090366-WU

I will go with the upper and lower case letters. I know that the Div. of Corporations always have any name in caps, so its hard to know. Thanks, N

I believe it the spelling should be in upper and lower case letters, e.g, Arma Water ....., just like we stated in the order.

I looked on the Div. of Corporations site and that agency uses all caps for Arma. I even looked at the initial document provided when the corporation was formed and the entire corporate name was all in capital letters.

Tom, its me again, could you also verify the correct spelling of the utility's name. When the docket was opened all of the letters were in captial letters and now the order has the spelling with upper and lower characters. Need to know this as I will need to update MCD to upper and lowers if that is correct. Thanks, Nonnye
