Re: Rejection Mobile Manor Water Company Settlement Agreement  
Docket # 090170-WU

Dear Sirs:

The enclosed protest, with approximately 100 signatures of customers of Mobile Manor Water Company, indicates our dissatisfaction with proposed rate changes for the utility.

The majority of those signing here were in favor of turning the water company over to Lee County Utilities who would make the necessary repairs to deliver safe drinking water to our homes.

Duplicate signatures on this protest are from customers who pay more than one water bill due to the fact that they own multiple properties.

Your help and consideration in this matter will be greatly appreciated.

Sincerely

*Carol R. Julius*

FPSC-COMMISSION CLERK

We the customers of Mobile Manor Water Company, Inc, as indicated below by our signatures DO NOT AGREE to the Settlement Agreement being sought by Mobile Manor Water Company and the protesting customers of Mobile Manor. Due to the fact that the original decision by the Water Commission was a fair and well considered decision, based on facts that were truer and not inflated as are presented by Mobile Manor Water Company, Inc, in their protest.

We the undersigned ask the Commission to reject the settlement and protest of Mobile Manor Water Company, Inc. And to consider in their decision that we are still in a recession and the undersigned expect our elected and appointed state officials to look after the best interest of the people of the State of Florida. The Settlement agreement and the protested increases are not in the best interest of the customers, why bail out another failing company due to their own bad decisions.
