DOCKET NO. 130001-EI
ORDER NO. PSC-13-0564-CFO-EI
ISSUED: October 30, 2013

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S FIRST REQUEST FOR
EXTENSION OF CONFIDENTIAL CLASSIFICATION OF ITS FORM 423 REPORT
(DOCUMENT NO. 06870-11)

On April 4, 2013 pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed its First Request for Extension of Confidential Classification (Request) of Forms 423-2, 423-2(a) and 423-2(b) for the months June and July 2011 (Document No. 06870-11). This request was filed in Docket No. 130001-EI.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Sections (3)(d) and (e) of Section 366.093 F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPL asserts that certain information contained in its forms 423-2, 423-2(a) and 423-2(b) for the months of June and July 2011, as more specifically described in the table in Attachment C to its Request, continues to fall within these categories and, thus, constitutes proprietary confidential business information entitled to continued protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL's original request for confidential classification of Document No. 06870-11 was granted by Order No. PSC-11-0496-CFO-EI on October 25, 2011. FPL asserts that the disclosure of the information would cause harm to FPL and its customers. FPL states that nothing has changed since the original request was filed on September 22, 2011 such that continued confidential treatment would not be appropriate. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

Time Period for Confidential Classification

FPL requests an extension of confidential classification for this information for a period of 18 months. According to Section 366.093(4), F.S., confidential classification may only

extend for 18 months from the issuance of an Order granting confidential classification unless “the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period.”

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for continued classification as proprietary confidential business information. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms” and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 06870-11 shall be granted extended confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for an additional period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Eduardo E. Balbis, as Prehearing Officer, that Florida Power & Light Company’s First Request for Extension of Confidential Classification of Document No. 06870-11 is granted. It is further

ORDERED that the information in Document No. 06870-11 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Eduardo E. Balbis, as Prehearing Officer, this 30th day
of October, 2013.
