Mr. Garner:

On review of the docket, staff filed a request to establish docket which included the Board of County Commissioners of Columbia County as the only "interested person." There were no other interested persons or parties listed. When a member of the documents section requested clarification as to whether the Board of County Commissioners of Columbia County should be a party rather than an interested person, staff's reply was that they were a, "person to contact, not party." Through the course of the docket, CLK was never instructed to add any other interested persons or parties to the docket, and no other interested persons or parties filed anything in the docket. Thus, the order appears to have been provided only to Board of County Commissioners of Columbia County when it was issued.

Thanks Ann! Sorry I've taken so long to get back around to this request. I hope you haven't completely forgotten what this thread is regarding. Just to clarify, when the Commission rescinded jurisdiction over Columbia County water and wastewater utilities, a copy of the relevant order was provided to the Board of County Commissioners only, but not to any of the regulated utilities directly?

Good morning,

I did not see that Matilda answered your other question. The order was provided to Board of County Commissioners of Columbia County when it was issued.

I hope you find this information helpful. Call me if you need anything else.

Ann
