Subject: Change in docket title

The docket and title current read,

080606-WU
Application for amendment of water tariff to implement Florida Department of Environmental Protection's requirement under Rule 62-555.360, F.A.C., that backflow prevention devices be tested on an annual basis, by O&S Water Company Inc.

It would be more accurate to be styled,

080606-WU
Application for amendment of water tariff by O&S Water Company Inc., to implement Florida Department of Environmental Protection's requirement under Rule 62-555.360, F.A.C., that backflow prevention devices be tested on an annual basis.
(underlining added to show movement of text from end of docket title to the proposed location. There are no words added or removed.)

This more clearly shows that the application for tariff change is filed by O & S, rather than in the current title where it intimates that testing is being required by O & S.

Let me know if this is OK, so I can advise the utility of the change. Thanks.
