Subject: RE: City of Fort Meade - New Docket ?

Rick, per your response below, will "inactivate" Company Code GS009 – City of Ft. Meade in MCD with the effective date of 12-2-13 as stated in letter (DN 03857-14) from the City received 7-21-14. Thanks for your help. Nonnye

Since there is no certificate in question, I suggest no docket is necessary and place the memo from the company in the undocketed docket. The memo from the company should suffice for Nonnye to inactivate the company code in MCD.

Rick,
Should a new docket be established on the attached PDF ? or should we just place the PDF in the undocketed docket ?

Marguerite, I would think that a docket should be opened so that we can "inactive" their Company Code GS009. This could be something that could be handled administratively by staff, so maybe it would be better for you to check with someone that works in the Bureau of Safety on this one. I believe that Rick Moses is the Chief in that section, as I will have to have either a memo from staff or an order advising that they are no longer in business saying that they are no longer in business for MCD. City of Fort Meade is under our jurisdiction for "safety" regulations for gas only, so no certificate number was issue/granted to them. Thanks, N

Nonnye,
Should the attached PDF be a new docket ?
