RE: Docket No. 140060-WS; Application of Sanlando Utilities Corporation for an increase in its  
Water and Wastewater Rates in Seminole County, Florida  
Our File No. 30057.214

Dear Ms. Stauffer:

Some of the cost of decommissioning Sanlando Utilities Corporation's Des Pinar WWTP carried over into 2014. Since this expense is known and reasonable (albeit post test year), the Utility requests that the expense be amortized over 5 years in accordance with Commission Rules and included in its revenue requirement in the instant rate case. Attached are the Invoices of Central Environmental (\$10,890.00) and Thompson Electric (\$600.00).

Should you or Staff have any questions, please do not hesitate to give me a call.

Very truly yours,

A handwritten signature in blue ink, appearing to read "Martin S. Friedman", is written over a faint, larger version of the signature.

## PROPOSAL

NO. P711-0313

March 7, 2013

Utilities, Inc  
200 Weathersfield Avenue  
Altamonte Springs, FL 32714  
Attn: Don Hasty

**Re: Des Pinar WWTP, Disconnect all Power and Control Circuits for the demolition of the Wastewater Treatment Plant**

Dear Don Hasty,

Thompson Electric is pleased to offer the following proposal for your review.

- Furnish Labor and Material to disconnect all 480V Power Conductors from the load side of the Circuit Breakers in the Office/Blower Electrical Room
- Furnish Labor and Material to disconnect all 120/240V Single Phase Branch Circuits originating in the Loadcenter located in the Office/Blower Electrical Room

**Note:** All Power and Control Circuits that are disconnected will be "Safed Off" so they cannot inadvertently be energized rendering the Electrical System to the Wastewater Treatment Plant safe and ready for demolition.

**TOTAL PRICE - \$600.00**

This proposal may be withdrawn by us if not accepted within 30 days.

Respectfully submitted,

William P. Bahler  
Project Manager

WPB/ssk
