Docket No. 100078-TL
Filed: February 12, 2010

PETITION FOR EXPEDITED REVIEW OF NXX-X CODE DENIAL

BellSouth Telecommunications, Inc. d/b/a AT&T Florida (“AT&T Florida”), pursuant to 47 C.F.R. § 52.15(g)(iv), Federal Communications Commission (“FCC”) Order FCC 00-104, and Florida Public Service Commission (“Commission”) Order No. PSC-01-1873-PCO-TL, petitions the Commission to review the Pooling Administrator’s (“NeuStar”) denial of AT&T Florida’s requests for additional numbering resources in the Homestead exchange. In support of this petition, AT&T Florida states:

PARTIES

1. AT&T Florida is a corporation organized and formed under the laws of the State of Georgia and an incumbent local exchange company (“ILEC”) regulated by the Commission and authorized to provide local exchange telecommunications and intraLATA toll telecommunications in the State of Florida.
2. NeuStar is an independent non-governmental entity, which is responsible for administering and managing the numbering resources in pooling areas. See 47 C.F.R. § 52.20(d).

JURISDICTION

3. The Commission has jurisdiction of this matter pursuant to Industry Numbering Committees (INC) Number Pooling Guidelines Sections 3.7 and 12(c). This provision provides that a carrier may challenge NeuStar’s decision to deny numbering resources to the appropriate regulatory authority.

DOCUMENT NUMBER-DATE

FPSC-COMMISSION CLERK

BACKGROUND AND REQUEST FOR RELIEF

4. The Homestead exchange consists of four (4) central offices and four (4) switching entities that utilize numbering resources: Air Force Base (HMSTFLAFRS0), East (HMSTFLEAR0), Main (HMSTFLHMDS0) and Naranja (HMSTFLNARS0).

5. On January 20, 2010, AT&T Florida requested additional numbering resources from NeuStar for the Naranja (HMSTFLNARS0) switch. See Attachment 1. Specifically, AT&T Florida requested 5 blocks to meet the request of a specific customer for 5,000 consecutive numbers in the format of 786 NX5.

6. At the time of the code request, the Homestead exchange had a MTE of 18.78 and a utilization of 58.13%, while the MTE for the Naranja (HMSTFLNARS0) switch was 77.24.

7. On January 20, 2010, NeuStar's automated number request system denied AT&T Florida's request for additional numbering resources because AT&T Florida had not met the utilization based criteria, notwithstanding the fact that AT&T Florida is unable to provide the numbering resources requested by the specific customer. See Attachment 1. Pursuant to Commission Order No. PSC-01-1973-PCO-TL, attached to this Petition is the MTE and utilization rate for each switch in the Homestead exchange and the customers contact information. See Attachment 2.

8. As discussed above, both the FCC Order and the INC guidelines provide that state regulatory authorities have the power and authority to review NeuStar's decision to deny a request for numbering resources. See INC Number Pooling Guidelines Sections 3.7 and 12(c).

9. Under earlier MTE procedures used by NANPA, waivers or exceptions were granted when customer hardships could be demonstrated or when the service provider's inventory did not have a block of sequential numbers large enough to meet the customer's specific request. Under existing procedures, NeuStar nor NANPA looks at the number of MTE and utilization for the entire rate center without exception. The current process is arbitrary and results in (1) decisions contrary to the public interest and welfare of consumers in the State of Florida; and (2) decisions that do not necessarily promote the efficient use of telephone numbers.

10. AT&T Florida requests that the Commission's reverse NeuStar's decision to withhold numbering resources from AT&T Florida on the following grounds:

(a) NeuStar's denial of numbering resources to AT&T Florida interferes with AT&T Florida's ability to serve its customers within the State of Florida.

(b) As a result of NeuStar's denial of AT&T Florida's request for additional numbering resources, AT&T Florida will be unable to provide telecommunications services to its customers as required under Florida law.

WHEREFORE, AT&T Florida requests:

1. The Commission review the decision of NeuStar to deny AT&T Florida's request for additional numbering resources for the Homestead exchange; and

2. The Commission direct NeuStar to provide the requested numbering resources for the Homestead exchange as discussed above.

Respectfully submitted this 12th day of February, 2010.
