RE: Docket No. 070231-EI - Petition for approval of 2007 revisions to underground residential and commercial distribution tariff, by Florida Power & Light Company.

Docket No. 080244-EI - In Re Petition for approval of underground conversion tariff revisions, by Florida Power & Light Company

Pursuant to the attached email correspondence with John Butler, on Wednesday, October 29, 2008, Florida Power & Light agreed to use the after tax discount rate for determining the operational cost differentials for both Docket Nos. 070231-EI, <u>In Re Petition for approval of 2007 revisions to underground residential and commercial distribution tariff, by Florida Power & Light Company</u>, and 080244-EI, <u>In Re Petition for approval of underground conversion tariff revisions</u>, by Florida Power & Light Company, specifically, the revised operation cost differentials, as stated in FPL's response to Staff's data requests which was filed on Friday, October 24, 2008, a copy of which is attached.

Please place the attached documents in the above-referenced docket file. Thank you.

Ralph, my apologies. I responded to Erik by e-mail early Tuesday morning, but realize that it may not have been explicit enough and that you weren't copied. I confirm that FPL agrees to use the after tax discount rate for determining the operational cost differentials for both Docket Nos. 070231 (URD) and 080244 (underground conversions). Specifically, the revised operation cost differentials would be as stated in FPL's response to Staff's data requests that was filed last Friday, a copy of which I've attached for your convenient reference. Please let me know if you need anything else from me on this. Best regards, John Butler

From: Ralph Jaeger [mailto:RJaeger@PSC.STATE.FL.US] Sent: Wednesday, October 29, 2008 1:06 PM To: Elisabeth Draper; Erik Sayler; Butler, John Subject: RE: 080244 - REC

Mr. Butler, please see below -- I have not received any e-mail or written filing concerning the below. So we need both the confirmation that you have agreed to use the after tax discount rate and the revised tariffs. We need this immediately so that we may go forward with filing our recommendation.

From: Elisabeth Draper Sent: Wednesday, October 29, 2008 10:09 AM To: Erik Sayler Cc: Ralph Jaeger Subject: RE: 080244 - REC

attached.

Did we get anything yet from FPL saying they will use the after tax discount rate. They will need to file revised tariffs to implement that, since it changes the numbers in this and the 07 docket.

From: Erik Sayler Sent: Wednesday, October 29, 2008 10:05 AM To: Elisabeth Draper Cc: Ralph Jaeger Subject: 080244 - REC

Hi there,

When you get a chance, would you please email Ralph and I the most recent copy of the 080244 REC, or after Jennifer's changes are incorporated. (I think Connie took you Jennifer's changes yesterday.)

Thanks. Erik =-)

Subject: Re: Change to Post-Tax in 070231-EI, & 080244-EI

You're correct. John

From: Erik Sayler To: Butler, John Sent: Tue Oct 28 08:50:16 2008 Subject: Change to Post-Tax in 070231-EI, & 080244-EI

John,

I know Ralph spoke with you yesterday about 070231-EI. I'm assuming you'll do that for 080244-EI as well. Ralph might ask that verbally at the start of today's depo. Thanks,

Erik L. Sayler Attorney Office of the General Counsel Florida Public Service Commission 2540 Shumard Oak Boulevard Tallahassee, FL 32399-0850 850-413-6199 - mainline 850-413-6084 - direct 850-413-6085 - fax

RESPONSE TO 3RD DATA REQUEST (DOCKET NO. 080244-EI)/ 4TH DATA REQUEST (DOCKET NO. 070231-EI)

As requested, FPL has re-run the Operational Cost NPV analyses for the URD and Underground Conversion tariffs using the after-tax discount rate. The results of these revised analyses are shown on the following pages.

URD (070231-EI): The URD results are summarized in the table on the following page. The results show relatively small changes in the NPV. For example, the Low Density change is \$8-\$16 per lot (depending on the Tier) which translates to 2% of the proposed Tariff charges.

		Low Density (per Lot)			High Density (per Lot)				Meter Pedestal (per Lot)				
			After-Tax Discount		%		After-Tax Discount		%		After-Tax Discount		%
		Proposed	Rate	Change	Change	Proposed	Rate	Change	Change	Proposed	Rate	Change	Change

URD Tariff per Lot Charges - Impact of Operational Costs NPV with After-Tax Discount Rate

Notes:

- Tariff Charges (lines 16-18) = Pre-Operational Costs (Line 1) + respective Operational Costs (lines 6, 10 or 14).

Overhead to Underground Conversions (080244-EI): As shown below, the change for conversions is \$900 per pole-line mile. Similar to the URD, this amount represents a very small impact relative to overall cost for converting facilities.

Current Proposed	\$10,400
After-Tax Discount Rate	<u>\$11,300</u>
Change	\$900
