Mr. Balbis,

Thanks for asking a question at the hearing on my behalf. I just wanted to let you know that I have been pleading for reviews for at least six months. FPSC employees told me six months ago that they would look into any fast -track options available. Please keep in mind that every day without an option for electricity is a serious concern for me, and my ability to protect the home. I hope that the FPSC will be able to offer me more timely relief in this matter. I am extremely confident that electric service has been denied to my home in a reasonable manner.
