

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Application for transfer of water systems
and Certificate No. 579-W in Highlands
County from Holmes Utilities, Inc. to Country
Walk Utilities, Inc.

DOCKET NO. 130294-WU
ORDER NO. PSC-14-0495-PAA-WU
ISSUED: September 17, 2014

The following Commissioners participated in the disposition of this matter:

ART GRAHAM, Chairman
LISA POLAK EDGAR
RONALD A. BRISÉ
EDUARDO E. BALBIS
JULIE I. BROWN

NOTICE OF PROPOSED AGENCY ACTION
ORDER ESTABLISHING NET BOOK VALUE FOR TRANSFER PURPOSES
AND RECOGNIZING A NEGATIVE ACQUISITION ADJUSTMENT
AND
ORDER APPROVING TRANSFER OF CERTIFICATE NO. 579-W

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission (Commission) that the action discussed herein is preliminary in nature, except for our approval of the certificate transfer, and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code (F.A.C.).

BACKGROUND

On December 30, 2013, Country Walk Utilities, Inc. (Country Walk) filed an application for the transfer of the water system and Certificate No. 579-W on behalf of Holmes Utilities, Inc. (Holmes) in Highlands County. The service area is located in the Southwest Florida Water Management District and is in a water use caution area. According to Holmes' 2012 Annual Report, it serves 68 water customers in a subdivision known as Country Walk Subdivision.

Holmes has been in existence and providing water service since 1987. The facilities consist of one water treatment plant and one water transmission and distribution system. Wastewater treatment is provided by septic tanks. According to its 2012 Annual Report, Holmes has total revenues of \$24,465 and is a Class C utility.

Holmes received its certificate by Order No. PSC-97-0568-FOF-WU, issued May 20, 1997, in Docket No. 960244-WU. In 2001, Holmes filed an application for a staff assisted rate case. Rate base for Holmes was established in Docket No. 010403-WU, Order No. PSC-01-

2385-PAA-WU, issued December 10, 2001. We have jurisdiction pursuant to Section 367.071, Florida Statutes (F.S.).

CERTIFICATE OF TRANSFER

On December 30, 2013, Country Walk filed an application for approval of the transfer of Certificate No. 579-W and the associated water treatment facilities on behalf of Holmes. The application is in compliance with Section 367.071, F.S., and administrative rules concerning applications for transfer of certificates. Pursuant to Section 367.071(1), F.S., the sale took place on September 4, 2013, and the closing occurred on October 23, 2013, contingent upon our approval.

Noticing, Territory, and Land Ownership

The application contains proof of compliance with the noticing provisions set forth in Section 367.071, F.S., and Rule 25-30.030, F.A.C. No objections to the transfer were filed with this Commission and the time for doing so has expired. The application contains a description of the water service territory, which is appended to this recommendation as Attachment A. A copy of a Special Warranty Deed and a Bill of Sale, executed on October 17, 2013, were provided, as evidence for ownership of the land upon which the water treatment facilities are located pursuant to Rule 25-30.037(2)(q), F.A.C.

Purchase Agreement and Financing

Pursuant to Rule 25-30.037(2)(h) and (i), F.A.C., the application contains a copy of the Purchase Agreement, which includes the purchase price, terms of payment, and a list of the assets purchased. There are no customer deposits, guaranteed revenue contracts, developer agreements, customer advances, leases, or debt of Holmes that must be disposed of with regard to the transfer. According to the Purchase Agreement, the total purchase price of \$5,500 is for assets attributable to water service, with 100 percent of the purchase price paid in cash at the closing.

Facility Description and Compliance

The water treatment plant (WTP) consists of two wells. The older well, which was constructed in 1987, has a depth of 1,000 feet and a 5 horsepower motor. This well is no longer in service. The new well, which was constructed in 2012, has a depth of 483 feet, a 5 horsepower motor, and a rating of 80 gallons per minute (GPM). The WTP includes a hydropneumatic tank with a capacity of 5,000 gallons for storage. Water pressure is maintained by the hydropneumatic tank and liquid chlorination is used for disinfection.

Our staff found two Compliance Inspection reports from the Department of Environmental Protection (DEP), dated August 30, 2012, and June 27, 2014, and one Sanitary Survey Inspection report from DEP, dated April 17, 2013. Each report had deficiencies and all deficiencies have now been corrected or are in the process of being corrected. Our staff also located a Consent Order against Holmes dated June 27, 2013. The Consent Order was issued

because Holmes installed a new well and made modifications to the water system before applying for a permit. As a result, fines and additional chemical analyses of the water from the system were required by DEP. On August 7, 2013, DEP determined that all conditions of the Consent Order had been complied with and closed the case.

