AFFIDAVIT OF ANTONIO MACEO

BEFORE ME, the undersigned authority, personally appeared Antonio Maceo who, being first duly sworn, deposes and says:

1. My name is Antonio Maceo. I am currently employed by Florida Power & Light Company ("FPL") as Manager of Auditing. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed Exhibit C and the documents that are included in FPL's Request for Confidential Classification concerning information contained in the Project Management Internal Controls audit report, for which I am identified on Exhibit C as the affiant. The documents or materials that I have reviewed contain information related to reports of internal auditors. Full and frank disclosure of information to the Internal Auditing Department is essential for the department to fulfill its role, and the confidential status of internal auditing findings and reports supports such disclosure. The release of information related to reports of internal auditors would be harmful to FPL and its customers because it may affect the effectiveness of the Internal Auditing Department itself. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.

Antonio Maceo

SWORN TO AND SUBSCRIBED before me this 14th day of July 2010, by Antonio Maceo who is personally known to me or who has produced personally known (type of identification) as identification and who did take an oath.

AFFIDAVIT OF STEVEN D. SCROGGS

BEFORE ME, the undersigned authority, personally appeared Steven D. Scroggs who, being first duly sworn, deposes and says:

1. My name is Steven D. Scroggs. I am currently employed by Florida Power & Light Company ("FPL") as Senior Director, Project Development. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed Exhibit C and the documents that are included in FPL's Request for Confidential Classification concerning information contained in the Project Management Internal Controls audit report, for which I am identified on Exhibit C as the affiant. The documents and materials that I have reviewed contain proprietary confidential business information, including information concerning bids or contractual data. Disclosure of this information would violate FPL's contracts with its vendors, work to the detriment of FPL's competitive interests, impair the competitive interests of its vendors and/or impair FPL's efforts to enter into contracts on commercially favorable terms. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.

AFFIDAVIT OF BRUCE BEISLER

BEFORE ME, the undersigned authority, personally appeared Bruce Beisler who, being first duly sworn, deposes and says:

1. My name is Bruce Beisler. I am currently employed by Florida Power & Light Company ("FPL") as Project Manager - Nuclear. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed Exhibit C and the documents that are included in FPL's Request for Confidential Classification concerning information contained in the Project Management Internal Controls audit report, for which I am identified on Exhibit C as the affiant. The documents and materials that I have reviewed contain proprietary confidential business information, including contractual data and competitively sensitive data. Disclosure of this information would violate FPL's contracts with its vendors, work to the detriment of FPL's competitive interests, impair the competitive interests of its vendors and/or impair FPL's efforts to enter into contracts on commercially favorable terms. The documents also include Staff's opinion on certain personnel changes within the Extended Power Uprate organization, which reflects employee personnel information that is unrelated to compensation, duties, qualifications, or responsibilities. Disclosure of this private information could have an adverse impact on employee satisfaction with the company and could cause employees to seek employment elsewhere, resulting in the loss of highly skilled and trained employees and/or hindering FPL's ability to attract new talent. Additionally, information related to an internal investigation of an employee complaint is included. Disclosure of this information would adversely impact the Company's willingness to conduct such investigations and share the results with Staff and the Commission. Additionally, because the investigation included interviews with employees, public disclosure could have a chilling effect on employees' willingness to report concerns or otherwise fully cooperate with such investigations. To the best of my knowledge, FPL has maintained the confidentiality of these materials.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.
