FPSC-COMMISSION CLERK

**DPI TELECONNECT, LLC**  
**Response to First Set of Data Requests**  
**Docket No. 100071-TP**

**March 31, 2010**

1) The following chart for the 12 month period shows which states dPi has received Lifeline and Link-Up reimbursement from the Universal Service Administrative Company (USAC).

The USAC disbursement database shows dPi received \$5,821,429 from the low-income fund from nine states since August 2008.

State	USAC Disbursements	From	To
Alabama	\$1,229,244	Aug 2008	Feb 2010
Arkansas	\$27,764	Dec 2009	Feb 2010
Florida	\$102,714	Mar 2009	Feb 2010
Kentucky	\$15,897	Dec 2009	Feb 2010
Louisiana	\$126,801	May 2009	Feb 2010
North Carolina	\$638,696	Aug 2008	Feb 2010
Oklahoma	\$1,745,454	Dec 2009	Feb 2010
South Carolina	\$1,851,389	Jan 2009	Feb 2010
Texas	\$83,470	Jul 2009	Feb 2010
Total	\$5,821,429		

Based on the above, please provide the following:

- a. For each state, please provide the number of total residential and total business customers, the number of Lifeline customers served through Lifeline resale lines, and the number of Lifeline customers served through Wholesale Local Platform Lines (formerly UNE) for each month from March 2009 through February 2010. Also, please list dPi's underlying carrier(s) used in each state.

**Response:** See attached Exhibit "1A."

- b. Please provide copies of each 497 form filed with USAC for each state from March 2009 through February 2010.

**Response:** See attached Exhibit "1B."

- c. Please breakdown the incremental costs of TLS claimed on Form 497 for each state. If TLS is purchased from dPi's underlying carrier(s), provide the recurring and non-recurring costs charged by the carrier(s) for TLS.

**Response:** See attached Exhibit "1C" dPi claims on Form 497 the ILEC incremental cost per state.

- 2) Please confirm that dPi wireless will not be requesting TLS monies from the Universal Service Fund.

**Response:** Correct, dPi Teleconnect, LLC d/b/a dPi Mobile will not be requesting TLS monies.

- 3) Please provide signed evidence of each UNE or commercial agreement you currently have in Florida with any telecommunications carriers.

**Response:** See attached Exhibit 3.

- 4) Has dPi received any supplemental authority as an ETC for low-income wireless authority in any other state, or have a petition currently pending? Please elaborate on the current status of each petition in any other states.

**Response:** 1) dPi has been approved on a wireless basis in the State of Louisiana; 2) dPi has applied for wireless ETC approval in the states of Alabama, Arkansas, Florida, and South Carolina; and 3) dPi has begun the process to apply for wireless ETC approval in the states of Georgia, Illinois, Kansas, Kentucky, Mississippi, Missouri, North Carolina, Oklahoma, Tennessee, Virginia, Texas, Tennessee, and West Virginia.

- 5) According to 47 C.F.R. 54.202(d), "A common carrier seeking designation as an eligible telecommunications carrier under section 214(e)(6) for any part of tribal lands shall provide a copy of its Application to the affected tribal government and tribal regulatory authority, as applicable, at the time it files its Application with the Federal Communications Commission. In addition, the Commission shall send the relevant public notice seeking comment on any Application for designation as an eligible telecommunications carrier on tribal lands, at the time it is released, to the affected tribal government and tribal regulatory authority, as applicable, by overnight express mail." Is dPi requesting to provide wireless Lifeline service in any tribal areas?

**Response:** dPi is not requesting ETC designation on wireless Lifeline service provided in any tribal areas within the State of Florida at this time.

- 6) dPi states on page two of its petition for supplemental authority they obtain services through CMRS service providers that allow the company to supplement the services provided through company owned facilities. Through these arrangements, dPi is able to offer all of the services and functionalities supported by the universal service program. List each CMRS service provider dPi would be using to provide wireless Lifeline service and provide a copy of each CMRS agreement.

