions of the courts, or other law, and Verizon expressly reserves its full right to assert and pursue claims arising from or related to the Terms.
  4. Verizon reserves the right to deny FBL's application of the Terms, in whole or in part, at any time:
    - A. when the costs of providing the Terms to FBL are greater than the costs of providing them to Bandwidth;
    - B. if the provision of the Terms to FBL is not technically feasible; and/or
    - C. to the extent that Verizon otherwise is not required to make the Terms available to FBL under applicable law.
  5. For the avoidance of any doubt, please note that adoption of the Terms will not result in reciprocal compensation payments for Internet traffic. Verizon has always taken the position that reciprocal compensation was not due to be paid for Internet traffic under section 251(b)(5) of the Act. Verizon's position that reciprocal compensation is not to be paid for Internet traffic was confirmed by the FCC in the Order on Remand and Report and Order adopted on April 18, 2001 ("*FCC Internet Order*"), which held that Internet traffic constitutes "information access" outside the scope of the reciprocal compensation obligations set forth in section 251(b)(5) of the Act.<sup>1</sup> Accordingly, any compensation to

be paid for Internet traffic will be handled pursuant to the terms of the *FCC Internet Order*, not pursuant to adoption of the Terms.<sup>2</sup> Moreover, in light of the *FCC Internet Order*, even if the Terms include provisions invoking an intercarrier compensation mechanism for Internet traffic, any reasonable amount of time permitted for adopting such provisions has expired under the FCC's rules implementing section 252(i) of the Act.<sup>3</sup> In fact, the *FCC Internet Order* made clear that carriers may not adopt provisions of an existing interconnection agreement to the extent that such provisions provide compensation for Internet traffic.<sup>4</sup>

6. Should FBL attempt to apply the Terms in a manner that conflicts with Paragraphs Two through Paragraphs Five above, Verizon reserves its rights to seek appropriate legal and/or equitable relief.
  
7. In the event that a voluntary or involuntary petition has been or is in the future filed against FBL under bankruptcy or insolvency laws, or any law relating to the relief of debtors, readjustment of indebtedness, debtor reorganization or composition or extension of debt (any such proceeding, an "Insolvency Proceeding"), then: (A) all rights of Verizon under such laws, including, without limitation, all rights of Verizon under 11 U.S.C. § 366, shall be preserved, and FBL's adoption of the Terms shall in no way impair such rights of Verizon; and (B) all rights of FBL resulting from FBL's adoption of the Terms shall be subject to and modified by any Stipulations and Orders entered in the Insolvency Proceeding, including, without limitation, any Stipulation or Order providing adequate assurance of payment to Verizon pursuant to 11 U.S.C. § 366.

### (FLORIDA) v1.12

#### I. Rates and Charges for Transport and Termination of Traffic<sup>3</sup>

##### A. Reciprocal Compensation Traffic Termination

Reciprocal Compensation Traffic End Office Rate: **\$0.0022574 per minute of use.**

Reciprocal Compensation Traffic Tandem Rate: **\$0.0040108 per minute of use.**

##### B. The Tandem Transit Traffic Service Charge is **\$0.0016723 per minute of use.**

##### C. Entrance Facility and Transport for Interconnection Charges: **See Intrastate Special Access Tariff**

##### D. Exchange Access Service: Per Verizon interstate and/or Verizon intrastate access tariff

---

<sup>1</sup> This Appendix may contain rates for (and/or reference) services, facilities, arrangements and the like that Verizon does not have an obligation to provide under the Agreement (e.g., services, facilities, arrangements and the like that Verizon is not required to provide under Section 251 of the Act). Notwithstanding any such rates (and/or references) and, for the avoidance of any doubt, nothing in this Appendix shall be deemed to require Verizon to provide a service, facility, arrangement or the like that the Agreement does not require Verizon to provide, or to provide a service, facility, arrangement or the like upon rates, terms or conditions other than those that may be required by the Agreement.

UNE rates and charges set forth in this Appendix that are marked with a (♣) are pursuant to FL Order No. PSC-02-1574-FOF-TP, Docket No. 990649B-TP. These UNE rates became effective on August 5, 2003 for seventeen (17) named CLECs (per FL Order No. PSC-03-0896-PCO-TP) and became effective on December 8, 2004 for other CLECs.

All rates and charges set forth in this Appendix shall apply until such time as they are replaced by new rates and/or charges as the Commission or the FCC may approve or allow to go into effect from time to time, subject however, to any stay or other order issued by any court of competent jurisdiction. In addition to any rates and charges set forth herein, Verizon, effective as of March 11, 2005, may, but shall not be required to, charge (and FBL shall pay) any rates and charges that apply to a CLEC's embedded base of certain UNEs pursuant to the FCC's Order on Remand, *Unbundled Access to Network Elements; Review of the Section 251 Unbundling Obligations of Incumbent Local Exchange Carriers*, WC Docket No. 04-313, CC Docket No. 01-338 (FCC rel. Feb. 4, 2005) (the "TRRO"), the foregoing being without limitation of other rates and charges that may apply under subsequent FCC orders or otherwise. In addition, as set forth in Industry Notices, access tariff rates and/or other applicable non-UNE rates may apply for certain facilities and arrangements that are no longer available as unbundled network elements or combinations thereof.

