DOCKET NO. 100007-EI

DATED: SEPTEMBER 13, 2010

COMMISSION CLERK

STAFF'S PRELIMINARY LIST OF ISSUES AND POSITIONS

Pursuant to Order No. PSC-10-0097-PCO-EI, issued February 22, 2010, establishing the prehearing procedure in this docket, the Staff of the Florida Public Service Commission hereby files its Preliminary List of Issues and Positions.

GENERIC ISSUES

1. **What are the final environmental cost recovery true-up amounts for the period ending December 31, 2009?**

STAFF: No position at this time.

2. **What are the estimated environmental cost recovery true-up amounts for the period January 2010 through December 2010?**

STAFF: No position at this time.

3. **What are the projected environmental cost recovery amounts for the period January 2011 through December 2011?**

STAFF: No position at this time.

4. **What are the environmental cost recovery amounts, including true-up amounts, for the period January 2011 through December 2011?**

STAFF: No position at this time.

5. **What depreciation rates should be used to develop the depreciation expense included in the total environmental cost recovery amounts for the period January 2011 through December 2011?**

STAFF: The depreciation rates used to calculate the depreciation expense should be the rates that are in effect during the period the allowed capital investment is in service.

FPSC-COMMISSION CLERK

7. What are the appropriate environmental cost recovery factors for the period January 2011 through December 2011 for each rate group?

STAFF: The factors are a mathematical calculation based on the resolution of company-specific issues. Staff asks for administrative authority to review the calculations reflecting the Commission's vote and include the resulting factors in the Order.

8. What should be the effective date of the new environmental cost recovery factors for billing purposes?

STAFF: The factors should be effective beginning with the specified environmental cost recovery cycle and thereafter for the period January 2011 through December 2011. Billing cycles may start before January 1, 2011 and the last cycle may be read after December 31, 2011, so that each customer is billed for twelve months regardless of when the adjustment factor became effective.
