Please see below -- the parties and staff have agreed to use only the redacted (non-confidential) portions (Exhibit B) of Aqua's Response to OPC's Second Request for Production (POD 70), filed under Document No. 10998-08, and the Confidential Portion, Exhibit A, filed under Document No. 10999-08, should be returned to the utility.

Yes, I talked to Bart Fletcher yesterday and I thought he had already worked out with Katherine that we would make only the non-confidential (the redacted copy) portion of POD 70 an exhibit and return the confidential portion. If every one agrees, I will do an e-mail to the clerk requesting that Document No. 10999-08, Exhibit A, containing the unredacted confidential version of the utility's response to OPC's Second Request for Production (No. 70) be returned to the utility, but that Document No. 10998-08, containing Exhibit B, the redacted non-confidential version of the utility's response to OPC's Second Request for Production (No. 70) be retained.

Ralph,
how shall we handle the Motion now that staff doesn't need the unredacted/original POD 70 (Aqua Employment Compensation Analysis)?

Katherine suggested a memo to the clerk and just return the stuff.
