This filing was characterized as an amendment of certificate - which it is - but the amended service area is in adjacent Charlotte County. The Commission practice is to issue a unique certificate in each county where is system is situated. Therefore, the docket title should be styled:

Docket No. 090521-WS; Application for amendment of service area to extend water and wastewater service by North Fort Myers Utility, Inc. and the issuance of new certificates in Charlotte County.

Thank you.
