Dear Florida Public Service Commission,

Miami-Dade Broadband Coalition, Inc. requests their certificate number 8803 be transferred to Miami-Dade Broadband Coalition I, LLC. The corporate information for both entities is listed on the attached pdf letter from their executive director James Osteen. He is the executive director of the South Florida Digital Alliance, formerly known as the Miami-Dade Broadband Coalition.

Miami-Dade Broadband Coalition I, LLC is a wholly owned subsidiary of Miami-Dade Broadband Coalition, Inc. The parent company is a 501(c)(3) non profit organization providing broadband services to under served inner city areas. Please do not hesitate to call us if we can provide any further information, and we thank you in advance for taking care of this for us at the number below, or call Mr. Osteen directly at the number shown on the attached letter

Thank you,

Re: Miami-Dade Broadband Coalition, Inc  
Certificate No: 8803

Dear FPSC:

Miami-Dade Broadband Coalition, Inc. has applied and received tax exempt status as 501(c)(3) from the IRS. As such, it will not be reselling broadband services to members. Consequently, a new for profit subsidiary company, Miami-Dade Broadband Coalition I, LLC was formed for handling the reselling of broadband services to members since 2012, while the non-for profit parent does other exempt activities.

We are requesting the transference of the certificate number 8803 from Miami-Dade Broadband Coalition, Inc. to Miami-Dade Broadband Coalition I, LLC. The corporate information of both the parent and the subsidiary are listed below:

**Transferor:**

Miami-Dade Broadband Coalition, Inc.

**Transferee:**
