COMMISSION
CLERK

Mr. Paul Lewis, Jr.
Progress Energy Florida, Inc.
106 East College Avenue, Suite 800
Tallahassee, FL 32301-7740

Dear Mr. Lewis:

The storm hardening workshop is scheduled for June 10, 2010, in Tallahassee, Florida. During that workshop, each investor-owned utility will be responsible for its presentation. To assist you in preparing your presentation, we would like to suggest the following areas be discussed:

- IOUs should briefly discuss the ten ongoing initiatives
- IOUs should compare and contrast the approved plans vs. the updated plans
- IOUs should address any budget concerns, impact and changes to the updated plans
- Briefly explain any struggles found towards achieving the ten ongoing initiatives
- Briefly explain how restoration and hardening is improving its overall system

Staff suggests that the presentation be power point and be about 20 to 30 minutes long. We anticipate the order of presentation as follows: FPL, PEF, TECO, Gulf, FPUC.

If you have any questions, please do not hesitate to Melissa L'Amoreaux at (850) 413-6980 or me at (850) 413-6230.

Sincerely,

Lisa C. Bennett
Senior Attorney