Technical and Financial Ability

Pursuant to Rule 25-30.037(1)(j), F.A.C., the application contains statements describing the technical and financial ability of the applicant to provide service to the proposed service area. According to the application, Country Walk has considerable Florida-specific expertise in private utility ownership within the state. The directors of Country Walk have been in the water and wastewater utility management, operations, and maintenance industry for many years, providing service to more than 550 Florida facilities throughout their careers. Further, the application indicates that the President and Vice President of Country Walk have 28 and 36 years, respectively, of operation or ownership of utilities, including a number of utilities previously regulated by this Commission. The application indicates that operating, billing, collection, and customer services will be provided by contract through an affiliated entity, U.S. Water Services Corporation, which currently provides such services to utilities serving approximately 80,000 customers in Florida.

The personal financial statements for the President and Vice President of Country Walk have also been reviewed.¹ The President is part owner of other systems regulated by the Commission, including Harbor Waterworks, Inc.,² Lakeside Waterworks, Inc.,³ LP Waterworks, Inc.,⁴ and several of the systems previously owned by Aqua Utilities Florida.⁵ Based on the

¹ See Document No. 02835-12, filed May 3, 2012, in Docket No. 120148-WU, In re: Application for approval of transfer of Harbor Hills Utility, L.P. water system and Certificate No. 522-W in Lake County to Harbor Waterworks, Inc.

² See Order No. PSC-12-0587-PAA-WU, issued October 29, 2012, in Docket No. 120148-WU, In re: Application for approval of transfer of Harbor Hills Utility, L.P. water system and Certificate No. 522-W in Lake County to Harbor Waterworks, Inc.

³ See Order No. PSC-13-0425-PAA-WS, issued September 18, 2013, in Docket No. 120317-WS, In re: Application for approval to transfer water and wastewater system Certificate Nos. 567-W and 494-S in Lake County from Shangri-La by the Lake Utilities, Inc. to Lakeside Waterworks, Inc.

⁴ See Order No. PSC-14-0130-PAA-WS, issued March 17, 2014, in Docket No. 130055-WS, In re: Application for approval of transfer of LP Utilities Corporation's water and wastewater systems and Certificate Nos. 620-W and 533-S, to LP Waterworks, Inc., in Highlands County.

⁵ See Order No. PSC-14-0300-PAA-WS, issued June 11, 2014, in Docket No. 130171-WS, In re: Application for approval of transfer of certain water and wastewater facilities and Certificate Nos. 507-W and 441-S of Aqua Utilities Florida, Inc. to The Woods Utility Company in Sumter County; Order No. PSC-14-0315-PAA-WS, issued June 13, 2014, in Docket No. 130172-WS, In re: Application for approval of transfer of certain water and wastewater facilities and Certificate Nos. 501-W and 435-S of Aqua Utilities Florida, Inc. to Sunny Hills Utility Company in Washington County; Order No. PSC-14-0327-PAA-WU, issued June 25, 2014, in Docket No. 130173-WU, In re: Application for approval of transfer of certain water and wastewater facilities and Certificate No. 053-W of Aqua Utilities Florida, Inc.'s to Lake Osborne Waterworks, Inc. in Palm Beach County; Order No. PSC-14-0326-PAA-WU, issued June 25, 2014, in Docket No. 130174-WU, In re: Application for approval of transfer of Aqua Utilities Florida, Inc.'s water systems and Certificate No. 002-W to Brevard Waterworks, Inc. in Brevard County; Order No. PSC-14-0314-PAA-WS, issued June 13, 2014, in Docket No. 130175-WS, In re: Application for approval of transfer of certain water and wastewater facilities and Certificate Nos. 422-W and 359-S of Aqua Utilities Florida, Inc. to HC Waterworks, Inc. in Highlands County; and Order No. PSC-14-299-PAA-WS, issued

above, it appears that Country Walk has demonstrated the technical and financial ability to provide service to the existing service territory.

Rate and Charges

Holmes' rates and charges were last approved in a staff-assisted rate case in 2001.⁶ In 2006, the rates were subsequently reduced to reflect the expiration of rate case expense approved in 2001. Holmes has also consistently filed index rate adjustments from 2004 through 2013. The existing rates and charges are shown on Schedule No. 1. Rule 25-9.044(1), F.A.C., provides that, in the case of a change of ownership or control of a utility, the rates, classifications, and regulations of the former owner must continue unless authorized to change by this Commission. Therefore, we find that the existing rates and charges shall remain in effect until a change is authorized by us in a subsequent proceeding.

