Katherine:

The proposed language is correct and can be placed in the current recommendation. Thanks for the opportunity to review. I have also asked my internal folks who prepare the applications to add this language in future applications.

In connection with this application, the Company confirms that the capital raised pursuant to this application will be used in connection with the activities of Progress Energy Florida, Inc. and not the unregulated activities of its affiliates.

Please let me know if you have any questions or concerns regarding this language. Also, staff proposes that Progress place this language in future securities applications.
