Docket No. 090499-EQ

Dated: January 11, 2010

**AFFIDAVIT OF DAVID W. GAMMON IN SUPPORT OF
PROGRESS ENERGY FLORIDA'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

STATE OF FLORIDA

COUNTY OF PINELLAS

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared David W. Gammon, who being first duly sworn, on oath deposes and says that:

1. My name is David W. Gammon. I am over the age of 18 years old and I have been authorized by Progress Energy Florida (hereinafter "PEF" or the "Company") to give this affidavit in the above-styled proceeding on PEF's behalf and in support of PEF's Request for Confidential Classification. The facts attested to in my affidavit are based upon my personal knowledge.

2. I am a Senior Power Delivery Specialist in PEF's Renewables and Wholesale Power section of Progress Energy's Efficiency and Innovative Technology Department. This section is responsible for PEF's long-term wholesale purchases and sales, including purchases from Qualifying Facilities.

3. As a Senior Power Delivery Specialist, I am responsible, along with the other members of the section, for the administration of PEF's Qualifying Facility contracts with various suppliers.

4. PEF is seeking confidential classification for certain information contained in PEF's responses to Staff Data Request No. 2 filed on January 11, 2010. A detailed description of the confidential information at issue is contained in confidential Exhibit A to PEF's Request for Confidential Classification and is outlined in PEF's Justification Matrix that is attached to PEF's Request for Confidential Classification as Exhibit C. PEF is requesting confidential classification of this information because it contains competitive confidential business information of both PEF and Pinellas County Resource Recovery.

5. PEF negotiates with potential purchase power companies to obtain competitive contracts for capacity and energy that provides economic value to PEF and its ratepayers. In order to obtain such contracts, however, PEF must be able to assure counterparties that sensitive business information, such as the pricing terms, term limits, percentages and specific language of their contracts, will be kept confidential. With respect to the information at issue in this Request, PEF has kept confidential and has not publicly disclosed confidential contract terms such as the capacity payment information. Absent such measures, potential contracting counterparties would run the risk that sensitive business information that they provided in their contracts with PEF would be made available to the public and, as a result, end up in possession of potential competitors. Faced with that risk, persons or companies who otherwise would contract with PEF might decide not to do so if PEF did not keep those terms of their contracts

confidential. Without PEF's measures to maintain the confidentiality of sensitive terms in contracts between PEF and contractors, the Company's efforts to obtain competitive contracts could be undermined.

6. Additionally, the disclosure of confidential information in contracts between PEF and such counterparties could adversely impact PEF's competitive business interests. If such information was disclosed to PEF's competitors and to other potential suppliers, PEF's efforts to obtain competitive purchased power options that provide economic value to both PEF and its ratepayers could be compromised by PEF's competitors and other suppliers changing their behavior within the relevant markets.

7. Upon receipt of confidential information from contracting counterparties, and with its own confidential information, strict procedures are established and followed to maintain the confidentiality of the terms of the documents and information provided, including restricting access to those persons who need the information to assist the Company, and restricting the number of, and access to the information and contracts. At no time since receiving the contract and information in question has the Company publicly disclosed that information. The Company has treated and continues to treat the information at issue as confidential.

8. This concludes my affidavit.

Further affiant sayeth not.

Dated the 7th day of January, 2010.
