Notice of Proposed Rule

PUBLIC SERVICE COMMISSION

RULE NO.: RULE TITLE:

25-17.006 Electric Utility System Conservation End Use Data

PURPOSE AND EFFECT: The purpose of the proposed repeal is to eliminate duplicative submission of conservation information by the utilities which are available to the Commission through other sources. Repeal of the rule should result in reduced administrative costs to the utilities associated with reporting this duplicative information, and therefore reduced costs passed on to utilities' customers which may include small businesses, small counties and cities, and state and local governments.

Docket No. 130168-EU

SUMMARY: The purpose of Rule 25-17.006, F.A.C., is to provide for the periodic collection of data on the characteristics of the residential housing inventory in Florida. The information was designed to be used in establishing energy conservation goals. Repeal of the rule is sought because the rule requires submission of information that is duplicative of information available to the Commission from other sources, including the Commission's demand-side management goal-setting process, the utilities' periodic customer surveys, residential customer on-site and on-line audits conducted by the utilities, and governmental sources.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the agency.

The SERC examined the factors required by Section 120.541(2)(c), F.S., and concluded that the rule repeal will not have an adverse impact on economic growth, business competitiveness, or small business and that there would likely be transactional cost savings to the individual and entities, including government entities, required to comply with the rule.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: based upon the information contained in the SERC.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 350.127(2), 366.05(1) FS.

LAW IMPLEMENTED: 366.05(1), 366.82 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Kathryn G.W. Cowdery, Office of General Counsel, 2540 Shumard Oak Blvd., Tallahassee, FL 32399-0850, (850)413-6216, kcowdery@psc.state.fl.us

THE FULL TEXT OF THE PROPOSED RULE IS:

25-17.006 Electric Utility System Conservation End Use Data.
