

VOTE SHEET

June 25, 2013

Docket No. 130072-EQ – Petition for approval of renewable energy tariff and standard offer contract, by Florida Power & Light Company.

Issue 1: Should the Commission approve the revised standard offer contract filed by Florida Power & Light Company?

Recommendation: Yes. The provisions of FPL’s 2013 standard offer contract and related rate schedule QS-2 exceed the requirements of Rules 25-17.200 through 25-17.310, F.A.C. FPL does not have any avoidable fossil fueled generating units or avoidable power purchases in the upcoming ten-year planning period. However, in an effort to encourage renewable generation, FPL has identified its next avoidable unit rather than offer only energy payments in its standard offer contract. The standard offer contract provides flexibility in the arrangements for payments so that a developer of renewable generation may select the payment stream best suited to its financial needs. As such, the revised standard offer contract and rate schedule QS-2 submitted by FPL should be approved as filed.
