Re: Docket No. 080001-EI

Dear Ms. Cole:

On November 24th, Office of Public Counsel filed both a public version and a confidential version of its Brief on Issue 13C. The confidential version was filed only with the Commission Clerk and served only to Florida Power and Light Company. The Certificate of Service attached to the confidential version, however, erroneously certified that the confidential version was served on all parties to the case. The attached Amended Certificate of Service correctly reflects that only Florida Power and Light was served with the confidential version. Since none of the parties ever actually received yesterday's erroneous Certificate, OPC is sending this corrected Certificate only to Florida Power and Light. I apologize for any confusion this may have caused.
