Re: Review of the Continuing Need and Cost Associated with Tampa Electric Company's Five Combustion Turbines and Big Bend Rail Facility;  
FPSC Docket No. 090368-EI

Dear Ms. Cole:

On April 30, 2010, we filed the prepared direct testimony and exhibits of Tampa Electric Company's witnesses in this proceeding. Document No. 4, page 1 of 1 of witness Mark J. Hornick's exhibit (MJH-1) contained a slight error. It is a chart of Tampa Electric's peaking unit starts. The values on the Y axis of the chart were out of sync with the properly stated data point values reflected in the chart.

Enclosed for filing are the original and 15 copies of a corrected Document No. 4, page 1 of 1, marked "Revised 5/13/2010", which we request that you distribute to the recipients of the April 30 filing so that they may be substituted in place of the same page in the original filing.

Please acknowledge receipt and filing of the above by stamping the duplicate copy of this letter and returning same to this writer.