<sup>2</sup> Unless a citation is provided to a generally applicable Verizon tariff, all listed rates and services are available only to FBL when purchasing these services for its use in the provision of Telephone Exchange Service, and apply only to Reciprocal Compensation Traffic and local Ancillary Traffic. Verizon rates and services for use by FBL in the carriage of Toll Traffic shall be subject to Verizon's tariffs for Exchange Access Service. Adherence to these limitations is subject to a reasonable periodic audit by Verizon.

<sup>3</sup> All rates and charges specified herein are pertaining to the Interconnection Attachment.

<sup>7</sup> A Line and Station Transfer (LST) Charge applies when Verizon arranges or rearranges an individual circuit at a terminal or cross-connect box to free up a pair or suitable facility at the required service location; examples include an arrangement of copper to DLC, the rearrangement of IDLC to copper and the rearrangement of IDLC to UDLC.

<sup>8</sup> This Appendix may contain rates and charges for (and/or reference) services, facilities, arrangements and the like that Verizon does not have an obligation to provide under the Agreement (e.g., services, facilities, arrangements and the like for which an unbundling requirement does not exist under 47 U.S.C. Section 251(c)(3)). Notwithstanding any such rates and/or charges (and/or references) and, for the avoidance of any doubt, nothing in this Appendix shall be deemed to require Verizon to provide a service, facility, arrangement or the like that the Agreement does not require Verizon to provide, or to provide a service, facility, arrangement or the like upon rates, terms or conditions other than those that may be required by the Agreement.

♣ While Verizon is not pursuing charges associated with routine network modifications at this time, Verizon reserves the right to pursue such charges at a later date.

## Application of NRCs

### Preordering:

CLEC Account Establishment is a one-time charge applied the first time that FBL orders any service from this Agreement.

Customer Record Search applies when FBL requests a summary of the services currently subscribed to by the end-user.

### Ordering and Provisioning:

Initial Service Order (ISO) applies to each Local Service Request (LSR) and Access Service Request (ASR) for new service. Charge is Manual (e.g. for a faxed order) or Semi-Mechanized (e.g. for an electronically transmitted order) based upon the method of submission used by the CLEC.

Subsequent Service Order applies to each LSR/ASR for modifications to an existing service. Charge is Manual or Semi-Mechanized based upon the method of submission used by the CLEC.

Advanced ISO applies per LSR/ASR when engineering work activity is required to complete the order.

Exchange ISO applies per LSR/ASR when no engineering work activity is required to complete the order.

Provisioning – Initial Unit applies per ISO for the first unit installed. The Additional Unit applies for each additional unit installed on the same ISO.

Basic Provisioning applies to services that can be provisioned using standard network components maintained in inventory without specialized instructions for switch translations, routing, and service arrangements.

Complex Provisioning applies to services that require special instruction for the provisioning of the service to meet the customer's needs.

### Examples of services and their Ordering/Provisioning category that applies:

Exchange-Basic: 2-Wire Analog, Standard Sub-Loop Distribution, Drop and NID.

Exchange-Complex: Non-loaded Sub-Loop Distribution and Loop Conditioning.

Advanced-Basic: 2-Wire Digital Loop, 4-Wire Digital Loop, 4-Wire Analog

Advanced-Complex: DS1 Loop, DS3 Loop, Dark Fiber, and EELs.

Conditioning applies in addition to the ISO, for each Loop or Sub-Loop UNE for the installation and grooming of Conditioning requests.

DS1 Clear Channel Capability applies in addition to the ISO, per DS1 for the installation and grooming of DS1 Clear Channel Capability requests.

Changeover Charge applies to EEL orders when an existing retail, resale, or special access service is already in place.

Service Inquiry – Dark Fiber applies per service inquiry when a CLEC requests Verizon to determine the availability of dark fiber on a specific route.

#### EELs

The NRCs that generally apply to an EEL arrangement are applicable ordering & provisioning charges for EEL Loops, IDT, Multiplexing and Clear Channel Capability.

Custom Handling (These NRCs are in addition to any Preordering or Ordering and Provisioning NRCs):

Service Order Expedite applies if FBL requests service prior to the standard due date intervals and the expedite request can be met by Verizon.

Coordinated Conversion applies if FBL requests notification and coordination of service cut-over prior to the service becoming effective.

Hot Coordinated Conversion First Hour applies if FBL requests real-time coordination of a service cut-over that takes one hour or less.

Hot Coordinated Conversion Per Additional Quarter Hour applies, in addition to the Hot Coordinated Conversion First Hour, for every 15-minute segment of real-time coordination of a service cut-over that takes more than one hour.

Design Change Charge applies to EELs & Transport orders for design changes requested by the CLEC.