**Response:** dPi Teleconnect, LLC d/b/a dPi Mobile offers service in conjunction with Xtreme Mobile who is an approved MVNO of Sprint. dPi will supplement this Response with a confidential copy of its agreement.

7) On page three, dPi states the company's owned facilities are co-located with other carrier's facilities, and provide dPi the ability to route interexchange services. Please describe in detail dPi's company owned facilities and provide the physical location of these facilities. Please describe in detail how dPi's company owned facilities route interexchange services as mentioned on page three.

**Response:** See Confidential Exhibit "7" being sent by FedEx to the Staff.

8) Page seven of dPi's petition for supplemental authority states "dPi's Lifeline and Link-Up programs will enable thousands of residents to obtain wireless service which would otherwise be unavailable to them." Please provide dPi's business plan to achieve these goals.

**Response:** dPi Teleconnect, LLC d/b/a dPi Mobile will utilize television, radio and print advertising as well as an untapped dealer network to offer our services. We will have POP materials in-stores and visible from streets. Customers will also be able to call our 800# to request the service and go through a certification process to prove eligibility and dPi will ship the handsets directly to the customers. There is also a website, [www.dpimobile.com](http://www.dpimobile.com) where customers can obtain information, sign up for the service, locate a dealer, manage their account and add minutes.

9) Please list any complaints (if any) filed against dPi in any state they are currently doing business in.

**Response:** See list attached as Exhibit 9. In addition to the Home Phone complaints, BellSouth has filed a complaint in the states of Georgia, South Carolina, Kentucky, Louisiana, Alabama, North Carolina, Mississippi and Tennessee. These complaints are substantially similar to complaints referenced in Data Request No. 13.

10) Please list any federal complaints (if any) filed against dPi.

**Response:** None.

11) On page nine of its petition, dPi discusses the dPi Wireless Lifeline Plan. In the event potential wireless customers in Lifeline use up the 68 minutes per month they are allocated, dPi states that Lifeline customers will have the capability of purchasing additional airtime replenishment cards at available retail outlets frequented by low income customers throughout the designated service area in denominations of \$20, \$30, and \$60. Please state how many minutes are included for each denomination, and the procedure the customers will use to add these minutes to their wireless phones. Additionally, please list the retail outlets that will distribute these cards.

**Response:**

\$20 – 100 minutes  
\$30 – 200 minutes  
\$60 – 500 minutes

There are several methods customers can use to add these minutes (either direct value insertion or PIN-based refills). They are listed below:

- 800# via credit or debit card (automated or directly speaking with a representative)
- Website via credit or debit card
- dPi's Dealer network – dPi has a dealer network of thousands of independent dealers that include rent-to-own stores, convenience stores, pawn shops, grocery stores, gas stations, check cashing locations etc. Customers will be able to pay cash in all locations and some locations accept credit and debit cards.
- POSA network – dPi is in negotiations with POSA network providers to offer reloads for our customers in tens-of-thousands of locations nationwide

12) If dPi receives supplemental authority for ETC wireless designation in Florida, approximately how long will it take for it to offer wireless Lifeline service in the area in which it receives the ETC designation? Please elaborate on any extended or special circumstances.

**Response:** dPi Teleconnect, LLC d/b/a dPi Mobile will be able to be in-market with the service within 30-days of approval.

13) What is the status of the AT&T complaints against dPi in North Carolina (P836, Sub 5), Georgia (Docket No. 31165), and South Carolina (Docket No. 2010-18-C)?

**Response:** The complaints by AT&T against dPi in North Carolina (P836, Sub 5), Georgia (Docket No. 31165), and South Carolina (Docket No. 2010-18-C) are all in their early stages: AT&T filed the action, we have responded with a denial and a counterclaim, and AT&T has a response to our counterclaim and other preliminary motions due April 9, 2010.

14) Would the free handset received by wireless Lifeline customers be new or reconditioned?

