**Docket No. 130301-EI** – Petition to modify scope of existing environmental program by Duke Energy Florida, Inc.

**Issue 1:** Should the Commission approve Duke Energy Florida’s petition to modify the scope of its existing environmental compliance program and recover the associated costs through the Environmental Cost Recovery Clause?

**Recommendation:** Yes. DEF has sufficiently demonstrated that the proposed activities are needed to comply with environmental regulations. DEF has estimated that the proposed activities and resultant continued operation of Crystal River Units 1 and 2, through mid-2018, will result in a net present value savings of \$307 million when compared to retiring the units in 2016. Therefore, DEF’s Petition should be approved.