Regulatory Assessment Fees (RAFs) and Annual Reports

Country Walk is current on the payment of RAFs through December 2013 and shall also be responsible for paying RAFs for 2014 and all future years. Country Walk shall be responsible for filing the 2013 Annual Report due on August 31, 2014, and all future annual reports.

Based on the above, we find that the transfer of Holmes' water system and Certificate No. 579-W to Country Walk is in the public interest and shall be approved effective the date of our vote, September 4, 2014. The resultant order shall serve as the certificate and shall be retained by Country Walk. The existing rates and charges shall remain in effect until a change is authorized by us in a subsequent proceeding. The tariff pages reflecting the transfer shall be effective on or after the stamped approval date on the tariff sheets, pursuant to Rule 25-30.475(1), F.A.C. Country Walk shall be responsible for filing the 2013 Annual Report and paying 2014 RAFs and shall be responsible for filing all future annual reports and RAFs.

NET BOOK VALUE

The purpose of establishing net book value (NBV) for transfer applications is to determine whether an acquisition adjustment should be approved. The NBV does not include normal ratemaking adjustments such as used and useful plant or working capital.

Utility Plant in Service (UPIS)

The utility's general ledger reflected a UPIS balance of \$90,829, as of December 31, 2012. Our staff auditor determined that certain plant retirements had not been made to Accounts 311, 320, and 334 and documentation of the original cost of the retired assets could not be obtained. When the original cost or the year that retired plant was placed in service is not

June 11, 2014, in Docket No. 130176-WS, In re: Application for approval of Transfer of certain water and wastewater facilities and Certificate Nos. 507-W and 441-S of Aqua Utilities Florida, Inc. to Jumper Creek Utility Company in Sumter County.

⁶ See Order No. PSC-01-2385-PAA-WU, issued December 10, 2001, in Docket No. 010403-WU, In re: Application for staff-assisted rate case in Highlands County by Holmes Utilities, Inc.

known, it is our practice to determine the retirement cost by using 75 percent of the replacement cost.⁷ As a result, UPIS shall be reduced by \$1,520. Therefore, we establish a UPIS balance as of September 4, 2013, of \$89,309, as shown on Schedule No. 2.

Land and Land Rights

The utility's general ledger reflected a land and land rights balance of \$1,495. The land was recorded at original cost. No adjustments have been identified by our staff. Therefore, we establish a Land and Land Rights balance of \$1,495 as of September 4, 2013.

Accumulated Depreciation

The utility's general ledger reflected an accumulated depreciation balance of \$49,258 as of December 31, 2012. Our audit staff reviewed the records and determined that depreciation was not recorded for the period January 1, 2013, through September 4, 2013. Calculating depreciation based on the depreciation rates prescribed in Rule 25-30.140, F.A.C., the accumulated depreciation shall be increased by \$2,138. Additionally, due to the aforementioned retirements of plant, there shall be a reduction in accumulated depreciation of \$1,520. The net of these two adjustments results in an increase of \$618 to accumulated depreciation. Therefore, we establish an accumulated depreciation balance as of September 4, 2013, of \$49,876, as shown on Schedule No. 2.

Contributions-in-Aid-of-Construction (CIAC) and Accumulated Amortization of CIAC

As of December 31, 2012, the utility's general ledger reflected a CIAC balance of \$23,700 and accumulated amortization of CIAC balance of \$14,278. The balance of accumulated amortization of CIAC will be increased by \$449 to recognize accrual of amortization through September 4, 2013. As a result, we establish a CIAC balance as of September 4, 2013, of \$23,700 and an accumulated amortization of CIAC balance of \$14,727, as shown on Schedule No. 2.

Net Book Value

The utility's general ledger reflected a NBV of \$33,644 as of December 31, 2012. Based on the adjustments described above and as shown on Schedule No. 2, we find that the NBV for the water system as of September 4, 2013, is \$31,955. Schedule No. 2 also contains the National Association of Regulatory Utility Commissioners Uniform System of Accounts balances for UPIS and accumulated depreciation as of September 4, 2013, which we hereby approve.

