

**BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION**

In re: Fuel and purchased power cost  
recovery clause with generating  
performance incentive factor.

---

DOCKET NO.: 100001-EI

SERVED: December 6, 2010

**PEF'S OBJECTIONS TO OFFICE OF  
PUBLIC COUNSEL'S FIRST SET OF INTERROGATORIES  
(Nos. 1-2)**

Pursuant to Fla. Admin. Code R. 28-106.206, Rule 1.340 of the Florida Rules of Civil Procedure, Progress Energy Florida, Inc. ("PEF") hereby serves its objections to Office of Public Counsel's ("OPC") First Set of Interrogatories (Nos. 1-2). While OPC served their discovery request in this Fuel Docket, a spin-off docket concerning the CR3 Steam Generator Replacement Project (Docket No. 100437-EI) has since been opened. Therefore, PEF will file all future discovery responses in Docket No. 100437-EI and herein states as follows:

**GENERAL OBJECTIONS**

With respect to the "Definitions" and "Instructions" in OPC's First Set of Interrogatories, PEF objects to any definitions or instructions that are inconsistent with PEF's discovery obligations under applicable rules. If some question arises as to PEF's discovery obligations, PEF will comply with applicable rules and not with any of OPC's definitions or instructions that are inconsistent with those rules. Furthermore, PEF objects to any interrogatory that calls for PEF to create data or information that it otherwise does not have because there is no such requirement under the applicable rules and law.

PEF objects to any definition or interrogatory that seeks to encompass persons or entities who are not parties to this action or that are not subject to discovery under applicable rules.

PEF also objects to any Interrogatory or Request for Production that purports to require PEF or its experts to prepare studies, analyses, or to do work for OPC that has not been done for PEF, presumably at PEF's cost.

Additionally, PEF generally objects to OPC's first set of interrogatories to the extent that they call for data or information protected by the attorney-client privilege, the work product doctrine, the accountant-client privilege, the trade secret privilege, or any other applicable privilege or protection afforded by law.

PEF also objects to any attempt by OPC to evade the numerical limitations set on interrogatories in the Order Establishing Procedure by asking multiple independent questions within single individual questions and subparts.

Finally, PEF reserves the right to supplement any of its responses to OPC's first set of interrogatories if PEF cannot locate the answers immediately due to their magnitude and the work required to aggregate them, or if PEF later discovers additional responsive information in the course of this proceeding.

By making these general objections at this time, PEF does not waive or relinquish its right to assert additional general and specific objections to OPC's discovery at the time PEF's response is due.