**Response:** dPi offers a combination of new and refurbished handsets to consumers. Refurbished handsets are all A-stock phones that come with a limited warranty.

15) Would the handsets have E-911 capability?

**Response:** Yes, all handsets are and will remain E-911 capable.

16) dPi's petition repeatedly states that dPi's wireless Lifeline services would be provided in AT&T's non rural area. dPi was designated as a landline ETC in AT&T and Verizon service areas. Is dPi only requesting wireless ETC designation in AT&T's non-rural areas?

**Response:** dPi seeks this Supplemental ETC designation on a wireless basis in all wirecenters for which it was originally designated as an ETC on a wireline basis by the Commission in Docket No. 080043-TX. These wirecenters include both AT&T and Verizon areas. A complete list of the wirecenters is included as Exhibit "16" to these

Responses.

17) On page 13, dPi states it adopts by reference the list of wire centers that comprise the non-rural AT&T area. dPi must provide in its petition a list of wire centers which it is requesting wireless ETC designation instead of using a reference.

**Response:** The complete listing of the wirecenters for which dPi seeks Supplemental ETC designation on a wireless basis is attached hereto as Exhibit "16." These are the same wirecenters for which dPi was originally granted ETC status in Docket No. 080043-TX. dPi will formally supplement its Petition with this Exhibit.

18) There seems to be a contradiction on Page 13. The first sentence states "consistent with Federal requirements, dPi requires customers to self certify at the service activation and annually thereafter that..." The last sentence of that paragraph states "verification of continued eligibility is accomplished by contacting a statistically valid sample of the company's Lifeline customers." Which is correct for *annual verification*?

**Response:** dPi Teleconnect, LLC d/b/a dPi Mobile has been recertifying all active customers each year. Some states require a sampling customer recertification only. Please see attached Exhibit "18" which details our procedures for annual recertification in the State of Florida.

19) Would dPi agree to do 60-day activity checks? If a Lifeline customer has no activity on his/her phone for a period of 60 days, dPi would contact that customer via text message, voicemail, and/or letter to confirm that the customer is still an active Lifeline customer. If no response is received, the customer would be deactivated.

**Response:** dPi Teleconnect, LLC d/b/a dPi Mobile would agree to conduct 60-day activity checks to the extent the state also requires other ETC carriers to conduct the same activity checks.

20) dPi discusses its proposed Link-Up plan but fails to mention how much the Lifeline customer's activation fee would be. Please provide the amount Lifeline customers would have to pay for activation (prior to the 50 percent Link-Up credit).

**Response:** The activation fee is \$60, \$30 of which is pro-rated over 12-months. After 12-months of continued service the \$30 is completely reduced to \$0.

21) Please provide dPi's current corporate structure.

**Response:** dPi is a Delaware LLC. An organizational chart is attached as Exhibit "21." dPi's members are listed below in response to Data Request Number 22.

22) Please provide a list of dPi's owners and corporate officers and indicate if any are also owners, corporate officers, or employees of any other telecommunications companies.

**Response:**

- 1) dPi Teleconnect is wholly owned by Amvensys Telecom Holdings
- 2) Corporate officers are:
  - i. Z. Ed Lateef - Managing Member
  - ii. Lubna Lateef - Member and Director
  - iii. Sunil Kumar - Member and Director
  - iv. Thomas O'Roark - CEO

None of the owners, officers or directors are owners, officers or employees of any another telecommunications company,

23) Have any dPi owners, officers, or managing members been involved in any bankruptcy proceedings? If so, please provide details as to who, when, and where the bankruptcy occurred.

**Response:** No.

24) Have any dPi owners, officers, or managing members been charged or convicted of a criminal offense? If so, please provide details as to who, when, and where the charges or convictions occurred.

**Response:** No.

25) Have any dPi owners, officers, or managing members been involved in any civil litigation in which a dPi owner, officer, or managing member has been deposed or has been a plaintiff, a defendant, or a witness? If so, please provide details as to who, when, and where the civil litigation occurred.

