Further, the Utility should file revised tariff sheets which are consistent with the Commission's decision. Staff should be given administrative authority to approve the revised tariff sheets upon verification that the tariffs are consistent with the Commission's decision. Once the revised tariff sheets and customer notice are filed and approved, the revised service availability charges should become effective for connections made on or after the stamped approval date of the revised tariff sheets, if no protest is filed.

APPROVED

Issue 2: Should this docket be closed?

Recommendation: No. If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the order, a consummating order will be issued. The docket should remain open for staff's verification that the revised tariff sheets and customer notice have been filed by the Utility and approved by staff, and that the interim refund has been completed and verified by staff. Once these actions are complete, this docket should be closed administratively, and the escrow account that was utilized to secure interim refunds should be released.
