RE: Docket No. 060246-WS; Gold Coast Utility Corp.'s Application for an Increase in Water and Wastewater Rates in Polk, County, Florida by Gold Coast Utility Corp.
Our File No.: 40057.05

Dear Ms. Cole:

As required by Commission Order PSC-07-0609-PAA-WS, enclosed is an updated summary of the status of the proforma plant additions approved in the aforementioned order. Please note that the numbered items refer to the items in Table 4-1 on page 11 of the above-referenced Order.

Very truly yours,

CHRISTIAN W. MARCELLI
Of Counsel

Re: Proforma plant additions (2nd update)

Dear Mr. Marcelli:

I am writing this letter to give you an update concerning the installation of the proforma plant additions. I will attempt to explain each in the same numerical format as your email.

(12.) We have applied for a permit with the FDEP to go from gas chlorine at the water plant to liquid chlorine. We are still waiting on the status of this permit.

(13.) This item still needs to be completed. We are waiting to switch the water plant to liquid chlorine and then we will complete this work at the wastewater plant site.

(22.) This item still needs to be completed. We are still working with Polk County to see if the EMS station will be connected. We have a meeting scheduled for June 16, 2008. The meeting was postponed until July 25, 2008. As a result of the meeting we are talking with the county consultants about extending lines.

(26.) This item still needs to be completed. We are currently working on this item and expect to have it completed by end of summer

If you should have any further questions please do not hesitate to contact me at (772) 201-3299.

Sincerely,

Keith A. Burge
Director of Utility Operations
Gold Coast Utility Corp.