**Response:** No.

26) List any recurring or non-recurring dPi charges which may reduce a Lifeline customer minutes.

**Response:** dPi Teleconnect, LLC d/b/a dPi Mobile customers will incur no charges that will reduce the lifeline minutes other than usage charges resulting from sending/receiving text messages or calling directory assistance.

27) List what safeguards dPi would have in place to prevent a Lifeline customer from receiving two wireless Lifeline phones and/or two Lifeline credits.

**Response:** dPi Teleconnect, LLC d/b/a dPi Mobile has a very strict process in place whereby we verify that a customer has never received a Linkup credit from dPi and the customer must certify via a paper signature that they have never received a Linkup credit from any other company. dPi Teleconnect, LLC d/b/a dPi Mobile conducts the same eligibility check in its systems to make sure that we are not currently providing customers a Lifeline credit for this or any other product. If the customer fails the eligibility check and verification, we offer them the ability to pay for the service without a subsidy.

28) Would dPi maintain separate books and records for its wireless Lifeline customers?

**Response:** dPi is currently maintaining separate books and records for its wireless Lifeline customers in Louisiana and will continue to do so in Florida.

29) Provide the latest financial statements for dPi, including: Profit & Loss Statements, Balance Sheets, and the most recent Federal Tax Returns.

**Response:** See Confidential Exhibit "29," a hard copy of which is being delivered via FedEx to Staff.

30) Please provide a list of any companies which will be contracted with to provide wireless services to Lifeline customers. List each company and what service it will provide.

**Response:** Xtreme Mobile – fulfillment, programming and activation of handsets out of Florida, tier 2 customer service out of Florida, procurement and providing minutes from Sprint, call rating, routing and termination for all calls including long-distance, local, directory assistance and E-911.

31) Please provide the physical location of all books and records of dPi, and provide the days and times when these books and records are available for examination.

**Response:** dPi Teleconnect, LLC  
3350 Boyington Drive, Suite 200  
Carrollton, TX 75006  
M-F 8:00 A.M. – 5:00 P.M.

32) Please provide a copy of dPi's wireless Lifeline application.

**Response:** Please See attached Exhibit "32," dPi's current wireline application. The wireless application will be substantially similar to this form.

33) Please sign the enclosed current ETC Certification form and return this with your responses.

**Response:** See attached Exhibit "33." (to be supplement when executed original received.)

NOTICE: To implement Section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs. The Commission has expanded the availability of these programs and the level of funding for discounts to low-income customers.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3080-0819). We will also accept your comments on the burden estimate via the Internet if you send them to [jooley@fcc.gov](mailto:jooley@fcc.gov). Please DO NOT SEND the data requested to this e-mail address.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your worksheet may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

If you do not provide the information we request on the form, the FCC may delay processing of your worksheet or may return your worksheet without action.

The foregoing Notice is required by the Privacy Act of 1974, Pub. L. No. 93-578, December 31, 1974, 5 U.S.C. Section 552, and the Paperwork Reduction Act of 1995, Pub. L. No. 104-13, 44 U.S.C. Section 3501, et seq.

NOTICE: To implement Section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs. The Commission has expanded the availability of these programs and the level of funding for discounts to low-income customers.

The following worksheet provides the means by which eligible telecommunications centers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications centers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20584, Paperwork Reduction Project (3080-0619). NOTICE: To implement Section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs. The Commission has expanded the availability of these programs and the level of funding for discounts to low-income customers.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AAD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3080-0819). We will also accept your comments on the burden estimate via the Internet if you send them to [foley@fcc.gov](mailto:foley@fcc.gov). Please DO NOT SEND the data requested to this e-mail address.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your worksheets may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

If you do not provide the information we request on the form, the FCC may delay processing of your worksheet or may return your worksheet without action.

