Re: Fuel and Purchased Power Cost Recovery Clause with Generating Performance
Incentive Factor; FPSC Docket No. 130001-EI

TRANSMITTAL OF CONFIDENTIAL INFORMATION

Dear Ms. Cole:

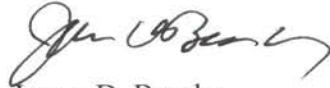

On August 16, 2013 we filed on behalf of Tampa Electric Company a one page document consisting of Bates stamp page 3 of Tampa Electric Company's Hedging Activity Report (Exhibit No. ___ (JBC-3)), page 1 of 1, together with a Request for Confidential Classification and Motion for a Temporary Protective Order seeking confidential treatment of that document. Tampa Electric later needed to change that Bates stamp page 3 because the actual consumption (MMBTU) value was not used for July 2013 data in the original filing, but showed a projected value.

Enclosed herewith for filing on a confidential basis and subject to the same August 16, 2013 Request for Confidential Classification and Motion for a Temporary Protective Order is a single confidential version of that Bats stamp page 3 marked Revised: September 9, 2013. We would appreciate your replacing the August 16 Bates stamp page 3 with the enclosed version and returning the confidential August 16, 2013 version to this writer.

Please acknowledge receipt and filing of the above by stamping the duplicate copy of this letter and returning same to this writer.

Thank you for your assistance in connection with this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "James D. Beasley". The signature is fluid and cursive, with the first name "James" and last name "Beasley" clearly distinguishable.

James D. Beasley
