Subject: Interested Party in Docket 130229

Dear Ms. Klanke,

The above referenced docket refers to an application to expand Miami Corporation's waste water territory to now include all of Miami Corporation's tract within Volusia County, including the Farmton Mitigation Bank. You will recall I filed a protest on behalf of Volusia Flagler Sierra Club and Edgewater Citizens Alliance in 2012 about deficiencies in the previous application (Docket No. 110298-SU). See attached. A renewed application is again up for review. The same concerns regarding the impacts remain.

I was not noticed about this modification, even though I was listed as a party on the previous docket. Please explain why I was not given notice.

I wish to bring to your attention the fact that the New Smyrna Beach Utility Commission did not receive notice of this new application. It is a publicly owned utility independent of the city of New Smyrna Beach, as reflected in the City Charter, Chapter 15. It appears that this failure to provide notice may be a violation of notice requirements.

Is a staff report pending for the current application? I wish to file my prior protest in this pending modification request. Please advise.

I look forward to your response.

Lesley Blackner