The foregoing Notice is required by the Privacy Act of 1974, Pub. L. No. 93-579, December 31, 1974, 5 U.S.C. Section 552, and the Paperwork Reduction Act of 1995, Pub. L. No. 104-13, 44 U.S.C. Section 3501, et seq.

NOTICE: To implement Section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs. The Commission has expanded the availability of these programs and the level of funding for discounts to low-income customers.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to [jboley@fcc.gov](mailto:jboley@fcc.gov). Please DO NOT SEND the data requested to this e-mail address.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your worksheets may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

If you do not provide the information we request on the form, the FCC may delay processing of your worksheet or may return your worksheet without action.

NOTICE: To implement Section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs. The Commission has expanded the availability of these programs and the level of funding for discounts to low-income customers.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to [jobey@fcc.gov](mailto:jobey@fcc.gov). Please DO NOT SEND the data requested to this e-mail address.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your worksheets may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

If you do not provide the information we request on the form, the FCC may delay processing of your worksheet or may return your worksheet without action.

The foregoing Notice is required by the Privacy Act of 1974, Pub. L. No. 93-579, December 31, 1974, 5 U.S.C. Section 552, and the Paperwork Reduction Act of 1995, Pub. L. No. 104-13, 44 U.S.C. Section 3501, et seq.

NOTICE: To implement Section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs. The Commission has expanded the availability of these programs and the level of funding for discounts to low-income customers.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0619). We will also accept your comments on the burden estimate via the Internet if you send them to jboley@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your worksheets may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

If you do not provide the information we request on the form, the FCC may delay processing of your worksheet or may return your worksheet without action.

Re: Commercial Agreement between dPi Teleconnect, LLC and AT&T Operations, Inc.<sup>1</sup> ("AT&T")

Dear Brian Bollinger:

As you know, AT&T and dPi Teleconnect, LLC executed an amendment to extend the Parties' Local Wholesale Complete ("LWC") Commercial Agreement in the AT&T-13States to June 30, 2009. This was done, in part, to allow additional time for the Parties to negotiate and execute a successor 22-State LWC Commercial Agreement, which would be effective July 1, 2009. To date, dPi Teleconnect, LLC has not executed such a successor agreement.

The Parties' agreement states in section 19.3 of the General Terms and Conditions,

*"...If the Parties have not executed a new Agreement within sixty (60) days prior to the Expiration Date of this Agreement (i.e., June 30, 2009), negotiations for a new Agreement shall cease unless otherwise mutually agreed to by the Parties, and the Parties shall develop a transition plan pursuant to Section 19.6 below; provided however, that the failure to develop a transition plan shall not constitute a breach of this Agreement. In the event the Parties are unable to agree upon a transition plan, AT&T may, at its discretion, disconnect all or any of the services at any time after June 30, 2009."*

Two weeks ago (May 1, 2009), we reached the sixty (60) day threshold prior to the June 30, 2009 expiration date. However, AT&T is willing to continue negotiations in order to reach an agreement before the contract expires, but AT&T needs to understand dPi Teleconnect, LLC's intentions. If dPi Teleconnect, LLC does not desire to negotiate, continue to negotiate or continue purchasing LWC services from AT&T and would like to develop a transition plan for such services as described in this section, then AT&T is requesting that dPi Teleconnect, LLC notify AT&T of its intention. AT&T requests dPi Teleconnect, LLC to notify AT&T by written correspondence to its AT&T contract negotiator no later than May 31, 2009 of (1) its intention to continue to negotiate over the next 45 days for a successor Commercial Agreement; or (2) its intention to develop a transition plan to move existing in-service LWC lines to an alternative service. Furthermore, the Parties agreement states in section 19.4 of the General Terms and Conditions,

*"... In the event that services exist after the Expiration Date, (June 30, 2009), the rates and terms for such services (for the period from June 30, 2009 until such services are actually transitioned or disconnected) shall be the rates and terms for services in effect as of the Expiration Date, except such rates may be raised or lowered by AT&T upon sixty (60) days Notice, which Notice shall not be provided before May 1, 2009."*