ACQUISITION ADJUSTMENT

An acquisition adjustment results when the purchase price differs from the NBV of the assets at the time of the acquisition. The utility's assets were purchased for \$5,500. As stated above, we have found the appropriate NBV to be \$31,955. Pursuant to Rule 25-30.0371, F.A.C.,

⁷ See Order PSC-13-0187-PAA-WS, issued May 2, 2013, in Docket No. 120152-WS, In re: Application for increase in water and wastewater rates in Orange County by Pluris Wedgefield, Inc.

a positive acquisition adjustment may be appropriate when the purchase price is greater than the NBV, and a negative acquisition adjustment may be appropriate when the purchase price is less than NBV. Specifically, pursuant to Rule 25-30.0371(3), F.A.C., if the purchase price is equal to or less than 80 percent of net book value, a negative acquisition adjustment shall be included in rate base and will be equal to 80 percent of net book value less the purchase price. Pursuant to Rule 25-30.0371(4)(b)(2), F.A.C., if the purchase price is equal to or less than 50 percent of net book value, then 50 percent of the negative acquisition adjustment is amortized over a 7-year period and 50 percent amortized over the remaining life of the assets, beginning with the date of the issuance of the order approving the transfer of assets. We agree with Country Walk's estimate that the remaining life of the applicable water assets is 11.1 years.

The calculation of Country Walk's acquisition adjustment is shown below:

Calculation of Negative Acquisition Adjustment	
	Water System
Net book value as of September 4, 2013	\$31,955
	x 0.80
80 percent of net book value	25,564
Less purchase price	(5,500)
Negative acquisition adjustment	<u>\$20,064</u>

Pursuant to Rule 25-30.0371, F.A.C., we find that a negative acquisition adjustment of \$20,064 for the water system shall be recognized for ratemaking purposes. Beginning with the date of the issuance of the order approving the transfer, 50 percent of the negative acquisition adjustment, \$10,032, shall be amortized over a 7-year period and the remaining 50 percent shall be amortized over the remaining life of the assets.

Within 30 days of the date of the final order, Country Walk shall be required to provide general ledgers which show its books have been updated to reflect the above Commission-approved balances as of September 4, 2013. The adjustments shall be reflected in the utility's 2014 Annual Report when filed.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the transfer of Certificate No. 579-W from Holmes Utilities, Inc. to Country Walk Utilities, Inc. is in the public interest and is hereby approved, effective the date of our vote, September 4, 2014. The transferred territory is more properly described in Attachment A. This Order shall serve as Country Walk Utilities, Inc.'s Certificate No. 579-W and be retained by the utility. It is further

ORDERED that the existing rates and charges shall remain in effect until a change is authorized by this Commission in a subsequent proceeding. It is further

ORDERED that the tariff pages reflecting the transfer shall be effective on or after the stamped approval date on the tariff sheets, pursuant to Rule 25-30.475(1), F.A.C., It is further

ORDERED that Country Walk Utilities, Inc. shall be responsible for filing its 2013 Annual Report and paying 2014 RAFs and shall be responsible for filing all future annual reports and RAFs. It is further

ORDERED that the net book value of Country Walk Utilities, Inc.'s water system is \$31,955, as of September 4, 2013. It is further

ORDERED that a negative acquisition adjustment of \$20,064 for the water system shall be recognized for ratemaking purposes. Beginning with the date of the issuance of the order approving the transfer, 50 percent of the negative acquisition adjustment, \$10,032, shall be amortized over a 7-year period and the remaining 50 percent shall be amortized over the remaining life of the assets. It is further

ORDERED that the provisions of this order issued as proposed agency action shall become final and effective if no protest to the proposed agency action is filed by a substantially affected person with the Commission Clerk, 2540 Shumard Oak Blvd., Tallahassee, Florida 32399-0850, within 21 days of the date of the order in the form provided by Rule 28-106.201, F.A.C. It is further

ORDERED that the docket shall be closed administratively after Country Walk Utilities, Inc. has provided proof that its general ledgers have been updated to reflect the Commission-approved balances as of September 4, 2013.

By ORDER of the Florida Public Service Commission this 17th day of September, 2014.

CARLOTTA S. STAUFFER
Commission Clerk
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399
(850) 413-6770

Copies furnished: A copy of this document is provided to the parties of record at the time of issuance and, if applicable, interested persons.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

As identified in the body of this order, our action except for our approval of the transfer of Certificate No. 579-W is preliminary in nature. Any person whose substantial interests are affected by the action proposed by this order may file a petition for a formal proceeding, in the form provided by Rule 28-106.201, Florida Administrative Code. This petition must be received by the Office of Commission Clerk, at 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on October 8, 2014. If such a petition is filed, mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing. In the absence of such a petition, this order shall become effective and final upon the issuance of a Consummating Order.

Any objection or protest filed in this docket before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.

Any party adversely affected by the Commission's final action in this matter may request: (1) reconsideration of the decision by filing a motion for reconsideration with the Office of Commission Clerk, within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or the First District Court of Appeal in the case of a water or wastewater utility by filing a notice of appeal with the Office of Commission Clerk and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days after the issuance of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.
