RE: Docket No. 090552-TL –Embarq Florida, Inc. d/b/a CenturyLink’s Redacted
Response to Staff’s Data Request No. CenturyLink – 1 (Nos. 1-8)

Dear Ms. Cole:

Attached please find a corrected Redacted Response to Staff’s Data Request No.
CenturyLink – 1 (Nos. 1-8) in the above referenced docket which replaces the previously
filed document. Responses No. 3, 7, 8, incorrectly reference Docket No. 090641 instead
of Docket No.090461 due to a typographical error.

Copies are being served on the parties in this docket pursuant to the attached certificate of
service.

If you have any questions regarding this electronic filing, please do not hesitate to call me
at (850) 599-1560.

Sincerely,

/s/ Susan S. Masterton

Data Request No. CenturyLink - 1 (Nos. 1-8)

1. The definition of Basic Local Telecommunications Service in Section 364.02, F.S., in part requires that access be provided to all locally available interexchange companies. Please identify the method(s) (dialing pattern) that consumers may use to gain access to locally available interexchange companies.

Response: Customers have a variety of dialing patterns to gain access to an interexchange company using their basic local telecommunications service. Listed below are the dialing patterns CenturyLink believes customers may use to access available interexchange companies.

- a. 1+10 digits (IXC presubscribed)
- b. 1+8XX NXX-XXXX
- c. 1010XXX+1+10 digits
- d. 0+NPA-NXX-XXXX
- e. Calling cards

2. For each customer example provided in the table below, please state, using Y (Yes) or N (No), if the customer is eligible for CenturyLink's proposed SGP. Assume the customer has CenturyLink's dial tone and only has the specific feature or only completes a specific act as presented in the table.

3. Please provide CenturyLink's legal and/or policy rationale for why each example in the table above is or is not SGP eligible. Assuming some of the examples may have the same rationale, please list the various rationales as a response to this question, assign each rationale a label, and identify the rationale label in the column titled "Rationale Label" in the above table.

Response: CenturyLink's legal and/or policy rationale for its classification of whether the examples in No. 2 are SGP-eligible is that these classifications are consistent with the Commission's discussion concerning the scope of basic service under the 2009 legislative changes at the January 26, 2010 Agenda Conference in Docket No. 090461-TL, *In the Matter of Petition for Modification of Service Guarantee Program by BellSouth Telecommunications, Inc. d/b/a AT&T Florida*.

4. Please add any combination of dial tone service, along with a feature or specific action that is not listed that CenturyLink believes should be listed in the table.

Response: Any combination of dial tone service and any nonbasic service in CenturyLink's Florida General Exchange Tariff which is billed on a monthly basis, and/or any unregulated service that CenturyLink is aware of on the customer's account would make the customer non-basic and not eligible for CenturyLink's SGP.

5. If a CenturyLink customer is not eligible for the SGP due to some combination(s) of dial tone services and feature(s), and the service is changed to a status that qualifies for the SGP, will CenturyLink automatically qualify the customer for SGP eligibility?

Response: Yes.

6. Does a CenturyLink customer stay nonbasic if there is a one time use of a non-SGP eligible feature or service?

Response: No.

7. Please estimate the number of residential customers that will be covered by the SGP based on CenturyLink's interpretation of the definition of Basic Local Telecommunications Service in Section 364.02, F.S.

Response: Consistent with the Commission's discussion concerning the scope of basic service under the 2009 legislative changes at the January 26, 2010 Agenda Conference in Docket No. 090461-TL, *In the Matter of Petition for Modification of Service Guarantee Program by BellSouth Telecommunications, Inc. d/b/a AT&T Florida*, approximately [REDACTED] residential customers will be covered by CenturyLink's SGP.

8. How many residential customers will or would be covered by the SGP if CenturyLink concludes that residential customers with a PIC/LPIC are SGP eligible?

Response: Consistent with the Commission's discussion concerning the scope of basic service under the 2009 legislative changes at the January 26, 2010 Agenda Conference in Docket No. 090461-TL, *In the Matter of Petition for Modification of Service Guarantee Program by BellSouth Telecommunications, Inc. d/b/a AT&T Florida*, residential customers with a PIC/LPIC are not basic customers and would not be SGP eligible. See CenturyLink's response to question 7 for the number of residential customers CenturyLink estimates will be covered by CenturyLink's SGP.