This clause allows AT&T to modify dPi Teleconnect, LLC's current rates upon sixty (60) days Notice if a successor agreement has not been executed. However, AT&T recognizes and appreciates the significance that the 22-STATE Local Wholesale Complete Commercial Agreement will have to dPi Teleconnect, LLC's long-term business plan(s) regarding wholesale POTS access lines. Therefore, AT&T is allowing an additional thirty (30) days notice over and above the specified notice period in the aforementioned contract language before invoking AT&T's rights under this provision. This correspondence is AT&T's notice to dPi Teleconnect, LLC that if a successor agreement is not in

This Amendment (the "Amendment") amends the Market Agreement by and between BellSouth Telecommunications, Inc. d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, AT&T Tennessee ("AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, AT&T Tennessee") and DPI Teleconnect, LLC ("dPI" also referred to as "CLEC"). AT&T State and CLEC are hereinafter referred to collectively as the "Parties" and individually as a "Party".

**WHEREAS, AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, AT&T Tennessee and CLEC are Parties to a certain Market Agreement – Wholesale Local Platform™ having an effective date of November 3, 2007, as may have been amended, pursuant to which AT&T State provides Wholesale Local Platform™ ("WLP Agreement"); and**

**WHEREAS, AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, AT&T Tennessee and CLEC have agreed to amend the WLP Agreement as set forth herein.**

**WHEREAS, both Parties are willing to agree to this Amendment only on the basis that the entirety of this Amendment being an indivisible whole.**

**NOW, THEREFORE, in consideration of the promises and mutual agreements set forth herein, the Parties agree to amend the Agreement as follows:**

- 1.0 Changes to the WLP Agreement
- 1.1 The Parties agree to delete the Term language in Section 3.0 in the Market Agreement in its entirety and replace it to the Term language below:
  - 3.1 Except as otherwise provided herein, the term of this Agreement (the "Term") shall commence upon the Effective Date of this Agreement and shall expire on June 30, 2009 (the "Expiration Date"). This Agreement shall automatically terminate on the first day following the Expiration Date, unless both Parties otherwise agree to extend the terms in writing via an amendment to this Agreement. Otherwise, upon the Expiration Date of this Agreement, neither Party shall have any further obligation under this Agreement, except as otherwise set forth in this Section 3.0 and

pursuant to Survival, Section 25, provided, however, that this Agreement shall remain in effect after the Expiration Date, (June 30, 2009), until all services have been transitioned or disconnected as set forth in Section 3.7 below.

- 3.2 In the event that CLEC should wish to pursue a successor Agreement with AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, AT&T Tennessee to have in place upon the Expiration Date of this Agreement, CLEC must provide AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, AT&T Tennessee with a written request to negotiate no later than sixty (60) days prior to the Expiration Date of this Agreement. Upon AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, AT&T Tennessee's receipt of CLEC's request to negotiate, the Parties shall commence good faith negotiations for a successor Agreement for the services and/or products provided under this Agreement that AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, AT&T Tennessee continues to offer. For avoidance of doubt, nothing in this Agreement obligates AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, AT&T Tennessee after the Expiration Date to continue to offer or provide any services and/or product that were provided under this Agreement. If the Parties have not executed a new Agreement within sixty (60) days prior to the Expiration Date of this Agreement (i.e., June 30, 2009), negotiations for a new Agreement shall cease unless otherwise mutually agreed to by the Parties, and the Parties shall develop a transition plan pursuant to Section 3.7 below; *provided however*, that the failure to develop a transition plan shall not constitute a breach of this Agreement. In the event the Parties are unable to agree upon a transition plan, AT&T may, at its discretion, disconnect all or any of the services at any time after June 30, 2009.
- 3.3 The rates, terms and conditions of this Agreement shall continue in full force and effect until the earlier of: (i) the effective date of the successor agreement, if any; or (ii) the Termination Date set forth in Section 3.1 above. In the event that services exist after the Expiration Date, (June 30, 2009), the rates and terms for such services (for the period from June 30, 2009 until such services are actually transitioned or disconnected) shall be the rates and terms for services in effect as of the Expiration Date, except such rates may be raised or lowered by AT&T upon sixty (60) days Notice, which Notice shall not be provided before May 1, 2009. Subject to AT&T's right to disconnect set forth in Sections 3.6 and 3.7, in the event of termination of this Agreement pursuant to Section 3, the Parties shall cooperate in good faith to effect an orderly transition of CLEC's End Users before services are terminated. If and when all services are disconnected hereunder pursuant to a transition plan, except as otherwise set forth in this Section 3.0 and pursuant to Survival, Section 25, this Agreement will terminate.
- 3.4 Except as set forth in Attachment 3, if either Party breaches or defaults on any of the terms, conditions, or covenants of this Agreement, the other Party shall give the breaching Party written notice of such breach or default. If such breach or default continues for ten (10) days after such written notice, then all monies owed on all outstanding invoices shall become due, and in addition to all other rights and remedies of law or equity or otherwise, the non-breaching Party may terminate this Agreement without any charge, obligation, or liability whatsoever for such breach, except for payment for Services already received and accepted.

