Dated: October 25, 2010

**AFFIDAVIT OF BRETT PHIPPS IN SUPPORT OF
PROGRESS ENERGY FLORIDA'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

STATE OF NORTH CAROLINA

COUNTY OF WAKE

BEFORE ME, the undersigned authority duly authorized to administer oaths,
personally appeared Brett Phipps, who being first duly sworn, on oath deposes and says
that:

1. My name is Brett Phipps. I am over the age of 18 years old and I have
been authorized by Progress Energy Florida (hereinafter "PEF" or the "Company") to
give this affidavit in the above-styled proceeding on PEF's behalf and in support of
PEF's Request for Confidential Classification. The facts attested to in my affidavit are
based upon my personal knowledge.

2. I am the Director of Coal in the Fuels and Power Optimization
Department. This section is responsible for coal acquisition for both PEF and Progress
Energy Carolinas ("PEC") systems.

3. As the Director of Coal, I am responsible, along with the other members
of the section, for the management of the coal procurement, transportation, byproducts

and reagents and the administration of contracts associated with these responsibilities with various suppliers for PEF's and PEC's electrical power generation facilities.

4. PEF is seeking confidential classification for certain responses to FIPUG's First Set of Interrogatories (Nos. 1-22) and FIPUG's First Request for Production of Documents (Nos. 1-6) submitted on October 25, 2010. A detailed description of the confidential information at issue is contained in confidential Exhibit A to PEF's Request for Confidential Classification and is outlined in PEF's Justification Matrix that is attached to PEF's Request for Confidential Classification as Exhibit C. PEF is requesting confidential classification of this information because it contains sensitive business information, the disclosure of which would impair the Company's efforts to contract for goods or services on favorable terms.

5. PEF negotiates with potential coal suppliers to obtain competitive contracts for fuel options that provide economic value to PEF and its ratepayers. In order to obtain such contracts, however, PEF must be able to assure coal suppliers that sensitive business information, such as the commodity costs and transportation costs, will be kept confidential. With respect to the information at issue in this Request, PEF has kept confidential and has not publicly disclosed confidential information pertaining to its coal commodity costs and related transportation costs for coal. Absent such measures, suppliers would run the risk that sensitive business information that they provided in their bids/contracts with PEF would be made available to the public and, as a result, end up in possession of potential competitors. Faced with that risk, persons or companies who otherwise would contract with PEF might decide not to do so if PEF did not keep specific information confidential. Without PEF's measures to maintain the confidentiality of

sensitive terms in contracts between PEF and fuel suppliers, the Company's efforts to obtain competitive fuel supply contracts could be undermined.

6. Additionally, the disclosure of confidential information, could adversely impact PEF's competitive business interests. If such information was disclosed to PEF's competitors, PEF's efforts to obtain competitive coal supply options that provide economic value to both PEF and its ratepayers could be compromised by PEF's competitors changing their consumption or purchasing behavior within the relevant markets.

7. Upon receipt of confidential information from fuel suppliers, and with its own confidential information, strict procedures are established and followed to maintain the confidentiality of the terms of the documents and information provided, including restricting access to those persons who need the information to assist the Company, and restricting the number of, and access to the information. At no time since receiving the bid/contract information in question has the Company publicly disclosed that information. The Company has treated and continues to treat the information and contracts at issue as confidential.

8. This concludes my affidavit.

Further affiant sayeth not.

Dated the 25th day of October, 2010.
