ARMA WATER SERVICE, LLC
Docket No. 090366-WU
Justification for Miscellaneous Service Charges

Enviro-Masters Inc. provides a licensed operator to run the utility on behalf of the owner. The utility will begin charging for water service once a certificate is approved by the Public Service Commission.

Miscellaneous services will also be provided by Enviro-Masters Inc. on behalf of the utility, as needed. Enviro-Masters Inc.'s office is about 15 miles from the utility site and its normal hourly contract rate is \$60.00. Therefore, a normal site visit could be as much as:

15 miles x 2 for round trip x \$0.50 = \$15.00
Normal hourly contract rate = \$60.00
For a total possible charge of \$75.00

The utility has negotiated a lower rate with Enviro-Masters Inc. of 1/3 of the actual cost for a charge of \$25.00 for miscellaneous service during regular working hours. The rate negotiated for after regular hours is 2/3 of the actual cost for a charge of \$50.00.

ARMA Water Service, LLC is proposing the following Miscellaneous Service charges:

Service	Proposed Regular Hours Charges	Proposed After Regular Hours Charges
Initial Connection	\$25.00	\$50.00
Normal Reconnection	\$25.00	\$50.00
Violation Reconnection	\$25.00	\$50.00
Premise Visit Charge	\$25.00	\$50.00