- 3.5 To the extent CUSTOMER is in breach or default of its obligations under any other agreement or tariff to which AT&T and CUSTOMER are parties, such breach or default shall be deemed a breach or default under this Agreement, and AT&T may exercise any right of disconnection, suspension or termination of services, or any other rights upon default or breach as described in this Agreement, to the same extent such rights may be exercised for a default or breach under this Agreement.
- 3.6 In addition to as otherwise set forth in this Agreement, AT&T reserves the right to suspend or terminate Service in the event of prohibited, unlawful or improper use of AT&T facilities or service, or abuse of AT&T facilities.
- 3.7 Upon termination of this Agreement, the rates, terms and conditions of this Agreement shall continue to apply for all Services until the date such Services are actually transitioned from this Agreement, or the date that AT&T specifies for the completion of the transition, whichever is earlier, (the "Transition Period"). CUSTOMER shall not be entitled to place any orders for the purchase of Services or make any changes to the Services other than transitioning the Services from this Agreement during the Transition Period.
- 2.0 Amendment Effective Date
- 2.1 This amendment is effective 10 business days after signing or upon approval by the commission.
- 3.0 Additional Terms and Conditions
- 3.1 EXCEPT AS MODIFIED HEREIN, ALL OTHER TERMS AND CONDITIONS OF THE WLP AGREEMENT SHALL REMAIN UNCHANGED.
- 3.2 This Amendment is the joint work product of the Parties and has been negotiated by the Parties and shall be fairly interpreted in accordance with its terms and, in the event of any ambiguities, no inferences shall be drawn against either Party.
- 3.3 To the extent there is a conflict or inconsistency between the provisions of this Amendment and the WLP Agreement (including all of its accompanying Appendices, Schedules and Exhibits but ignoring this Amendment), the provisions of this Amendment shall control and apply but only to the extent of such conflict or inconsistency.
- 3.4 The headings of certain sections of this Amendment are for convenience of reference only, and shall in no way define, modify or restrict the meaning or interpretation of the terms or provisions of this Amendment.
- 3.5 Each Person whose signature appears below represents and warrants that he or she has authority to bind the Party on whose behalf he or she has executed this Agreement.
- 3.6 Except as specifically modified by this Agreement with respect to their mutual obligations herein, neither Party relinquishes, and each Party instead fully reserves, any and all legal rights that it had, has and may have to assert any position with respect to any of the matters set forth herein before any State or federal administrative, legislative, judicial or other legal body.

- 3.7 **AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, AT&T Tennessee** will file a copy of the fully executed Amendment with the FCC under 47 U.S.C. § 211.
