DOCKET NO. 100001-EI  
ORDER NO. PSC-10-0339-CFO-EI  
ISSUED: June 1, 2010

ORDER GRANTING GULF POWER COMPANY'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION  
(DOCUMENT NO. 01708-10)

On March 12, 2010, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Gulf Power Company (Gulf) filed a request for confidential classification of certain information contained in Schedules 2 and 5 of Exhibit HRB-1 to the Direct Testimony of Herbert R. Ball dated March 12, 2010. (Document No. 01708-10). This request was filed in Docket No. 100001-EI.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraphs (3)(a),(d), and (e) of Section 366.093 F.S., provide that proprietary confidential business information includes, but is not limited to "[t]rade secrets;" "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

Gulf contends that certain of the information contained in Schedules 2 and 5 of Exhibit HRB-1 to the March 12, 2010, Direct Testimony of Herbert R. Ball, as more specifically described in the Table in Attachment A to this Order, falls within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Gulf states that this information is intended to be and is treated by Gulf as private and has not been publicly disclosed.

Gulf states that this information constitutes proprietary and commercially sensitive information regarding competitive interests, trade secrets and contractual matters of Gulf, which, if disclosed to the general public, would cause irreparable harm to Gulf. Gulf asserts that Schedules 2 and 5 contain price terms for its coal purchases and hedging transactions. Gulf contends that it and other members of the market in which it competes, consider such pricing information to be trade secret and competitively sensitive. According to Gulf, disclosure of the information would adversely affect Gulf's ability to conduct its coal procurement and hedging

activities to the benefit of its customers. Gulf concludes that disclosure of the cost information would also impair Gulf's ability to enter into contracts for the benefit of its customers.

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" or "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, the information identified in Document No. 01708-10 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Gulf or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Nathan A. Skop, as Prehearing Officer, that Gulf Power Company's Request for Confidential Classification of Document No. 01708-10 is granted. It is further

ORDERED that the information in Document No. 01708-10 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Nathan A. Skop, as Prehearing Officer, this 1st day of  
June, 2010.

NATHAN A. SKOP

Commissioner and Prehearing Officer

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy.
