Re: Docket No. 140137-EI - Petition by Duke Energy Florida, Inc. for approval of modifications to the approved As-Available Purchase Tariff.

Dear Ms. Triplett:

In order to process Duke's request for modification of its As-Available Purchase tariff, please submit the following information by Monday, August 4, 2014 to the Office of Commission Clerk:

1. Please refer to the Petition by Duke Energy Florida, Inc. for Approval of Modifications to the Approved As-Available Purchase Tariff (Petition), page 2, footnote 1. Has the Interconnection Agreement changed? If the answer is yes, please explain.
2. Please refer to Fifth Revised Sheet No. 9.104. Please explain the reason for the new language.
3. Please refer to Fifth Revised Sheet No. 9.107, Section 2.2 and Paragraph 7 of the Petition. Please explain the reason for the new language and also identify the specific rule subsections that require that QF status be maintained throughout the term of the Agreement.
4. Please refer to Fifth Revised Sheet No. 9.107, Section 2.3. Please explain why DEF chose 60 days.
5. Please refer to Fifth Revised Sheet No. 9.108, Section 4.3. Please explain why this provision was added. Please include in your explanation a description of how the first and second sentences (Environmental Attributes and minimum load, respectively) are connected such that they warrant inclusion in the same section.
6. Please refer to Fifth Revised Sheet No. 9.108, Section 4.4 for the following questions.
 - a. Please explain how DEF determined that two years is the minimum length of time that DEF will wait to contact the QF if DEF has not received any energy deliveries.

b. Please explain what a "reasonable timeframe" is for a QF's response and why a specific timeframe, e.g., 90 days, was not used.

7. Please refer to Fifth Revised Sheet No. 9.109, Section 6.2 for the following question. The section states that the delivery voltage adjustment value will be "approved from time to time by the FPSC pursuant to Appendix A." Please explain the mechanism and frequency of the referenced approval.

8. Please refer to Fifth Revised Sheet No. 9.109, Section 6.3 for the following questions.
a. Please explain why this section was added.
b. Will the Commission need to approve the separate agreement referred to in Section 6.3? If so, why is Commission approval appropriate?

9. Please refer to Fifth Revised Sheet No. 9.109, Section 8.1 for the following question: Although the first sentence of this section references an "Appendix C", no such appendix was included. Please provide Appendix C or a correct reference.

10. Please refer to Fifth Revised Sheet No. 9.111, Section 9.1.6 for the following questions.
a. Please explain why this provision was added.
b. Please explain why DEF chose two years rather than another time period such as one year or three years.
