in regarding proposal sent by Arma Water Service, LLC

We received your Notice of Application, regarding Authorization for Water in our neighborhood of Leighton Estates, Ocala Florida.

We appreciate your letter of communication, and now we are putting you on notice by this letter which we would request that this be filed with your office, as to our objections to this proposal.

We have a well, we have had it for 32 years, we are quite happy with it, and do not wish to have a Public Water System .We are forwarding a copy of this to Arma Water Service, LLC.

Thank You,
Mr.&Mrs. Samuel Decker
