As of noon today, documents 09067-11 (Hamilton), 09115-11 (Sprint) and 09119-11 (AT&T) need no longer be kept as confidential. The pricing information contained in the documents will be included in a recommendation that will be a public record. I am advised these documents and all others should be retained until the period for protesting the award of the contract has expired. We will prepare a memorandum for return of all documents when the protest period has expired.
